Adjourned Special Town Meeting

DECEMBER 11, 1939

The meeting was called to order at 8:25 P. M. 154 members, constituting a quorum, were present.

The reading of the records was waived by unanimous consent.

The salute to the flag was given.

Article 12.

Voted to indefinitely postpone.
9:17 P. M.

Article 13.

NOTICE OF HEARING

The Planning Board will hold a public hearing in its office at the Town Hall on Monday, December 11, 1939, at 7:30 P. M. on the petition of Thomas D. Morse, to rezone the following described land for business purposes: Lot A-4 of the assessors' Plan 1028 and lot A-28 of the assessors' Plan 1029, located on Broadway.

WILLIAM H. ROBINSON,
Clerk

Report of The Planning Board

After advertising in the Lynn Item issue of December 7, 1939 the Planning Board held a public hearing on Article 13 of the Special Town Meeting Warrant of December 11, 1939, in the Town Hall on December 11, 1939.

After consideration the Board recommends the passage of the article.

H. WARREN BUTLER,
Chairman

Voted: That the Town change the Zoning By-Law and Zoning Map of the Town of Saugus so that land shown on Lot A-4 on Assessors' Plan 1028, and Lot A-28 on Plan 1029, also called Lot B, containing 10 acres, shall be rezoned for business purposes. 9:34 P. M. Yeas 120 Nays 17.

Article 19. Voted to take up Article 19 out of order.

Voted: To authorize the Cemetery Commissioners to sell and convey the title to, or rights in, a strip of land four feet wide and sixty feet long adjacent to the southern boundary of the old cemetery, so called, on Central St. near Main St. in Saugus Center. Yeas 142 Nays 1
9:44 P. M.

Article 2.

The pending motion under Article 2 was taken from the table. It was voted to reconsider the vote to indefinitely postpone Article 2.

Article 2 is pending before the meeting.

The meeting was adjourned at 11:30 P. M. until Monday, January 29, 1940 at 8:15 P. M.

Warrant for Special Town Meeting

FRIDAY EVENING, FEBRUARY 2, 1940

Essex, ss.

To W. Charles Sellick, Constable of the Town of Saugus.

Greeting:

In the name of the Commonwealth of Massachusetts, you are

hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town Elections and Town Affairs, to assemble in the Town Hall, on Friday evening, February second, nineteen hundred and forty, at

Seven-Fifty-Five o'clock, P. M., to hear and act on the following article, viz:

January 25, 1940

Saugus, Essex, ss.

Article 1. To see if the Town will vote to elect by ballot at the next Annual Town Meeting a Board of three Sewer Commissioners, one to serve for one year, one to serve for two years and one to serve for three years, or to see what action the Town will take in the matter agreeable to the petition of the Board of Selectmen.

Pursuant hitherto I have posted the within Warrant as directed by posting attested copies at the several precincts at least four days before.

A true copy.

Attest:

W. CHARLES SELICK,
Constable.

You are hereby directed to serve this Warrant, by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk.

January 27, 1940

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

In compliance with Chapter 55 of the Acts of 1928 and also with Section 2 of the By-Laws of the Town of Saugus, I hereby certify that today I personally mailed to all Limited Town Meeting Members a printed copy of the Warrant for the Special Town Meeting of February 2, 1940.

Given under our hands and Town Seal this 23rd day of January, A. D., Nineteen Hundred and Forty.

EDWARD GIBBS, JR.
GEORGE H. QUARMBY,

PAUL A. DEVER
Attorney General

Warrant for the Annual Town Meeting

March 4, 1940

Essex, ss.

To W. Charles Sellick, Constable,
of the Town of Saugus,

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town Affairs, to meet at the several voting precincts of the Town on Monday, March 4, A. D., Nineteen Hundred and Forty, at Twelve o'clock, M., then and there bring in their ballots to the Wardens for the following Town Officers:

For One Year:

One Sewer Commissioner
Three Selectmen
One Member of the Board of
Public Welfare
Three Playground Commissioners
Constable
Tree Warden
One Member of the Planning
Board
Town Moderator
One Town Meeting Member in
Precinct Two
Three Town Meeting Members
in Precinct Three

For Two Years:

One Sewer Commissioner
One Member of the Board of
Public Welfare
One Town Meeting Member in
Precinct Three
Two Town Meeting Members
in Precinct Four

For Three Years:

One Sewer Commissioner
One Member of the Board of
Public Welfare
One Assessor
Two Members of the School
Committee
One Member of the Board of
Health
Two Trustees of the Public
Library

One Cemetery Commissioner
Fourteen Town Meeting Mem-
bers in Precinct One
Twelve Town Meeting Members
in Precinct Two
Thirteen Town Meeting Mem-
bers in Precinct Three
Thirteen Town Meeting Mem-
bers in Precinct Four
Eleven Town Meeting Members
in Precinct Five
Twelve Town Meeting Members
in Precinct Six
Ten Town Meeting Members in
Precinct Seven
Fourteen Town Meeting Mem-
bers in Precinct Eight

For Five Years:

One Member of the Planning
Board

Also to bring in your Yes or No on the following question: "Shall the Town construct and maintain within its limits a plant for the manufacture and/or distribution of electricity for municipal use and for the use of its inhabitants in accordance with the provisions of General Laws Chapter 164, Section 34 as amended."

Also those qualified to vote in Town Elections and Town Affairs to assemble in the Town Hall on Wednesday, March 13, A. D., Nineteen Hundred and Forty, at Eight o'clock, to hear and act on the following articles, viz:

Article 1. To hear and act on reports of Committees.

Article 2. To see what sums of money the Town will raise and appropriate for Town Charges for the year 1940.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, and to

issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws, and any amendments thereto, agreeable to the petition of Harold E. Dodge.

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow in accordance with the provisions of Chapter 49 of the Acts of 1933, as most recently amended by Chapter 288 of the Acts of 1939, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans, such borrowing in no event to exceed the amount of the tax titles held in excess of the amount owing to the Commonwealth for similar loans previously made or to see what action the Town will take in the matter, agreeable to the petition of Harold E. Dodge.

Article 5. To see if the Town will vote to appropriate the sum of \$850.00 to be expended under the direction of the Town Treasurer to investigate and to determine the validity of tax titles held by the Town or to see what action the Town will take in the matter, agreeable to the petition of the Town Treasurer.

Article 6. To see if the Town will appropriate the following sums for the unpaid bills of the various departments for 1939 and prior years:

Board of Selectmen	\$ 5.54
Town Hall	3.00
Tree Warden	6.30
Street Lighting	391.22
Board of Public Welfare	227.00
Schools	75.00
W. P. A. Projects	583.61
Water Purchase	574.23
Playgrounds	40.96
Board of Appeals	80.00
	<hr/>
	\$1,986.86

or to see what action the Town will take in the matter, agreeable to the petition of the Town Accountant.

Article 7. To see if the Town will vote to authorize the expenditure of any unexpended balance in the Sewer Commission account to be used toward the cost of operation and maintenance of the public sewer system, agreeable to a petition of the Sewer Committee.

Article 8. To see if the Town will vote to transfer from the account designated Sewers (P. W. A. Docket 1422-F) to the account designated Sewers (W. P. A. Project No. 16218) any unexpended balance which may exist as shown by the final Federal audit, exclusive of such sums as may be needed to settle outstanding P. W. A. accounts, said balance to be spent for construction purposes or to be spent toward the cost of operation and maintenance of the public sewer system as the Sewer Commission, or the Board acting in its stead, shall determine, agreeable to a petition of the Sewer Committee.

Article 9. To see if the Town will vote to raise and appropriate a sum of money, to be expended under the direction of the Board of Sewer Commissioners, for the purpose of laying out and constructing, as part of a system of main drains and common sewers, certain common sewers and for acquiring land or easements as necessary, all in accordance with the provisions of Chapter 350 of the Acts of 1929 as amended by Chapter 259 of the Acts of 1933, said appropriation to be used in conjunction with any funds which are now available from the Federal government or which may be made available from the Federal government for sewer construction work, or take any action relative thereto, agreeable to a petition of the Sewer Committee.

Article 10. To see if the Town will vote to amend Section 2 of Article V of the By-Laws of the Town of Saugus, Massachusetts, by striking out the word "bi-annually" and inserting in place thereof the word "annually," or to see what action the Town will take in the matter, agreeable to the petition of the Town Accountant.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$850.00 for the purpose of maintaining, during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931. Board of Selectmen.

Article 12. To see if the Town will appropriate the sum of \$4,588.64 for Water Extension in Aberdeen Avenue through Aleric Avenue and Saugus Avenue, a distance of about 1970 feet, said sum to be expended for materials and labor, provided, however, that the Federal Works Progress Administration shall allot to this project the labor necessary for excavating the trench or trenches, agreeable to petition of Frederick M. Meader and others.

Article 13 To see if the Town will appropriate the sum of \$831.96 for Water Extension on Walnut St., from Coburns Lane northerly approximately 625 feet, said sum to be expended for materials and labor, provided, however, that the Federal Works Progress Administration shall allot to this project the labor necessary for excavating the trench or trenches, agreeable to petition of Charles E. Stillings and others.

Article 14. To see if the Town will appropriate not to exceed \$3500.00 to continue the construction of Hesper street, said sum to be expended for materials and labor and to be used in connection with funds of the Federal Works Progress Administration, or to see what action the Town will take in the matter, agreeable to petition of Frederick J. C. Price, Jr., and others.

Article 15. To see if the Town will appropriate a sum of money to be expended in connection with money from the Federal Works Progress Administration or otherwise to extend the water mains on Water street from the end of the present mains near the Cedar Glen Golf Club to the Wakefield-Saugus line on Water street, agreeable to

petition of Charles T. Hugo and others.

Article 16. To see if the Town will vote to appropriate the sum of \$2500.00 for the purpose of installing a two-way radio system in the Police Department, or to see what action the Town will take in the matter, agreeable to the petition of John T. Stuart and others.

Article 17. Voted to see if the Town will appropriate the sum of \$100.00 for the Wage and Salary Investigating Committee, said sum to be used for the payment of stenographic services, and the making of a report; said sum to be expended under the direction of the Board of Selectmen, or to see what action the Town will take in the matter agreeable to the petition of the Wage and Salary Committee.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the dredging of the Saugus River from the Fox Hill Bridge to the bridge connecting the Town of Saugus and the City of Lynn at East Saugus; said money to be used in conjunction with any money that may be allotted by the Commonwealth of Massachusetts and/or the City of Lynn for this purpose or take any other action in relation thereto, agreeable to petition of Frank A. Green and others.

Article 19. To see if the Town will vote to appropriate the sum of \$4,000.00 to indemnify Henry W. Conant for the damages to his property which resulted from the so-called "Morton Avenue Drain," agreeable to petition of Henry W. Conant and others.

Article 20. To see if the Town will vote to change the Zoning By-Law and the Zoning Map so that the parcel of land shown as Lot A-5 on Plan 2034 on file in the Assessors office may be used for business purposes.

Article 21. To see if the Town will vote to appropriate the sum of \$475.00 for the purpose of laying a water main of six-inch diameter

on Foss Avenue, or to see what action the Town will take in the matter, agreeable to the petition of Earl L. Gaylor and others.

Article 22. To see if the Town will vote to have the Stackpole Field Stadium turned over to the Saugus School committee, said Stadium to be operated and maintained under the direction of the School Committee, or to see what action the Town will take in the matter agreeable to the petition of the Playground Commission.

Article 23. To see if the Town will vote to amend the Zoning Map and Zoning By-Law so that property on Broadway, shown as Lot A-27 on Plan 1028 on file in the Assessors' Office shall be zoned for business purposes or to see what action the Town will take in the matter.

Article 24. To see if the Town will vote to appropriate the sum of \$300 for 250 feet of water main material on Prospect Avenue, labor on the same to be supplied by the W.P.A., or to see what action the Town will take in the matter agreeable to the petition of Achillo De Fronzo and others.

Article 25. To see if the Town will vote to raise and appropriate a sum of \$2150.00 to renew the water main on Emory Street for a distance of approximately 700 feet; the above amount to be used only for purchase of stock and work of laying main, all other work to be done by W.P.A. labor; or to see what other action the Town will take in the matter agreeable to the petition of John W. White and others.

Article 26. To see if the Town will vote to raise and appropriate a sum of \$151.25 for the purpose of laying approximately 50 feet of drain on Lawndale Avenue, or to see what other action the town will take in the matter; agreeable to the petition of John W. White and others.

Article 27. To see if the Town will vote to raise and appropriate a sum of \$950.00 for surface drain-

age on Oak Hill Road and Olive Avenue to Jackson Street, or to see what other action the Town will take in the matter; agreeable to the petition of Frank A. Hill and others.

Article 28. To see if the Town will vote to raise and appropriate a sum of \$730 to cover the cost of materials and labor for the installation of surface drainage on Pratt Street and a part of Grandview Avenue, for a distance of approximately 175 feet; or to see what other action the Town will take in the matter; agreeable to the petition of Reginald Hutton and others.

Article 29. To see if the Town will vote to raise and appropriate a sum of \$1500 for resurfacing Pratt Street and a part of Grandview Avenue, or to see what other action the Town will take in the matter; agreeable to the petition of Reginald Hutton and others.

Article 30. To see if the Town will vote to raise and appropriate a sum of \$2000 for the repair and improvement of Elm Street from Walnut Street to Lennox Avenue, said sum to be used for purchase of materials and supervision only, other labor to be furnished by the WPA; or to see what other action the Town will take in the matter; agreeable to the petition of Otto Person and others.

Article 31. To see if the Town will vote to take by right of eminent domain a plot of land of approximately 4700 plus or minus square feet, shown as part of lot A-4, plan 3018, and located at the junction of Ballard Street and Dudley Street, or to see what other action the Town will take in the matter.

Article 32. To see if the Town will vote to amend the Zoning Map and Zoning By-Law so that the property on or near Cliff Road, shown as Lots A-160, A-135, and A-159, on Plan No. 1027, on file in the Assessors office shall be zoned for industrial purposes, or to see what action the Town will take in

the matter agreeable to the petition of Eugene B. Fiske and others.

Article 33. To see if the Town will appropriate a sum of money for the purpose and installation of a thirty (30) ton Scale and Scale House, and approve a location for the same, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Article 34. To see if the Town of Saugus will appropriate the sum of \$1800.00 for material for a water main on Walden Pond Avenue, a distance of 1380 feet, more or less, labor to be supplied under a W.P.A. project, or to see what action the Town will take in the matter, agreeable to the petition of Peter S. Petkewich and others.

Article 35. To see if the Town will vote to appropriate the sum of \$1700.00 to gravel, oil, and shape Walden Pond Avenue for a distance of about 1200 feet, or to see what action the Town will take in the matter agreeable to the petition of R. W. Abbott and others.

Article 36. To see if the Town will vote to accept Charlotte Road in accordance with plan and profile on file with the Town Clerk.

Article 37. To see if the Town will vote to accept Trull Circle in accordance with plan and profile on file with the Town Clerk.

Article 38. To see if the Town will vote to accept Waverly Avenue in accordance with plan and profile on file with the Town Clerk.

Article 39. To see if the Town will vote to accept Overlook Terrace, in accordance with plan and profile on file with the Town Clerk.

Article 40. To see if the Town will vote to accept Second Street in accordance with plan and profile on file with the Town Clerk.

Article 41. To see if the Town will vote to accept Granite Road in accordance with plan and profile on file with the Town Clerk.

Article 42. To see if the Town will vote to accept Seagirt Avenue in accordance with plan and profile on file with the Town Clerk.

Article 43. To see if the Town will vote to accept Churchill Street in accordance with plan and profile on file with the Town Clerk.

Article 44. To see if the Town will vote to accept Warren Road in accordance with plan and profile on file with the Town Clerk.

Article 45. To see if the Town will vote to adopt a map prepared under the direction of the Planning Board as the official map of the Town as specified in Chapter 211 of the Acts of 1936.

Article 46. To see if the Town will vote to adopt a Zoning Map prepared by the Planning Board as the official Zoning Map of the Town.

Article 47. To see if the Town will vote to change the Zoning Laws, so that the following parcel of land may henceforth be used for business purposes:

Being a certain tract of land situated on the East side of the Newburyport Turnpike and described as follows: Beginning at the junction of this land with that of Delaney and thence running along the center of a fifteen Right of Way by a broken line, the northerly side of which Right of Way is described as follows, eight lines, the one nearest the Turnpike being 17.97 feet, thence 30.48, thence 70.24; thence 70.00 feet; thence 50.00 feet; thence 153.15 feet; thence 36.5 feet; thence 101.32—this latter being the last line of these eight lines, thence the line runs northerly 40.0, thence easterly 250.00, thence southerly 290.0 feet, thence westerly 300.0 feet; thence southerly 131 feet, thence westerly 349.0 feet to the Turnpike,, thence the line turns and runs northerly along the Turnpike to a Stone Bound 93.29 feet, thence northerly again from the Stone Bound 44.71 feet to land of Shute, thence the line turns and runs easterly by land of Shute 300.0

feet, thence the line runs northerly 146.0 feet, thence the line runs along the Turnpike—northerly to the center line of the fifteen Right of Way—a distance of 381.0—containing five acres; agreeable to the petition of John DeCotis and others.

Art. 48. To see if the Town will vote to accept Section 2 of Chapter 420 of the Acts of 1938 entitled "An Act providing for one day off in every six for police officers of certain cities and towns," or to see what action the Town will take in the matter, agreeable to the petition of John J. Buchiere and others.

Art. 49. To see if the Town will vote to accept from New England Home Builders, Inc., two lots of land situated in that part of Saugus, Massachusetts, known as Oaklandvale. Said lots being shown as Lots 59 and 60 on a plan of lands belonging to the New England Home Builders, Inc., dated October 16, 1937, and filed with the land Court Division of the Essex Registry of Deeds as Plan 16764-B, and bounded and described as follows:

Southwesterly by Bennett Avenue, one hundred thirty-five and 76/100 (135.76) feet; westerly by lot 61 as shown on said plan, eighty-one and 69/100 (81.69) feet; northwesterly by Lots 1, 2 and 3 as shown on said plan, one hundred ninety-three and 20/100 (193.20) feet; northeasterly by land now or formerly of Kiley, one hundred ninety-three and 51/100 (193.51) feet; and southeasterly by Lot 58 as shown on said plan, one hundred eighty-seven and 52/100 (187.52) feet. Said lots together containing 40,459 square feet.

Said premises are to be used for school and playground purposes only, or, with the consent of the said grantor, may be used for any other purposes. Planning Board.

Art. 50. To see if the Town will vote to accept Birchwood Avenue, in accordance with plan and profile on file with the Town Clerk.

Art. 51. To see if the Town will vote to amend the Zoning By-Law and Zoning Map so that the premises shown as Lots A-3, A-12, A-14 and A-15 on Assessors' Plan 1029, said premises being bounded and described as follows:—

Beginning at a point six hundred (600) feet north of the intersection of Main Street and Broadway on the westerly side of Broadway, thence westerly three hundred (300) feet; thence northerly three hundred fifty and fifty one-hundredths (350.50) feet; thence easterly three hundred and seven (307) feet to Broadway; thence southerly by Broadway two hundred and ninety and forty one-hundredths (290.40) feet to the point of beginning.

Will be rezoned for business purposes; or to see what action the Town will take in the matter agreeable to the petition of Fred H. Jackman and others.

Art. 52. To see if the Town will authorize the Board of Selectmen to petition the Great and General Court to enact legislation which will accomplish the following changes in the Town's charter or form of government, by amending Chapter 55, of the Acts of 1928, and amendments thereto, or otherwise, as follows:

1. To reduce the number of Limited Town Meeting members;

2. To allow the recall of Selectmen, or other elected officers of the Town, except Limited Town Meeting members, and to provide for the election of successors to any officers so recalled, by a petition signed by not less than one-quarter (25%) of the registered voters of the Town, including at least one hundred registered voters from each precinct;

3. To provide for the appointment by the Board of Selectmen of a Town Manager or Purchasing Agent, to determine his qualifications, terms of office, and the method of his appointment and discharge, and to define his duties and powers;

4. To provide for any other changes, incidental or collateral to the above, or otherwise,

Or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 53. To see if the Town will vote to accept Clinton Avenue, as per plan and profile filed with the Town Clerk.

Art. 54. To see if the Town will vote to accept Johnson Street, as per plan and profile on file with the Town Clerk.

Art. 55. To see if the Town will vote to accept Crescent Avenue, as per plan and profile on file with the Town Clerk or to see what action the Town will take in the matter agreeable to the petition of A. H. Woodward and others.

Art. 56. To see if the Town will vote to accept Davis Street, as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter agreeable to the petition of A. H. Woodward and others.

Art. 57. To see if the Town will vote to accept Tuttle Street, as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter agreeable to the petition of A. H. Woodward and others.

Art. 58. To see if the Town will vote to amend Section 16 of the Zoning By-Law relative to the location of automobile services, or to see what action the Town will take in the matter agreeable to the petition of George T. Bicknell and others.

Art. 59. To see if the Town will vote to transfer to the School Department for school purposes, the land on Birch Street containing approximately 22,763 square feet being Lots 23, 24 and 25 now owned by the Town of Saugus, or to see what action the Town will take in the matter, agreeable to the petition of the School Committee.

Art. 60. To see if the Town will vote to indemnify Joseph A. Lambert, Jr., for damages incurred by him in the defense of settlement of claims of Joseph M. Stapleton and Winifred Stapleton against him for bodily injuries arising out of the operation of a motor vehicle owned by the Town while acting within the scope of his duties as a police officer, and appropriate a sum of money for said purpose; or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 61. To see if the Town will appropriate \$900.00 from available surplus Cemetery funds with which to purchase a 1½ ton truck chassis for use in the Cemetery in accordance with petition of Cemetery Commissioners.

Art. 62. To see if the Town will vote to change the Zoning By-Law and Zoning Map of the Town of Saugus so that land shown on Lots A-5 and A-6 Assessors plan 2055 shall be rezoned for business purposes or to see what action the Town will take in the matter, agreeable to petition of Charles F. Gage and others.

Art. 63. To see if the Town will vote to change the Zoning By-Law so that the following described premises may henceforth be used for business purposes:

A parcel of land located on Broadway containing 2.20 acres bounded and described as follows:

Starting at an iron stake 3 ft southerly from a pole numbered 33-112 and continuing in a southerly direction along Broadway a distance of 270 feet + to a stone wall, thence in a northeasterly direction a distance of 411 feet + to a fence thence in a northerly direction to a brook a distance of 250 + thence along brook in a westerly direction to a stake, thence in a southerly direction a distance of 5 feet to a stake thence in a westerly direction a distance of 130 feet to point of beginning; agreeable to petition of Charles W. Donovan and others.

Art. 64. To see if the Town will authorize the appointment of a committee of three or more citizens to study the sources of water supply and the needs and condition of the water distribution system, or to see what action the Town will take in the matter agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 65. To see if the Town will vote to amend the Zoning Map and Zoning By-Laws by rezoning for business purposes the property owned by Charles W. Donovan located on Broadway and described as follows: starting at a stone bound, sta. 172. plus 57.36 on the easterly side of Broadway, 1936 State layout, thence northerly along said Broadway a distance of 213.10 ft., thence by a curve of 154.34 ft., with a radius of 170 ft., thence by a straight line a distance of 202.12 ft., thence by a curve a distance of 181.49 ft., with a radius of 170 ft., thence along Walnut Street a distance of 198.59 ft., to center of right of way, thence along said right of way a distance of 292.50 ft., thence by said right of way a distance of 529.50 ft., to Broadway, thence along Broadway a distance of 29.0 ft., to point of beginning, and being lot A-12 as shown on Assessors' Plan 1046, or to see what action the Town will take in the matter agreeable to the petition of Charles W. Donovan and others.

Art. 66. To see if the Town will vote to amend the Zoning Map and Zoning By-Laws by rezoning for business purposes the property owned by Charles W. Donovan located on Broadway and described as follows: starting at a stone bound at Station 172 plus 57.36 on the westerly side of Broadway, 1936 State layout, thence northerly 213 ft. plus to a stone wall, thence westerly along stone wall a distance of 260 ft. plus, thence southerly a distance of 525.0 ft. plus, being parallel to and 200 ft. distant from the westerly side of Broadway, thence at a right angle a distance of 200 ft., thence at a right angle 477 ft. plus along Broadway to point of beginning,

being part of a lot A-4 on Assessors' Plan 1046, or to see what action the Town will take in the matter, agreeable to the petition of Charles W. Donovan and others.

Art. 67. To see if the Town will vote to change the Zoning By-Law and Zoning Map so that the parcel of land on Bryer Street and Bennett Highway shown as Lots A-260 and A-261 on plan on file in the Assessors' Office shall be zoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Lionel M. Reid and others.

Art. 68. To see if the Town will vote to change the Zoning Laws and Zoning Map so that area in the following parcel of land may henceforth be used for business purposes.

Description: Commencing at a point on the Northerly line of Howard Street, said point being a stone bound situated in the driveway to the house of one Manfredonia and marking the beginning of a piece of tangent, thence the line runs South $69^{\circ} 21'$ West along said north line of Howard Street, a distance of approximately one hundred, thirty-seven and forty-four one hundredths (137.44) feet to intersection with Westerly line of said Manfredonia property, thence North $2^{\circ} 56'$ East a distance of two hundred forty-three and fifty-eight one hundredths (243.58) feet along Westerly line of above property to a post, thence North $88^{\circ} 38'$ East a distance of one hundred ninety-one and twenty-four one hundredths (191.24) feet, thence South $1^{\circ} 22'$ East a distance of one hundred and seventy-three and fifty-eight one hundredths (173.58) feet to the Northerly line of said Howard Street, thence turning and running Westerly along North line of Howard Street by a curve with radius of eight hundred sixty feet, a distance of approximately eighty-three (83) feet, more or less, to point of beginning (SB) and containing 40,726 square feet, more or less, or to see what action the Town will take agreeable to the petition of Delmont E. Goding and others.

Art. 69. To see if the Town will vote to raise and appropriate a sum of Fifty-five (\$55.00) for land damages incurred in the construction of Hesper Street, or to see what other action the Town will take in the matter. Board of Selectmen.

Art. 70. To see if the Town will vote to appropriate the sum of \$5183.55 to pay for water pipe, labor for laying, and materials incidental to the installation of same pipe, from Bufford Street along Essex Street to Wilbur Avenue, thence along Wilbur Avenue to Fiske Avenue, and thence along Fiske Avenue to Essex Street, work to be done by a W. P. A. project, or to see what action the Town will take in the matter, agreeable to the petition of Albert Richardson and others.

Art. 71. To see if the Town will appropriate the sum of \$100.00 to indemnify Norman Hull for injuries received in the explosion at the Town Garage in 1935. Board of Selectmen.

Art. 72. To see if the Town will vote to accept Bridge Street in accordance with plan and profile on file with the Town Clerk, agreeable to the petition of Wilhelm Walz and others.

Art. 73. To see if the Town will vote to accept Holland Street in accordance with plan and profile on file with the Town Clerk, agreeable to the petition of Wilhelm Walz and others.

Art. 74. To see if the Town will vote to install two lights, one on Holland Street about 250 feet from Elm Street, and another on the corner of Bridge Street and Holland Street, or to see what action the Town will take in the matter, agreeable to the petition of Wilhelm Walz and others.

Art. 75. To see if the Town will vote to accept Summit Avenue in accordance with plan and profile on file with the Town Clerk.

Art. 76. To see if the Town will vote to accept Sweetwater Street in

accordance with plan and profile on file with the Town Clerk.

Art. 77. To see if the Town will vote to have the Town Accountant, with the assistance of the Board of Assessors insert in the next Annual Town Report a list of all taxable property with the valuations thereof, as of September 1, 1940 and each year thereafter, or to see what action the Town will take in the matter, agreeable to the petition of the Saugus Taxpayers' Association, Harold W. Humphrey and others.

Art. 78. To see if the Town will vote to request through the Board of Selectmen that the Public Works Department make a study of each proposed street acceptance included in this Warrant with a view to determining the cost of putting such streets in an acceptable condition and report thereon to this meeting, or to see what action the Town will take in the matter agreeable to the petition of the Saugus Taxpayers' Association, Harold W. Humphrey and others.

Art. 79. To see if the Town will vote to petition the Legislature to reduce the number of Limited Town Meeting members, or to see what action the Town will take in the matter agreeable to the petition of Laurence F. Davis and others.

Art. 80. To see if the Town will vote to elect its Tree Warden for three years beginning in 1941, or to see what action the Town will take in the matter, agreeable to the petition of D. M. Cronin and others.

Art. 81. To see if the Town will vote to have the Town Accountant with the assistance of the Board of Assessors, insert in the next Annual Town Report, a list of all tax abatements as of December 31, 1940, and each year thereafter, or to see what action the Town will take in the matter agreeable to the petition of the Saugus Taxpayers' Association, Harold W. Humphrey and others.

Art. 82. To see if the Town will vote to amend the Zoning Map and

Zoning By-Law so that the property shown as Lot A-57 on Assessors' Plan 2011, will be zoned for general residence purposes, or to see what action the Town will take in the matter, agreeable to the petition of Earl L. Gaylor and others.

Art. 83. To see if the Town will vote to amend the Zoning Map and Zoning By-Law so that the properties on the Westerly and Easterly sides of Jackson Street from Essex Street to Central Street for a depth of one hundred feet from the property line on the inside line of the sidewalks, shall be zoned for general residence purposes, provided, however that any properties already zoned for business purposes and included in the area above described shall not be affected by any action under this article, or to see what action the Town will take in the matter agreeable to the petition of Edward Gibbs, Jr., and others.

The polls will open at 12 o'clock, noon, and will close at 8 o'clock, P. M., and you are hereby directed to serve this Warrant by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this Twentieth day of Feb-

ruary, A. D. Nineteen Hundred and Forty.

EDWARD GIBBS, JR.,
GEORGE H. QUARMBY,
HAROLD P. RICE,
Board of Selectmen.

A true copy.
Attest: W. CHARLES SELICK
Constable
(seal)

COMMONWEALTH OF MASSACHUSETTS

Essex, ss. February 26, 1940

Pursuant hereunto I have served the within Warrant as directed by posting attested copies at the several precincts at least seven days before said meeting and afterwards by delivering to the inhabitants of the Town of Saugus according to the By-Laws.

A true copy.
Attest: W. CHARLES SELICK
Constable

A true copy.
Attest: VIOLA G. WILSON,
Town Clerk.

February 26, 1940

In compliance with Chapter 55 of the Acts of 1928 and also with Section 2 of the By-Laws of the Town of Saugus, I hereby certify that today I personally mailed to all Limited Town Meeting Members a printed copy of the Warrant for the Special Town Meeting of March 4, 1940.

VIOLA G. WILSON,
Town Clerk.

A true copy.
Attest: VIOLA G. WILSON,
Town Clerk.

Annual Town Election

March 4, 1940

March 13, 1940

Viola G. Wilson
Town Clerk
Saugus, Mass.

Dear Mrs. Wilson:

The Town Meeting Members of Precinct Four met in the Accountant's Office, Town Hall, on March 13, 1940 at 7 P. M. for the purpose of breaking the tie vote cast for William Banks and Sidney Hastings.

21 were present.

W. B. Russell was elected chairman.

John A. Taylor was elected secretary.

The following resident of precinct four was elected:

William Banks, receiving 11 votes.

Signed:

WALDO B. RUSSELL,
Chairman.

JOHN A. TAYLOR,
Secretary.

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk.

Annual Town Meeting, March 13, 1940

The meeting was called to order at 8:06 P. M. by the Moderator, Herbert P. Mason.

A count of the members was taken. There were 170 members present, constituting a quorum.

The salute to the flag was given.

Town Meeting Members not previously qualified were sworn in by the Moderator.

The Special Town Meetings of January 29, 1940 and February 2, 1940 were adjourned without day at 8:17 P. M.

The Special Town Meeting of December 11, 1939 was adjourned until next Monday at 8 P. M. and other meetings contingent on that.

The reading of the warrant was waived. The reading of the records of the previous meeting was waived by unanimous consent.

It was voted to have the Selectmen act as appraisers of Town Property in accordance with Section 2. of Article 3 of the By-Laws.

Voted that no person shall speak for more than five minutes on any one subject without unanimous consent of the meeting. 8:24 P. M.

Voted: That the names of members who attend the respective sessions of this annual meeting be taken under the direction of the Moderator and a record thereof prepared and kept by the Town Clerk and inserted in the records of this meeting at the final adjournment thereof.

Voted to take up Article 3 out of order.

Article 3. Voted: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one

year in accordance with Section 17, Chapter 44, General Laws.

Yeas 232. Nays 0 8:47 P. M.

Article 2. Reports of Committees:

The Wage and Salary Committee Report was presented. Voted to refer the report to the Finance Committee for study. 8:58 P. M.

The Report of the Illegal Excavation Committee was read. The committee asked for further time. 9:00 P. M.

Report of the Illegal Excavations Committee

To the Members of the Saugus Town Meeting:

Pursuant to the instructions given the Illegal Excavations Committee by previous Town Meetings, we wish to report that we have been instrumental in the prosecution of alleged violations of the zoning by-laws by B. Perini & Sons Inc. at Main and Forest Street. Trial in the Superior Court was concluded, following which, the case was appealed to the Supreme Judicial Court, where it was argued on November 15, 1939. In as much as the decision has not been handed down by the Court, your committee wished its report to be taken as one of progress and asks that it be given further time.

Illegal Excavation Committee
M. EDWARD HAYES,
Chairman.

GILES S. BRYER,
ELLERY E. METCALF.

The Committee to search for new sources of Town Income presented its report. Voted to receive the report and discharge the committee.

Voted: that the report of the Committee appointed to Search for New Sources of Town Income be received, and its recommendations referred to the Finance Committee and the departments concerned and said departments to report their

recommendations in writing to the Finance Committee within one month. 9:30 P. M.

The report of the committee on Tax Collector's Salary was received and the first recommendation was adopted and the second recommendation was referred to the Finance Committee. 9:47 P. M.

Mr. Gibbs presented the Finance Committee Report. It was voted to receive the report and consider the recommendations under the

various articles to which they relate. 10:12 P. M.

Article 2. Voted to take up Item 32 out of order.

Item 32. Voted that the sum of \$228,443.46 be and the same is hereby appropriated for the School Department.

More than thirty persons requested a roll call vote and it was so ordered.

Report of the Finance Committee

To the Representative Town Meeting and Citizens of the Town of Saugus

The Finance Committee herewith submits its report on the 1940 Budget:

In view of the tax rate of 1939, it is apparent that drastic action must be taken in various ways to alleviate the burden of the taxpayer. This is a statement of fact and not merely a comment to be taken lightly. The Committee is of the opinion that all departments must co-operate to the fullest extent toward a common goal, namely to curtail expenditures, to refrain from spending one single penny that is not absolutely necessary.

Following hearings on departmental budget and Special Article requests which total over \$900,000, the Committee has taken the action set forth in more detail on the following pages.

The responsibility of department heads for the conduct of their departments within the appropriation voted by Town Meeting is positive and in no instance should any department incur indebtedness beyond the amount appropriated for its operation. The Committee recognizes that the problem of operating within the appropriations made by Town Meeting, and maintaining the usual services will undoubtedly be a difficult one, and in many instances will necessitate readjustment of personnel, salaries, wages, and other items usually regarded as fixed amounts. The main objective must be accomplished, however, this being to live within the appropriations voted.

The Finance Committee briefly outlines the reasons for the following itemized recommendations set forth in the Budget under Article No. 2, Town Charges, and also the method followed in arriving at the figures indicated:

Under Article No. 2, the requests of departments for 1940 total \$863,154.28 including the General W. P. A. budget request of \$40,000 (which item until this year has

been a Special Article not included in this division). Also included is an increase in the "Interest and Maturing Debt Account of nearly \$6000. With reference to this latter account we point out that this year we have no money in available funds with which to reduce the total required, whereas in 1939 we had the advantage of the sum of \$16,885.20. Except as explained hereinafter under comment on Items 71 and 72, there is no way of reducing the requested amounts in this division, as the amounts are fixed, with the exception of Temporary Loan Interest. With the above fixed items in mind the Committee went through each departmental budget in detail and deleted items or amounts requested which in the opinion of the Committee were not necessary. After completing this lengthy duty, the tentative amounts set for possible recommendation were added, totaling \$801,566.89, which sum plus \$4,392.86 for Special Articles approved, totaled approximately \$11,000, less than the total 1939 appropriations. It therefore became obvious that further action of a more drastic nature must be taken in order to bring the total budget down to a figure that would operate the town in a manner that coincides with the ability of the taxpayer to pay.

After numerous alternatives had been applied with no appreciable savings indicated, the Committee then approved for the year of 1940 a set of recommendations which result from a straight deduction of 5% from each departmental budget throughout the entire list of Town Charges, the deduction applying to the original tentative figures set by the Committee. The only exceptions have been previously mentioned and are fixed charges beyond our control.

The Committee is not attempting to show or tell department heads how to best operate their

respective departments with the amounts recommended, but feel that the problem is one which the departments themselves must solve, even though a complete change in the set up of the departments result.

The Finance Committee wishes to point out emphatically, however, that where budgets are cut drastically as in this case, that the public cannot expect to receive the full amount of service to which it has been ordinarily accustomed. Saugus is outstanding in the amount of special services furnished to its citizens both ordinarily and in emergencies and these services must necessarily be somewhat curtailed.

Comment on the General Budget, Article No. 2

It is the intention of the Finance Committee to include in motions on votes at the Annual Town Meeting calling for appropriations on all budgets containing salaries of part time elected officials, to indicate the salary figure to be "not more than \$.....", (the amounts to be the same as in prior years.) This method will limit the maximum salary but will allow a downward revision if necessary to operate within the budget allowed. Except in the case of elected officials this is distinctly the problem of the department heads to whom the town has entrusted their administrations.

Items No. 7 and 8. Tax Collector's Department and Tax Title Expense. The total recommended in the first budget is higher than last year, while the amount in the second budget is lower. The Committee appointed at the Annual Town Meeting of 1939 to investigate and report on the method of compensating the Tax Collector advised the Finance Committee that they would recommend a flat salary of \$2500. and all fees including tax title fees be returned to the town. It appeared that tax title fees in 1939 amounted to about \$1700. and this amount was deducted from the tentative recommendation on tax title expenses.

Item 13. Election and Registration. The Committee feels that money can be saved here by opening only one precinct in the April pre-primaries. Also, while the committee feels that a certain amount of clerical hire is necessary in this department that we are not convinced that the need of a full time permanent employee is indicated.

Items 71 and 72. Sewer Loan and Interest. If the Town Meeting will act upon articles to establish the betterment assessments on those now connected with the Sewer, before action on these items are taken and before the tax rate is declared, a substantial saving could be made from these appropriations.

Comment On Special Articles

The Committee has been forced to "Not Recommend" meritorious articles due to the urgent necessity for great economy. The articles not indicated below are "Not Recommended," and have not been listed as they are contained in full in the Town Warrant.

Special Articles Recommended Reasons and Amounts

Art. 3. Recommended. (This is the usual article.)

Art. 4. Recommended. (This also is the usual article.)

Art. 5. This is also the customary article. Recommend \$800.00

Art. 6. Unpaid Bills. This is the smallest amount for this purpose in many years and in several instances the amounts turned back to Surplus, more than cover the amounts now asked for. Recommend \$1,986.86

Art. 7. Sewer Department Transfer (See notation on the General Budget Item No. 55A.) This item does not affect the tax rate. Recommend transfer, (\$1,447.98).

Art. 8. Recommended. Transfer between the two sewer accounts.

Art. 10. Recommended. The Committee feels that it is good business to have an annual audit.

Art. 11. This is the usual appropriation for which we are liable under State Law. Recommend \$850.00

Art. 14. Woodbury Avenue-Hesper Street. Recommend reference to Selectmen, recommending continuation of the project through the General W. P. A. Account.

Art. 17. Wage and Salary Committee—Stenographic Expense. Although no appropriation was made to this committee, we feel that the stenographer they employed should be compensated. \$100.00

Art. 31. Eminent domain proceedings—Dudley Street. There is some doubt as to the legal owner of this property, which if owned by the Town, could easily be altered to eliminate a dangerous safety condition. Recommend \$1.00

Art. 60. Indemnification—Joseph Lambert. We feel that if this matter of long standing can be settled for this amount (and we are advised that it can be so settled) that it is good business to do so. Recommend \$500.00

Art. 61. This is a transfer from available funds for the purchase of a cemetery truck, \$900. (Not affecting the tax rate.)

fecting the tax rate.)

Art. 69. Hesper Street Land Damages (awarded by County Commissioners) \$55.00

Art. 71. Indemnification—Norman Hull. This is for dental work necessary as a direct result of the explosion in the Town Garage in 1935 \$100.00

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk.

April 12, 1940

To Whom It May Concern:

This is to certify that the following is a true copy of the voted motion under Article 63 passed at the adjourned annual town meeting on April 1, 1940.

Article 63.

Notice of Hearing

The Planning Board will hold a public hearing in its office in the Town Hall on March 20, 1940 at 8:00 P. M. on the petition of Charles W. Donovan and others to amend the Zoning By-Law of the Town of Saugus so that the following described land shall hereafter be zoned for business purposes. A parcel of land on Broadway containing 2.20 acres.

By WILLIAM H. ROBINSON,
Clerk.

Report of the Planning Board

After advertisement in the Saugus Herald, issue of February 23, 1940, the Planning Board held a public hearing on Article 63 of the Annual Town Meeting Warrant of March 13, 1940 in the Town Hall on March 20, 1940. After due consideration the Board does not recommend passage of the Article.

By W. L. ROY,
Chairman of the Board

Voted that the zoning by-laws and zoning maps be changed so that the following parcel of land may henceforth be used for business purposes.

A parcel of land located on Broadway containing 2.20 acres bounded and described as follows:

Starting at an iron stake 3 ft. southerly from a pole numbered 33-112 and continuing in the southerly direction along Broadway a distance of 270 ft. plus to stone wall, thence in a northeasterly direction a distance of 411 ft. plus to a fence thence in a northerly direction to a brook a distance of 250 ft. plus thence along brook in a westerly direction to a stake, thence in a southerly direction a distance of 5 feet to a stake then in a westerly direction a distance of 130 feet to point of beginning.
Yeas 142 Nays 11 9:14 P. M.

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk.

Boston, Mass., May 2, 1940

The foregoing amendment to zoning by-law is hereby approved.
PAUL A. DEVER,
Attorney General.

April 12, 1940

To Whom It May Concern:

This is to certify that the following is a true copy of the voted motion under Article 65 passed at the adjourned annual town meeting on April 1, 1940:

Article 65.

Notice of Hearing

The Planning Board will hold a public hearing in its office in the Town Hall on March 20, 1940 at 8:00 P. M. on the petition of Charles W. Donovan and others to amend the Zoning By-Law of the Town of Saugus so that the following described land shall hereafter be zoned for business purposes: Lot A-12 of Assessors Plan 1046 being located on Broadway.

By WILLIAM H. ROBINSON,
Clerk.

Report of the Planning Board

After advertisement in the Sau-

gus Herald, issue of February 23, 1940, the Planning Board held a public hearing on Article 65 of the Annual Town Meeting Warrant of March 13, 1940 in the Town Hall on March 20, 1940. After due consideration the Board recommends adoption of the Article.

By W. L. ROY,
Chairman of the Board.

Voted that the zoning by-laws and zoning maps be changed so that the following parcel of land may henceforth be used for business purposes. Starting at a stone bound, Sta. 172 plus 57.36 on the easterly side of Broadway, 1936 layout, thence northerly along said Broadway a distance of 213.10 ft. thence by a curve of 154.34 ft. with a radius of 170 ft. thence by a straight line a distance of 202.12 ft. thence by a curve a distance of 181.49 ft. with a radius of 170 ft. thence along Walnut St., a distance of 198.59 ft. to center of right of way, thence along said right of way a distance of 292.50 ft. thence by said right of way a distance of 529.50 ft. to Broadway, thence along Broadway a distance of 29.0 ft. to point of beginning, and being lot A-12 as shown on Assessors' Plan 1046.

Attest: VIOLA G. WILSON,
Town Clerk.

Boston, Mass., May 2, 1940

The foregoing amendment to zoning by-laws is hereby approved.

PAUL A. DEVER,
Attorney General.

Essex, ss.

To W. Charles Sellick, Constable of the Town of Saugus.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby

required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town Elections and Town Affairs to assemble in the Town Hall, on Tuesday Evening, June Eighteenth, Nineteen Hundred and Forty, at Eight-Fifteen O'clock, P.M., to hear and act on the following articles, viz:

Article 1. To see if the Town will vote to adopt a system of sewerage and sewage disposal for the whole of its territory, agreeable to a petition of the Sewer Commissioners.

Art. 2. To see if the Town will determine by vote which of the methods permitted by General Laws it will adopt for payment of the cost of its system of sewerage and sewage disposal and for the use of said system, agreeable to a petition of the Sewer Commissioners.

Art. 3. To see if the Town will determine by vote the sewer assessment rates to be used for fixing the assessments upon owners of land benefitted by the system of sewerage and sewage disposal, and the annual charge for the use of said system of sewerage and sewage disposal, agreeable to a petition of the Sewer Commissioners.

Art. 4. To see if the Town will vote to appropriate the sum of \$1,500.00 said sum to be used with sums allotted by the County of Essex and Commonwealth of Massachusetts in reconstruction of Hesper Street in accordance with the provisions of Chapter 90 of the General Laws, said sum to be taken from monies already appropriated for Highways and for otherwise, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 5. To see if the Town will adopt the following By-law relative to the regulation of the business of installing wires or apparatus for electric light, heat or power purposes, also the location, erection, support and maintenance of poles, piers, abutments, and the insulation and removal of wires or cables, in, over or under streets or buildings within the Town of Saugus, Massachusetts.

Section 1. The office of Inspector of Wires of the Town of Saugus is hereby established.

Sec. 2. The Inspector of Wires shall have the power to appoint all subordinates in his department. He shall see that all statutes, ordinance, regulations or rules, relating to his duties, and to the location, erection, support, maintenance, insulation and removal of Wires or Cables, in, over or under Street or Buildings, are strictly complied with and enforced.

Sec. 3. All wires, appliances and apparatus within any building which are intended for the transmission of electricity for light, heat and power, shall be made, placed and arranged, and at all times kept safe, to the satisfaction of the Inspector of Wires. No person shall place, arrange or rearrange any such wires, appliances or apparatus except in conformity with the established rules and regulations of the New England Insurance Exchange as embodied in the "National Electric Code", or any necessary special rules established by the Wire inspector and approved by the Board of Selectmen. No person shall put in, place, change or alter the position of such wires, appliances, or apparatus, without first having given written notice to the Wire Inspector, who shall be given full opportunity to inspect the same before they shall be covered or inclosed. No such wires shall be placed in any building in the process of construction or alteration until all gas, steam, water or furnace pipes have been placed in proper position in that portion of the building where said **gas, water, steam and furnace pipes** occur. The Wire Inspector shall at all proper and reasonable time have access to such wires, appliances and apparatus. If upon inspection of any such wires, appliances or apparatus the Wire Inspector determines the same to be unsafe, he shall give written notice to the owner or occupant of the building, or contractor, if work is in the course of construction, specifying the alterations which are required to make the same safe, and the time within which the alterations must be

made; and no person receiving such notice shall use any such wires, apparatus or appliances for the transmission of electricity after the expiration of such until the alterations so required have been made.

Sec. 4. No person shall connect with a current of electricity any wires or system of wiring intended for the transmission of electricity for light, heat, or power in any building until such wires or system of wiring have been inspected by the Wire inspector and approved by him, and a written permit issued by him to make such connection. The provisions of this section and of section three shall apply to all public and private electrical systems which are now or may hereafter be installed.

Sec. 5. Every person or corporation operating electric or other wires, upon, over or under any street, way or building in the Town upon the request of the Wire Inspector, shall furnish him within fifteen days thereafter, accurate lists of the poles or other supports of their wires, the number of cross arms in use with each and the number of wires attached thereto, the locations of conduits and manholes, with information as to the localities where and what service is rendered, whether telegraphic, telephonic, fire alarm or otherwise.

Sec. 6. The said Wire Inspector, upon request, shall also be furnished by any person or corporation owning or operating electric wires, with such information as to kind, size and tested strength of supporting or service wires, the average volts used or charged, together with such information as may by him be considered necessary to the faithful and effectual discharge of his duties.

Sec. 7. Said Wire Inspector shall, when so required by the Board of Selectmen, examine every application for the erection of any wire or poles, or posts for the support thereof, in or over any street or public place, and shall report to them any facts which, in his opinion, bear upon the question of granting or refusing to grant such an application.

Sec. 8. The Inspector of Wires shall keep in his office a record of all inspections made by him or his agents, and shall issue to the contractor or any person installing wires intended to carry a current for the transmission of light, heat or power within a building, a certificate of approval, when such wires are installed in accordance with the requirements of these ordinances. In case the Inspector of Wires shall refuse to issue this certificate of approval to any contractor or person so installing said wires, a notice of disapproval shall be issued to the contractor doing the work, and said notice shall specify wherein said wires are installed so as not to be in accordance with the requirements of these ordinances. Said notices of disapproval are also to be made a part of the records in the Inspector of Wires' office.

Sec. 9. This ordinance shall not be construed to relieve or lessen the responsibility of any party owning, operating, or controlling any electrical equipment, for damages to any one injured by any defect therein, nor shall the Town be held as assuming any such liability by reason of the inspection authorized herein or certificate issued by its agents or servants, exercising the rights or powers given herein.

Sec. 10. The Inspector of Wires may, in case of violation of any of the provisions of these ordinances, disconnect or order same disconnected from the wires of any outside circuit or isolated plant where said violations shall occur. Any person violating these ordinances shall be subject to a fine of not more than Twenty (\$20.00) Dollars.

Sec. 11. All By-Laws or parts of By-Laws inconsistent herewith are hereby revoked.
or to see what action the Town will take in the matter agreeable to the petition of Edward Gibbs, Jr. and others.

Art. 6. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the use of the Power Investigating Committee, said sum to be expended under the direction of the Board of Selectmen

or to see what action the Town will take in the matter, agreeable to the petition of the Power Investigating Committee.

William C. Banks, and Others.

Art. 7. To see if the Town will vote to sell and convey a strip of land at the rear of lot 502 Cleveland Avenue, which is also shown as lot A284 on Assessors Plan 3024, or to see what action the Town will take in the matter, agreeable to the petition of Alexander S. McCarrier, and Others.

Art. 8. To see if the Town will vote to change the zoning by-law and zoning map of the Town of Saugus so that the land hereinafter described shall henceforth be zoned for business purposes:—

“Beginning at a point 36.20 ft. south from a stone bound, station 197 plus 75, 1936 State layout of the Newburyport Turnpike; thence northerly 290.20 to Penny Brook; thence easterly along Penny Brook to a point 470 ft. from the Newburyport Turnpike; thence southerly 145 ft.; thence westerly 105 ft. to an angle; thence southerly 115 ft.; thence westerly 110 ft.; thence northerly 50 ft.; thence westerly 120 ft. to a point of beginning, being approximately 100,828 sq. ft. in area.”

Said land being a part of the land shown on Assessors' Plans of the Town of Saugus, Lots A119, A120, A121, A138, A139 and A415, Plan 1042, or to see what action the Town will take in the matter, agreeable to the petition of Carmelo and Mary DiMauro.

Art. 9. To see if the Town will vote to amend the Zoning by-laws and Zoning Map of the Town of Saugus so that land shown on Assessor's Plan 1026 as lots A68, A69, A70, A71, A72, A73, shall be zoned for business purposes; or to see what other action the Town will take in the matter, agreeable to the petition of Elmer D. Salsman and Others.

Art. 10. To see if the Town will vote to amend the Zoning Map and Zoning By-law so that Property of Broadway shown as lot A27 on plan 1028 on file in the Assessor's office

shall be zoned for business purposes or to see what action the Town will take in the matter, agreeable to the petition of John C. Harris and Others.

Art. 11. To see if the Town will vote to amend the Zoning By-law and Zoning Map so that the premises shown as lots A-36 and A-100 on the Assessors' Plan 1001 will be rezoned to allow the construction of a two-family dwelling, agreeable to the petition of Delmont E. Goding and Others.

Art. 12. To see if the Town will vote to amend the Zoning By-laws and Zoning Map so that the property shown as lots 303, 304, 305, 306 and 403A Bryer Street on the Assessors Plans 2052 and 496F, shall be zoned for business, or to see what action the Town will take in the matter agreeable to the petition of Laurence F. Davis and Others.

Art. 13. To see if the Town will vote to amend the Zoning By-laws and Zoning Map so that the property shown as lots 45, 46, 47, 48 and 274 Bow Street, on Assessors' Plan 1042, shall be zoned for business, or to see what action the Town will take in the matter agreeable to the petition of Laurence F. Davis and Others.

Art. 14. To see if the Town will vote to amend the Zoning Map and Zoning By-laws so that the property shown as Lot A-57 on Assessors' Plan 2011, will be zoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Earl L. Gaylor and Others.

Art. 15. To see if the Town will vote to petition the Legislature for authority to have the Board of Selectmen serve as Sewer Commissioners for terms of one year, or to see what action the Town will take in the matter agreeable to the petition of the Board of Selectmen.

Art. 16. To see if the Town will appropriate the sum of \$3,710.00 to purchase a tractor or to see what action the Town will take in the matter agreeable to the petition of the Board of Selectmen.

Art. 17. To see if the Town will instruct the moderator to appoint a committee for the purpose of making a study, and bring in a report of a plan that will show the feasibility and cost of a scientific total assessed valuation of every building and parcel of land located within the Town of which shall be made up of one Taxpaper from each precinct, and three members of the Board of Assessors, or to see what action the Town will take in the matter agreeable to the petition of John J. Bucchiere and Others.

Art. 18. To see if the Town will vote to appropriate the sum of \$7,637.03, said funds to be applied against overlay deficits in the 1940 tax commitment, subject to the approval of the Commissioner of Corporations and Taxation, said sum to be transferred from the overlay surplus account, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Assessors.

Art. 19. To see if the Town will vote to amend the Zoning By-laws and Zoning Map so that that portion of Lot A16 on Assessors' Plan 1036 fronting on Broadway and extending back for a depth of 125 feet shall be zoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Anesty H. Nekole and others.

You are hereby directed to serve this Warrant, by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting, and to distribute copies as provided by the By-laws at least four days before.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk,

at the time and place of meeting.

Given under our hands and Town Seal this 20th day of May, A. D. Nineteen Hundred and Forty.

EDWARD GIBBS, JR.,
GEORGE H. QUARMBY,
HAROLD P. RICE,
Board of Selectmen.

Adjourned Special Town Meeting

JUNE 24, 1940

The meeting was called to order at 8:15 P. M.

A count of the members was taken. 153 were present.

The salute to the flag was given.

The reading of the records of the previous meeting was waived by unanimous consent.

Article 1. Voted: That the Town adopt a system of sewerage and sewage disposal for its territory as shown by a plan entitled "Town of Saugus, Mass. Sewer System — General Plan, March 1939, Fay, Spofford & Thorndike, Consulting Engineers, Boston, Mass.", on file in the office of the Town Clerk. Unanimous. Yeas 143, Nays 0. 8:33 P.M.

Article 2. Voted: That as provided in Section 7 of Chapter 350 of the Acts of the Massachusetts

Legislature of 1929, as amended by Section 3 of Chapter 259 of 1933, that portion of the cost of the System of Sewerage and Sewage Disposal not assumed by the Town shall be paid for by assessments made upon the owners of land within the territory for which said Sewerage System has been adopted and who are benefited thereby, by fixed uniform rates, based upon the estimated average cost of all the sewers therein, said assessments to be according to the frontage of such land on any street or way in which a sewer is constructed and according to the area of such land within a depth of not more than 125 feet from such street or way; that the owners of land or parts thereof not liable to assessment, or not in fact assessed, may make use of said Sewerage System upon the payment by them of such reasonable sum as the sewer commis-

sioners shall determine; and furthermore, that for the use of said Sewerage System there shall be established from time to time just and equitable annual charges which shall be paid for each tenant by every owner or owners who enters a sewer service connection, or particular sewer, therein. All such assessments shall be made by the sewer commissioners and shall be in accordance with the provisions of Chapter 83 of the General Laws and all other provisions of law applicable thereto.

Yeas 125. Nays 0. 8:36 P.M.

Article 3. Voted: That the assessment rates to be paid by the owners of land having frontage on a street or way in which a sewer is constructed shall be eighty-five cents (\$0.85) per front foot and one cent (\$0.01) per square foot of area of such land to a depth of not more than 125 feet; that the owners of land or parts thereof not liable to assessment, or not in fact assessed, who make use of said Sewerage System shall pay such reasonable sum for entrance therein as the Sewer Commissioners shall determine; that the annual charge for the use of said Sewerage System to be paid by every owner who enters a sewer service connection, or particular sewer, therein shall be the sum of five dollars (\$5.00) per year per tenant for all owners having unmetered water service, and for those owners entering said System having metered water service the annual charge shall be five dollars (\$5.00) per year per tenant for those who use 50,000 gallons or less of water per year and an additional charge of ten cents (\$0.10) per thousand gallons for all water used in excess of 50,000 gallons per year. Yeas 134. Nays 0. Unanimous vote. 9:03 P.M.

The Report of the Finance Committee was received and placed on record. 9:04 P.M.

Article 4. Voted: That the sum of \$1000.00 be and the same is hereby appropriated for Chapter 90 Highway work on Hesper St. to be spent with sums allotted by the County of Essex and Commonwealth of Mass., said sum to be

taken from monies already appropriated for Highways. 9:06 P.M.

Voted to take Article 18 up out of order.

Article 18. Voted: That the sum of \$7,637.00 be and the same is hereby appropriated, said sum to be applied against overlay deficits in the 1940 tax commitment, subject to the approval of the Commissioner of Corporations and Taxation, said sum to be transferred from the overlay surplus account. 9:09 P.M.

Article 5. Voted to indefinitely postpone. 9:10 P.M.

Article 6. Voted to indefinitely postpone. 9:13 P.M.

Article 7. Voted to indefinitely postpone. 9:15 P.M.

Article 8.

Notice of Hearing

The Planning Board will hold a public hearing on June 10, 1940 in its office in the Town Hall at 7:30 P.M. on the petition of Carmela and Mary DiMauro and others to rezone the following described property for business purposes: Lots A-119, A-120, A-121, A-138, A-139 and A-415 of Assessors' Plan 1042. Location: Broadway, easterly side between Bow and Hawkes Streets. By William H. Robinson, Clerk.

Report of the Planning Board

After advertisement in the Saugus Herald, issue of May 3, the Planning Board held a public hearing on Article 8 in its office in the Town Hall on June 10, 1940. After discussion the Board recommends passage of the article.

Walter L. Roy, Chairman.

Article 8. Voted to change the zoning by-law and zoning map of the Town of Saugus so that the land hereinafter described shall henceforth be zoned for business purposes:—

"Beginning at a point 36.20 ft. south from a stone bound, station 197 plus 75, 1936 State layout of the Newburyport Turnpike; thence

northerly 290.20 to Penny Brook; thence easterly along Penny Brook to a point 470 ft. from the Newburyport Turnpike, then southerly 145 ft.; thence westerly 105 ft. to an angle; thence southerly 115 ft.; thence westerly 110 ft.; thence northerly 50 ft.; thence westerly 120 ft. to a point of beginning, being approximately 100,828 sq. ft. in area." Said land being a part of the land shown on Assessors' Plans of the Town of Saugus, Lots A119, A120, A121, A138, A139 and A415, Plan 1042. Yeas 137. Nays 0. 9:18 P.M.

Article 9. Voted to lay on the table. 9:20 P.M.

Article 10. Voted to indefinitely postpone. 9:21 P.M.

Article 11. Voted to indefinitely postpone. 9:22 P.M.

Article 12. Voted to lay on the table. 9:23 P.M.

Article 13. Voted to lay on the table. 9:23½ P.M.

Article 14.

Notice of Hearing

The Planning Board will hold a public hearing on June 10, 1940 in its office in the Town Hall at 7:30 P.M. on the petition of Earl L. Gaylor and others to rezone the following described property for business purposes: Lot A-57 of Assessors' Plan 2011. Located on Jackson Street. By William H. Robinson, Clerk.

Report of the Planning Board.

After advertisement in the Saugus Herald, issue of May 31, the Planning Board held a public hearing on Article 14 of the warrant in its office on June 10, 1940. After discussion the Board does not recommend passage of the Article.

Walter L. Roy, Chairman.

Article 14. Voted that the Town amend the Zoning Map and Zoning By-law so that the property shown as Lot A-57 on Assessors' Plan 2011, will be zoned for business purposes. Yeas 126. Nays 2. 9:35 P.M.

Article 15. Voted to have the Selectmen petition the Legislature for authority to have the Board of Selectmen serve as Sewer Commissioners for terms of one year. 9:36 P.M.

Article 16. Voted to indefinitely postpone. 9:59 P.M.

Article 17. The motion was lost. 10:05 P.M. Yeas 42, Nays 49.

Article 19. Voted to lay on the table. 10:06 P.M.

The meeting was adjourned without date. 10:07 P.M.

A true copy.

Attest:

VIOLA G. WILSON,
Town Clerk.

July Second, 1940

At a meeting of the Emergency Finance Board of the Commonwealth, held on the 2nd day of July, 1940, a majority of said Board being present, the following vote was unanimously passed:

Voted: To approve the Renewal by the Treasurer of the Town of Saugus of so much of the Seventy Five Thousand Dollar (\$75,000.00) Tax Title Loan, which was originally approved by the Board on July 21st, 1937, as is outstanding on July 26th, 1940. The rate of interest on the renewal notes is to be one percent (1%) payable at maturity.

Theodore N. Waddell.

April 12, 1940

To Whom It May Concern:

This is to certify that the following is a true copy of the voted motion on Article 62 passed at the adjourned annual town meeting on April 1, 1940.

Article 62.

Notice of Hearing

The Planning Board will hold a public hearing in the Town Hall on March 20, 1940 at 8:00 P.M. on the petition of Charles F. Gage and others to amend the Zoning By-Law

of the Town of Saugus so that the following described land shall hereafter be zoned for business purposes: Lots A-5 and A-6 of Assessors' Plan 2055.

By William H. Robinson, Clerk.

Report of the Planning Board

After advertisement in the Saugus Herald, issue of February 23, 1940, the Planning Board held a public hearing on Article 62 of the Annual Town Meeting Warrant of March 13, 1940 in the Town Hall on March 20, 1940. After discussion the Board recommends passage of the Article.

By W. L. Roy,

Chairman of the Board

Voted, That the Zoning By-Law and Zoning Map of the Town of Saugus be changed so that land shown as Lots A-5 and A-6 on Assessors' Plan 2055 shall be rezoned for business purposes.

Yeas 161. Nays 1. 9:02 P.M.

A true copy.

Attest:

VIOLA G. WILSON,
Town Clerk.

Boston, Mass., May 2, 1940

The foregoing amendment to zoning by-law is hereby approved.

PAUL A. DEVER,
Attorney General.

July 9, 1940

To Whom It May Concern:

This is to certify that the following is a true copy of the voted motion under Article 8 of the Warrant for the Special Town Meeting of June 18, 1940 passed at the Adjourned Session held June 24, 1940.

Article 8.

Notice of Hearing

The Planning Board will hold a public hearing on June 10, 1940 in its office in the Town Hall at 7:30 P.M. on the petition of Carmela and Mary DiMauro and others to rezone the following described property for business purposes: Lots A-119, A-120, A-121, A-138, A-139 and A-415 of Assessors' Plan 1042. Location: Broadway, easterly side between Bow and Hawkes Street.

By William H. Robinson, Clerk.

Report of the Planning Board

After advertisement in the Saugus Herald, issue of May 3, 1940 the Planning Board held a public hearing on Article 8 in its office in the Town Hall on June 10, 1940. After discussion the Board recommends passage of the article.

Walter L. Roy, Chairman.

Art. 8. Voted to change the zoning by-law and zoning map of the Town of Saugus so that the land hereinafter described shall henceforth be zoned for business purposes:—"Beginning at a point 36.20 ft. south from a stone bound, station 197 plus 75, 1936 State layout of the Newburyport Turnpike; thence northerly 290.20 to Penny Brook; thence easterly along Penny Brook to a point 470 ft. from the Newburyport Turnpike; thence southerly 145 ft.; thence westerly 105 ft. to an angle; thence southerly 115 ft.; thence westerly 110 ft.; thence northerly 50 ft.; thence westerly 120 ft. to a point of beginning, being approximately 100,828 sq. ft. in area." Said land being a part of the land shown on Assessors' Plans of the Town of Saugus, Lots A-119, A-120, A-121, A-138, A-139 and A-415, Plan 1042. Yeas 137. Nays 0. 9:18 P.M.

A true copy. Attest:

VIOLA G. WILSON,
Town Clerk.

Boston, Mass., July 22, 1940.

The foregoing amendment to zoning by-law is hereby approved.

PAUL A. DEVER,
Attorney General.

July 9, 1940

To Whom It May Concern:

This is to certify that the following is a true copy of the voted motion under Article 14 of the Warrant for the Special Town Meeting of June 18, 1940 passed at the adjourned session held June 24, 1940.

Article 14.

Notice of Hearing

The Planning Board will hold a public hearing on June 10, 1940 in its office in the Town Hall at 7:30 P.M. on the petition of Earl L. Gaylor and others to rezone the fol-

lowing described property for business purposes: Lot A-57 of Assessors' Plan 2011. Located on Jackson Street.

By William H. Robinson, Clerk.

Report of the Planning Board

After advertisement in the Saugus Herald, issue of May 31, the Planning Board held a public hearing on Article 14 of the Warrant in its office on June 10, 1940. After discussion the Board does not recommend passage of the Article.

Walter L. Roy, Chairman.

Art. 14. Voted that the Town amend the Zoning Map and Zoning By-Law so that the property shown as Lot A-57 on Assessors' Plan 2011, will be zoned for business purposes. Yeas 126. Nays 2. 9:35 P.M. A true copy. Attest:

VIOLA G. WILSON,
Town Clerk.

Boston, Mass., July 22, 1940.

The foregoing amendment to zoning by-law is hereby approved.

PAUL A. DEVER,
Attorney General.

September 6, 1940

Mrs. Viola G. Wilson
Town Clerk

Saugus, Mass.

Dear Mrs. Wilson:

I hereby appoint the following to serve as the committee authorized by vote of the annual town meeting of 1940 under Article 64:

Messrs. Arthur Dearing,
78 Clifton Avenue
Jack A. Meeker,
26 Summer Street
Byron L. Day,
603 Lincoln Avenue
Dr. Leroy C. Furbush,
420 Lincoln Avenue
George Donovan,
150 Broadway

Very truly yours,
HERBERT P. MASON,
Town Moderator.

A true copy. Attest:

VIOLA G. WILSON,
Town Clerk.

THE COMMONWEALTH OF
MASSACHUSETTS
Essex, ss.

To W. Charles Sellick, Constable of the Town of Saugus
Greetings:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to meet in the various precincts, Tuesday, the seventeenth day of September, 1940 at 12 o'clock noon, for the following purposes:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following offices:

Governor, for this Commonwealth

Lieutenant Governor, for this Commonwealth

Secretary of the Commonwealth, for this Commonwealth

Treasurer and Receiver-General for this Commonwealth

Auditor of the Commonwealth, for this Commonwealth

Attorney General, for this Commonwealth

Senator in Congress, for this Commonwealth

Representative in Congress, 7th Congressional District

Councillor, 5th Councillor District

Senator, 3rd Essex Senatorial District

2 Representatives in General Court, 10th Essex Representative District

Clerk of Courts, Essex County

Register of Deeds, Essex Southern District

County Commissioners (2) Essex County

And for the election of the following officers:

16 Delegates to the State Convention of the Republican Party

6 Delegates to the State Convention of the Democratic Party

The polls will be open from 12 noon to 8 P. M.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this third day of September, A. D. 1940.

EDWARD GIBBS, JR.,
HAROLD P. RICE,
GEORGE H. QUARMBY,
Selectmen of Saugus.

A true copy.

Attest: W. CHARLES SELICK,
Constable.
September 6, 1940

COMMONWEALTH OF MASSACHUSETTS

September 6, 1940

Essex, ss.

Pursuant hereunto I have served the within Warrant as directed by posting attested copies at the several precincts at least seven days before said meeting according to the By-Laws.

A true copy.

Attest: W. CHARLES SELICK,
Constable.

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk.

Attest: VIOLA G. WILSON, Town Clerk.

September 23, 1940

At a meeting of the Emergency Finance Board of the Commonwealth held on the 23rd day of September, 1940, a majority of said Board being present, the following vote was unanimously passed.

Voted: To approve the Renewal by the Treasurer of the Town of Saugus of so much of the Seventy Five Thousand Dollar (\$75,000.00) Tax Title Loan, which was originally approved by this Board under date of October 28th, 1938, as is outstanding on October 31st, 1940. The rate of interest on the renewal notes is to be one percent (1%) payable at maturity.

THE COMMONWEALTH OF MASSACHUSETTS

Essex, ss.

To W. Charles Sellick, Constable of the Town of Saugus

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in State Elections to meet in the several voting precincts of the Town on Tuesday, the fifth day of November, 1940 at 12 o'clock noon, for the following purposes:

To bring in their votes to the election officers for the Election of Candidates for the following officers:

Presidential Electors

Governor, for this Commonwealth

Lieutenant Governor, for this Commonwealth

Secretary of the Commonwealth, for this Commonwealth

Treasurer and Receiver-General for this Commonwealth

Auditor of the Commonwealth, for this Commonwealth

Attorney General, for this Commonwealth

Senator in Congress, for this Commonwealth

Representative in Congress, 7th Congressional District

Councillor, 5th Councillor District

Senator, 3rd Essex Senatorial District

2 Representatives in General Court, 10th Essex Representative District

Clerk of Courts, Essex County

Register of Deeds, Essex Southern District

County Commissioners (2) Essex County

Also to mark your "Yes" and "No" to the following questions:

QUESTIONS

To obtain a full expression of opinion, voters should vote on all three of the following questions:—

(a) If a voter desires to permit the sale in this town of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "Yes" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "No" on question one, "Yes" on question two and "No" on question three.

(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on questions one and two and "Yes" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "No" on question one and "Yes" on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises, where sold, he will vote "No" on all three questions.

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES ☐
NO ☐

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES ☐
NO ☐

3. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so

called, not to be drunk on the premises?

YES ☐
NO ☐

"Shall the Senator from this district be instructed to vote for legislation providing for ten dollar weekly payments to each recipient of old age assistance?"

YES ☐
NO ☐

"Shall the Senator from this district be instructed to vote for the establishment of a lottery to be conducted by the Commonwealth, which shall be known as the Old Age Assistance Sweepstakes, the net proceeds of which shall provide additional revenue for the Old Age Assistance Fund?"

YES ☐
NO ☐

The polls will be open from 12 noon to 8 P. M.

And you are hereby directed to serve this warrant by posting attested copies thereof seven days at least before the time of said meeting, as directed by vote of the Town.

Hereof fail not and make due return of this warrant with your

doings thereon at the time and place of said meeting.

Given under our hands and Town Seal this twenty-first day of October, 1940, A. D.

EDWARD GIBBS, JR.,
GEOFGE H. QUARMBY,
HAROLD P. RICE,
Selectmen of Saugus.

A true copy.

Attest: W. CHARLES SELLICK,
Constable.

(seal)

October 28, 1940

COMMONWEALTH OF
MASSACHUSETTS

October 28, 1940.

Warrant for Special Town Meeting

NOVEMBER 25, 1940

Essex, ss.

To W. Charles Sellick, Constable
of the Town of Saugus.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town Elections and Town Affairs to assemble in the Town Hall, on Monday Evening, November Twenty-Fifth, Nineteen Hundred and Forty, at Eight o'clock P.M., to hear and act on the following articles, viz:

Article 1. To see if the Town will appropriate and transfer the sum of \$764.90 from the Insurance Receipts account to the following accounts:

\$588.00 to the Town Hall account
45.00 to the Highway account
30.70 to the Infirmary account
101.20 to the School Repairs account

or to see what action the Town will take in the matter agreeable to the petition of the Town Accountant.

Art. 2. To see if the Town will appropriate and transfer the sum of \$1,907.64 from the Overlay Surplus account to the following accounts:

\$73.75 to the 1929 Overlay account
92.60 to the 1930 Overlay account
17.42 to the 1932 Overlay account
19.50 to the 1933 Overlay account
81.95 to the 1934 Overlay account

84.14 to the 1935 Overlay account
16.68 to the 1936 Overlay account
18.45 to the 1937 Overlay account
57.96 to the 1938 Overlay account
1445.19 to the 1939 Overlay account
or to see what action the Town will take in the matter agreeable to the petition of the Town Accountant.

Art. 3. To see if the Town will appropriate and transfer from any unexpended revenue account balances the following amounts:

\$242.43 to the Judgment—Marion B. Peach account.

\$500.00 to the Judgment—Beatrice Steverman account
or to see what action the Town will take in the matter agreeable to the petition of the Town Accountant.

Art. 4. To see if the Town will appropriate and transfer the sum of \$5,000.00 from any unexpended revenue account balances to the W. P. A. Projects account agreeable to the petition of the Board of Selectmen.

Art. 5. To see if the Town will appropriate the sum of \$1,000.00 for the School Department, said sum to be transferred from any available unexpended balances of Revenue Appropriations, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., Chairman of the Finance Committee and others.

Art. 6. To see if the Town will vote to appropriate and transfer the sum of One Thousand (\$1,000.00) Dollars from the Water Purchase Account to the Water Maintenance Account, or to see what other action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 7. To see if the Town will vote to appropriate and transfer the sum of Five Hundred (\$500.00) Dollars from the Water Purchase Account to the Water Services Account, or to see what other action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 8. To see if the Town will vote to appropriate the sum of \$1,500.00 for the Board of Health, said sum to be transferred from any unexpended balances or to see what action the Town will take in the matter, agreeable to the petition of the Board of Health.

Art. 9. To see if the Town will vote to appropriate and transfer from the Sale of Cemetery Lots Fund and any unexpended balances, the sum of \$4,500 to provide for the purchase for cemetery purposes of a parcel of land on the Northerly side of Winter Street and shown as Lot A-26 on Plan 1013 on file in the Assessors' Office, and authorize the Board of Cemetery Commissioners to make such purchase on behalf of the Town, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Cemetery Commissioners.

Art. 10. To see if the Town will vote to permit the use for burial purposes of the land described in the preceding article, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Cemetery Commissioners.

Art. 11. To see if the Town will change the Zoning Law and Zoning Map so that the property described below shall hereafter be zoned for business purposes:

Property numbered 36 Western Avenue, formerly owned by the late Mrs. Anna Parker, containing about

20,022 square feet as shown on Assessors' Plan No. 2008, Lots A-31 and A-32, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 12. To see if the Town will vote to amend the Zoning By-Laws and Zoning Map so that the property shown as lots 45, 46, 47, 48, and 274 Bow Street, on Assessors' Plan 1042, shall be zoned for business, agreeable to the petition of Clement C. Fearn and others.

Art. 13. To see if the Town will vote to amend the Zoning By-Laws and Zoning Map so that the property shown as Lots 303, 304, 305, 306 and 403A Bryer Street, on Assessors' Plan 2052 and 496P, shall be zoned for business, agreeable to the petition of Lawrence F. Davis and others.

Art. 14. To see if the Town will vote to amend the Zoning By-Laws and Zoning Map so that that portion of lot A16 on Assessors' Plan 1036 as fronts on Broadway shall, to a depth of 125 feet from said Broadway, be zoned for business, agreeable to the petition of Anesty H. Nikole and others.

Art. 15. To see if the Town will change the Zoning By-Law and Zoning Map so that the premises described below will be zoned for business purposes, hereafter:

Lot 93 and one half of Lot 94 as shown on a plan of Kenwood, drawn by T. J. Desmond, recorded with Essex County South District Registry of Deeds Book 1624, Page 1 and bounded and described as follows:

Northerly by Winter Street 42.45 feet; Easterly by Kenwood Avenue 80 feet; Southerly by Lot 130 as shown on said plan, and Westerly by the remaining portion of Lot 94, 92.5 feet.

or to see what action the Town will take in the matter, agreeable to the petition of Susie A. Dahlen, Edward Gibbs Jr. and others.

Art. 16. To see if the Town will vote to amend the Zoning Map and Zoning By-Law so that the property at No. 780 Broadway, shown as Lot A-1 on Plan 2058, on file in the Assessors' Office shall be rezoned

for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Gertrude H. Amidon and others.

Art. 17. To see if the Town will change the Zoning By-Law and Zoning Map, so that the following described property will hereafter be rezoned for business:

Premises numbered 337-339 Lincoln Avenue, being Lots A52 and A53 on Assessors' Plan 2016, and containing approximately 9153 square feet, or to see what action the Town will take in the matter, agreeable to the petition of Frank J. Gilman, Edward Gibbs Jr. and others.

Art. 18. To see if the Town will vote to amend the Zoning Map and Zoning By-Law so that the land hereinafter described be rezoned as an industrial district:

Beginning at a point on the Westerly side of Vine Street at the southerly extremity of land now or formerly of Cunningham and running southeasterly on said Vine Street ninety-four (94) feet; thence southwesterly two hundred seventy-five (275) feet by lands now or formerly of Robert H. and Lena F. Brand, K. Edith White and Sarah Penny, et al; thence running northwesterly on land now or formerly of Sarah Penny, et al., three hundred sixty (360) feet; thence running northeasterly on said Penny land two hundred eighty-one (281) feet; thence running southeasterly by lands now or formerly of Isabelle S. Marr, Siaglo Boleslaw and Joseph Prince one hundred ninety and 5/10 (190.5) feet; thence running southerly by said Cunningham land two hundred seventy-two (272) feet, thence running northeasterly to the point of beginning. Containing 2.578 acres more or less and shown as Lot A-118 on Plan No. 1021 on file in the office of the Board of Assessors.

or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 19. To see if the Town will vote to amend the Zoning Law and

Zoning Map so that the property at No. 565 Lincoln Avenue shown as Lot A-122 on Plan 2001, on file in the Assessors' office shall be rezoned for industrial purposes, or to see what action the Town will take in the matter agreeable to the petition of Effin B. Shackford and others.

Art. 20. To see if the Town will change the Zoning By-Law and the Zoning Map, so that the property described below shall hereafter be zoned for Business purposes.

A piece of land in Saugus belonging to Perini, bounded and described as follows:

Southerly by Main Street on four lines measuring together 688.96 Ft., Westerly by Forest Street 1038 Ft., Northerly by land now or formerly of Charles O. A. Ryman 958 Ft., Easterly by said Ryman land 433.78 Ft., Northerly by said Ryman land 75.9 Ft., Easterly by Broadway 506.15 Ft., Southerly by land now or formerly of John S. LeBaron 632.83 Ft., Easterly by said LeBaron land 107.68 Ft., estimated to contain 26.8 acres of land, or any part or portion thereof.

All of said boundaries are determined by the Court to be located as shown on a plan drawn by Edward S. Foster, C.E., dated December 22, 1900, as modified and approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed with original Certificate of Title No. 10 in said Registry.

or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs Jr., and others.

Art. 21. To see if the Town will vote to accept Sections 4, 5, 6, 7, 8, 9, 10, 11, 12 and 14 of Chapter 143 of the General Laws, or to see what action the Town will take in the matter, agreeable to the petition of the Planning Board.

Art. 22. To see if the Town will vote to accept Warren Road in accordance with plan and profile on file with the Town Clerk.

Art. 23. To see if the Town will amend Chapter 20 of the Building

Ordinances of the Town of Saugus, as adopted by the Town October 24, 1933, and any amendments thereto, which chapter is entitled "Projections (1)"; by adding after the words "approved by the Town Counsel" in paragraph three of said chapter, the following additional words, "or until the applicant shall have procured and paid for liability insurance satisfactory to the Board of Selectmen and uncancellable for the term of such permit, which liability insurance shall protect the Town as fully as would the bond above described," or by amending said Chapter 20, by the addition of any words which will accomplish the subject matter above, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 24. To see if the Town will vote to petition the Legislature for legislation enabling the Board of Selectmen to serve as a Board of Sewer Commissioners, or to see what action the Town will take in the matter, agreeable to the petition of Harold W. Humphries and others.

Art. 25. To see if the Town will vote to authorize the Selectmen, for and on behalf of the Town, to sell and convey a strip of land from the rear of Lot 502 Cleveland Avenue, which land is shown as Lot A-284 on Assessors' Plan No. 3024, the dimensions of said strip to be fixed by said Selectmen, who shall also be empowered to impose such conditions and reservations therein or thereon as they may deem expedient, agreeable to the petition of Laurence F. Davis and others.

Art. 26. To see if the Town will vote to amend the Zoning Map and Zoning By-Laws so that the premises situated on the Newburyport Turnpike and shown as Lots A-291 to A-288 on Assessors' Plan 2054 will be rezoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Alfred H. Woodward and others.

Art. 27. To see if the Town will instruct the Board of Selectmen to have the ashes and rubbish col-

lected by private contract beginning in 1941, or to see what action the Town will take in the matter, agreeable to the petition of Anna S. Peters and others.

Art. 28. To see if the Town will authorize the Board of Public Welfare and/or the Board of Selectmen to lease to the Saugus Revolver and Rifle Club certain lands off Main Street containing about six acres for the period of one year or longer and authorize either board to set the rental thereof, or to see what action the Town will take in the matter, agreeable to the petition of William A. Fielding, Harry A. Raymond, Arthur M. Lassell, Edward Gibbs, Jr.

Art. 29. To see if the Town will vote to appropriate the sum of \$2,200.00 for the purchase, erection and installation of a suitable War Memorial in commemoration of the services of those men and women of the Town who served in the armed forces of the United States during the World War. Said sum of money to be transferred from the Special Fund now held by the Town under the title "Surplus War Bonus Fund," and to be expended for such purposes by a committee of five citizens who shall be appointed by the Board of Selectmen, or to see what action the Town will take in the matter, agreeable to the petition of Harold P. Rice and others.

You are hereby directed to serve this Warrant by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this 12th day of November, A.D., Nineteen Hundred and Forty.

Voted: That the Selectmen be, and they hereby are authorized for and on behalf of the Town, to sell at private sale and to convey a strip of land from the rear of 502 Cleveland Avenue, which land is shown as Lot A-284 on Assessors' Plan 3024, the dimensions of said strip to be fixed by said Selectmen who shall also be empowered to impose such conditions and reservations therein or thereon as they may deem expedient, to fix the price therefor, and to execute and deliver in the name and under the seal of the Town a quitclaim deed therefor, 9:54 P.M.

Article 26.

Notice of Hearing

The Planning Board will hold a public hearing in its office in the Town Hall on Monday, November 18 at 8:00 P.M. on the petition of Alfred H. Woodward and others to amend the Zoning By-Law so that land shown on Assessors' Plan 2054 as Lots A-288, A-289, A-290 and A-291 shall hereafter be zoned for business purposes. Located on Broadway and Cheever Road.

By William H. Robinson, Clerk.

Report of the Planning Board

After advertising in the Saugus Advertiser, issue of November 8, 1940, the Planning Board held a public hearing in its office in the Town Hall on November 18 to consider Article 26 of the Town Meeting Warrant of November 25, 1940.

After discussion the Board recommends the adoption of the amendment as requested.

By W. L. Roy, Chairman

Voted: To amend the Zoning Map and Zoning By-Laws so that the premises situated on the Newburyport Turnpike and shown as Lots A-291 to A-288 on Assessors' Plan 2054 will be rezoned for business purposes. Yeas 140. Nays 0. 9:55 P.M.

Article 27. Voted to refer to the Finance Committee. 10:12 P.M.

Article 28. Voted that the Town authorize the Board of Public Welfare lease to the Saugus Revolver and Rifle Club certain lands off Main Street containing about six acres for the period of one year or longer and authorize the board to set the rental thereof. 10:14 P.M.

Article 29. Voted: That the sum of \$2200.00 be and the same is hereby appropriated for the purchase, erection and installation of a suitable War Memorial. Said sum of money to be transferred from the Surplus War Bonus Fund and expended on behalf of the Town for such purposes by a committee of five citizens, appointed by the Board of Selectmen. 10:45 P.M.

The following resolution was presented by Albert E. Kent. Resolution: Be it resolved that we as duly elected representatives of the citizens of this Town do hereby request that the Board of Selectmen contact the proper Federal authorities with a view to the establishment of the Stamp Plan of Federal Food Distribution in the Town of Saugus should the same prove advisable after thorough and complete investigation and to take any further steps that may be deemed necessary to bring this Public Service to Saugus, that our citizens may enjoy and profit by any or all benefits accruing thereto. Adopted 10:45½ P.M.

The meeting was adjourned at 10:46 P.M. to Wednesday, following the second Monday in March, 1941 at 8 P.M.

A true copy. Attest:

At a meeting of the Emergency Finance Board of the Commonwealth, held on the 30th day of October, 1940, a majority of said

Board being present, the following vote was unanimously passed:

Voted: To approve the borrowing by the Treasurer of the Town of Saugus of the sum of Fifty Thousand Dollars (\$50,000.00) from the Commonwealth of Massachusetts, under authority and in accordance with the provisions of Chapter 49 of the Acts of 1933, as amended. The proceeds of this loan are to be used to meet the appropriation made for the Payment of Revenue Loans. The notes to be given the Commonwealth for this money are to bear interest at one percent (1%) payable at maturity.

Report of Committee

Appointed to Search for New Sources of Town Income

To the Members of the
Saugus, Massachusetts
Limited Town Meeting

In accordance with the action taken by the 1939 Annual Town Meeting, the Moderator appointed the following to serve as a Committee to Search for New Sources of Town Income.

William Irby
Harry W. Merrill
George E. Moorehouse

This Committee organized with Harry W. Merrill, Chairman and George E. Moorehouse, Secretary.

Since that time the Committee has been in conference with practically every town department. All officials have cordially cooperated and provided much information for the compiling of this report.

As a result of its investigations the Committee presents the following recommendations.

Assessors Department

The Committee believes that a comprehensive study of the valua-

tions placed on all taxable property should be made, and recommends the Board of Assessors undertake such a study at once, and any improper valuations corrected.

Selectmen's Department

The Committee recommends the following fees for licenses and permits:

Victualers License	\$5.00
Theatre	\$200.00 per year
Beano	\$1.00 per night
Pool and Bowling	\$5.00 per table or alley
Golf	\$7.50 per year
Groves	\$7.50 per year
Gasoline pumps	2.00 per pump, per year
Junk dealers	\$5.00 per year

Liquor Licenses

Package Stores	\$400.00 All Alcoholic beverages
Victualers	\$300.00 For malt beverages and wines.
Clubs	\$150.00 For malt beverages and wines.

Treasurer's Department

The Committee recommends that a start be made to foreclose on

properties held in the tax title account. We understand it will cost \$35.00 to put each property through the land court and the Committee recommends that the Finance Committee transfer \$350.00 from the Reserve Fund to pay the cost of ten foreclosures this year.

The Town holds about 3500 tax titles, and of this 729 are on homes. The tax titles are on land valuations ranging from \$2,000,000.00 to \$2,500,000.00. We collect from \$50,000.00 to \$80,000.00. a year, but we go behind \$20,000.00 to \$40,000.00.

The Committee also believes that rents should be collected from those occupying tax title property.

Tax Collector's Department

The Committee supports the recommendation of the Finance Committee that the Tax Collector should be provided with a reasonable salary, and all fees taken by the collector should be paid to the Town.

Cemetery Department

The Committee recommends that the receipts from the sale of lots and graves be set up as a separate fund, and placed at interest, to be held for the purchase of new land as required by the Cemetery, and such other uses as permitted by the General laws Ch. 114, Sec. 15.

This policy was advised by the Town Counsel in his letter of December 15, 1938 addressed to the Cemetery Commissioners.

Also it is recommended that the publication of the list of perpetual care funds, be omitted from the Town Report.

Fire Department

The Committee recommends the following fees:

Sale of Fireworks	\$10.00
Fees for blasting	\$.50 per blast
Single job (blasting)	\$2.00
Year's permit (blasting)	\$20.00

Police Department

Permit to carry guns or revolver \$1.00 per year.

Except for accidents and for those on welfare, the Committee recommends a charge of \$10.00 be

made for ambulance service, and that an agreement with the person responsible for payment be obtained.

School Committee

The Committee recommends that free public school education end with graduation, and pupils desiring to take post graduate work be required to pay tuition on the same basis as an out of town pupil would have to pay.

This policy has been already adopted in some other communities of the Commonwealth.

Furthermore, according to an opinion given by the Attorney General the State is not required to reimburse the town for expenses incurred for instruction given beyond the usual four year course.

Stackpole's Field

We recommend that a rental fee of \$50.00 be charged for the use of Stackpoles Field for all purposes for which an admission is charged.

Building Inspector's Department

The following fees are recommended:

Gas fixture permits	\$1.00
Boiler, Heating plants	\$1.00 per building
Projecting signs	\$1.00

Harbor Master's Department

Mooring fee \$1.00

Water Department

For Lynn Water	\$10.00 per 5000 cubic feet.
For Metropolitan Water	\$10.00 per 3333.33 cubic ft.

The difference in the amount of water to be sold for the minimum rate is due to the fact the Metropolitan Commission has raised its price from \$200.00 per million gallons to \$250.00.

It is the opinion of the Superintendent of Public Works that the proposals to reduce the number of cubic feet allowed for the minimum rate will not effect the majority of water users, as they are using less than the suggested quantity now, but the new proposal will effect the excessive users.

If the recommendation of the Committee is adopted the people of Saugus will continue to buy

water at a much less cost than the people of most other communities.

The following fees are recommended:

Turn on	\$2.00
Turn off	1.00

For thawing out pipes—first time free, each additional time at cost with minimum charge of \$5.00.

Blow out charge at cost with minimum of \$2.00.

The Committee also recommends that an appropriation should be made for a leak survey.

There appears to be about 60,000,000 gallons of water purchased from Lynn that cannot be accounted for. This represents an annual loss of about \$4500.00.

It is estimated that a leak survey can be made by competent engineers for not over \$2,000.00.

In addition, it is recommended that an appropriation be made to reduce the all year unmetered services of which there are 83. The cost of meters is \$15.00 each.

To give the Water Department full credit for the sale of Water, the Fire Department should be charged \$10.00 for each hydrant. This we understand is the policy in many communities. There are about 425 hydrants in Saugus.

No two tenements in the same house should be on the same meter.

Snow Removal

The Committee recommends a Town By-Law requiring abutters to remove snow from sidewalks in business districts.

Collection of Ashes and Rubbish

The Committee recommends the

discontinuance of the free collection of ashes and rubbish, and a fee of ten cents per barrel or container be charged for this service. The collection be carried out according to the rules and regulations, paragraphs 1, 2, 3, 4, 5, 6, as approved by the Board of Selectmen, June 1st, 1938.

In a study made by the Public Works Department in 1938, it was found that only one other community in the population group to which Saugus belongs was providing free collection of ashes and rubbish in town equipment.

Boston is now charging eleven cents a barrel, Belmont, Newburyport, and Stoneham charge ten cents, Andover, Norwood and Wellesley have collections made by private contractors who are paid direct by the householders.

Street Acceptances

We recommend that future street acceptances be made under the provisions of the Betterment Act, and Betterments Assessed. That no acceptances be made until the Public Works Department has determined the cost of making such street in proper condition for public use and all parties interested are prepared to pay their share of the cost of the necessary work.

Respectfully submitted,

HARRY W. MERRILL,
Chairman.

WILLIAM IRBY,
GEORGE E. MOOREHOUSE,
Committee.

Saugus, Massachusetts
March 13, 1940

Report of Committee on Tax Collector's Salary

Your Committee, appointed "to investigate the advisability of having the Collector of Taxes receive an annual salary as may be designated and appropriated by the Town Meeting and that all fees as defined by law in accordance with Sections 15, and 15A, Chapter 60 of the General Laws, and all subsequent laws concerning fees that are now retained by the Collector,

shall be turned into the Treasury of the Town as Town Income" have held a number of meetings, collected considerable statistical data, questioned the present incumbent of the office, who appeared at her own request, and unanimously report as follows:—

The Committee finds that the Town may make such a change, acting under Sec. 21, Clause 13, of

Chapter 40, of the General Laws. No action, other than a Vote of the Town Meeting being required.

No authority was given the Committee to investigate the details, general management or financial costs of the Department. No specific authority was given to investigate the Position of Town Clerk, however as the two offices have for many years been held by the same individual, it was felt that some knowledge of the position of Town Clerk and the remuneration paid was necessary to a proper evaluation of the position of Town Collector.

Town Clerk

The Town Clerk pays all fees into the Treasury and is paid a Salary of \$500.00

By Chapter 51, Secs. 16, and 23 of the General Laws, the Town Clerk is made clerk of the Board of Election & Registration. The Selectmen set the Salary which is \$200.00

She retains certain fees, which it is claimed she receives as an agent of the State and County. They are reported in the Town Report each year as so retained. To regard these fees as not under control of the town has not only been custom here but in most if not all other Towns. We believe however, that there is some question as to the validity of the claim, that they cannot be made a part of the Town Income.

These fees are as follows:

First: Sporting License Fees—Department Fisheries and Game.—Chapt. 131 Sec. 10, allows the Town Clerk to retain 15c each.

In 1939 these fees amounted to 72.75

Second: Dog License Fees—County of Essex—Chap. 140, Sec. 147 allows the Town Clerk to retain 20c each.

In 1939 these fees amounted to 235.25

All other fees are turned in as Town Income.

The Total Income received by the Town Clerk was—from the Town \$700.: and from all sources \$1,008.00

The position is one of responsibility and the duties of the Officer numerous and important. The Volume of business is not great, however except in connection with the Town Meeting.

A study of fifteen towns nearest in population to Saugus, shows that in eight towns the average salary where fees are not retained is \$1,805.00 and that in 5 towns where fees are retained, the average is \$662.00 and fees. In 2 towns the position is combined with other positions.

These figures do not include the salary as Clerk of the Board of Registration and Election.

This certainly does not show that the Town Clerk is overpaid, in fact with one possible exception we pay less than any other Town of the same size.

Tax Collector

The Salary of the Collector is \$1,200.00

The Fees allowed the Collector are established by Chap. 60, Sec. 15, of the General Laws, referred to in the Vote authorizing the appointment of this Committee (Sec. 15A added by amendment eliminates the fees formerly retained on poll taxes.)

The largest amount is for Tax Title Takings. The Collector receives fees amounting to \$3.35 for each Tax Title taken by the Town. She receives no other fees from this source.

The total amount received from Town Takings in 1939 was 1,752.05

All of these fees together with the printing, advertising, and recording are paid by check of the Town Treasurer directly to the Collector, printer, publisher and County of Essex Registry of Deeds respectively. They are provided for in the annual budget for Tax Title Expense.

The Collector also receives under Sec. 15, various other fees,—for demands, fees connected with property about to be taken by the Town but redeemed before the taking is completed, etc.

The Collector refused to allow inspection of her record book show-

ing these fees, on the ground that they were a private record, but your committee is advised otherwise. They are kept in a form prescribed by the Tax Commissioner, must be reported to the Treasurer and certified to by him each year.

The Collector stated the amount of these fees for the last three years, but later corrected the amounts in a letter stating that the Dog and Sporting fees had been included. Her corrected amounts are \$397.70 in 1937; \$447.25 in 1938 and in 1939 647.35.

In Saugus, the selectmen, who by law appoint the Collector of water Charges and set the salary, have appointed the Collector of Taxes the Collector of Water Charges at a salary of \$300.

Our Collector, therefore, in 1939 received a total income which is directly under control of the Town Meeting amounting to \$3,599.40 in addition to her salary of \$300 as Collector of Water Charges.

The Collector stated to the Committee that "Tax Title Expense does not cost the Town a cent. When Tax Titles are redeemed the costs are included." This is true, if, and when they are redeemed, but they are not redeemed for some time and the Town can effect a saving by appropriating these fees in the first place. Many are never redeemed.

At present we appropriate for them in the budget and thus increase the tax rate to that extent.

It must, however, be borne in mind that the Tax Title Work will remain in this department. This work is considerable as Saugus takes four times the number of Tax Titles taken by any other town in the Commonwealth and seven or eight times the average.

The Collectors Income from fees was larger this year than in 1937 or 1938, but the tendency in recent years has been towards the elimination of fees in this department. Formerly a second set of fees was received by the Collector on Tax Title Takings. The Collector also received fees on poll taxes, and the collector of water Charges was allowed fees.

The present Collector receives but one set of fees on Tax Title Takings, no fees at all on Poll taxes, or Excise taxes, nor does she receive any fees as Collector of Water Charges.

A study of the fifteen towns, nearest in population to Saugus, shows that where a salary only is paid, it ranges from \$1,740 to \$3000. The average of seven towns being \$2,498.57.

In six towns, paying on a salary and fee basis, the range is \$1800 to \$3,500. The average is \$2,458.33. This is accounted for by the fact that in the two slightly smaller towns of Milford and Natick, the Collectors each receive a salary of \$3500 and fees, but have to pay their own clerical hire. In the other two towns the salaries paid are for combined positions.

All figures are for 1939 and all towns are within 2000 of the population of Saugus. In the Town of Weymouth, not included above, the Collector is paid .55% of his collections, including tax levy.

Our Secretary has made a study of another list of twelve towns, ranging in population from 11,000 to 21,000 with an average of a little over 15,000. These towns had an average valuation in 1939 of about 21,500,000.

An earnest effort was made to secure reliable information in regard to Salary, Other positions held, fees retained by the Collector and fees turned into the Town Treasury. This study disclosed such a diversity of conditions, and perhaps some evasiveness by the Collectors in regard to fees, that it is difficult to draw proper conclusions. The Secretary found that in these towns the average salary was \$2,079.00 with an average additional income of \$1,040. In six towns, where fees were turned into the Treasury the average amount so turned in was \$1,377.22. The Average Tax Title account was \$452. while in Saugus it was \$3,223.

The Committee believes that a change in the basis of pay would be for the best interest of the Town, because it would be in line

with the tendency of the times, and the uncertainty that has made the position a source of considerable undesirable criticism, and would result in a real financial saving to the Town.

We make no criticism of the present or past incumbents of the Office, and believe they have been legally entitled to what they have received.

We do not believe the position is worth the \$3600 received this year.

In most Towns the Collector is paid as much or more than any other official except the Superintendent of Schools. That it requires a person of integrity and ability is indicated by the fact that the Collector is bonded for \$48,200 and that collections of various kinds amounting to nearly \$900,000 passed through the Department in 1939.

The salary should be commensurate with the importance and responsibility of the position in order to attract those properly

qualified to desire it as a full time position.

Therefore your Committee unanimously make the following recommendations:

First: That the Collector of Taxes receive an annual salary as may be designated and appropriated by the Town Meeting and that all fees as defined by law in accordance with Sec. 15, Chapter 60, of the General Laws, and all subsequent laws concerning fees that are now retained by the Collector, shall be turned into the Treasury of the Town as Town Income.

Second: That the Collector of Taxes receive a Salary of \$2500. per annum for all services as Collector of Taxes.

Respectfully submitted,
CHARLES H. MOORE,
Chairman.
RUSSELL B. CHESLEY,
Secretary.
HAROLD PENDLEBURY,
BROWNING W. ROGERS,
JOHN C. PITMAN,
Committee.

Report of the Wage and Salary Investigation Committee

TO THE VOTERS OF THE TOWN OF SAUGUS:

Your committee was appointed by the moderator under the following vote at the town meeting of April 3, 1939:

"Resolved that the moderator appoint a committee of five members who shall be known as the Wage and Salary Committee who shall make an investigation and bring in a report and recommendation concerning a future salary and wage rate of all town employees, and appointed positions. Also, a report to abolish all political and unnecessary town positions including a report on the eligibility of town employees holding more than one paid position while employed by the Town of Saugus. Said committee shall have the right to summon any department head or employee for the purpose of secur-

ing data and information that will help it bring in a report at the earliest possible date or town meeting. And further voted on December 4, 1939, the investigation of those positions held by virtue of election."

In accordance with these instructions, your committee respectfully submits its REPORT.

A few general remarks may prove of interest to our citizens at this time. Owing to existing conditions, Saugus, like all other communities, is feeling the effect of the decrease in revenue from all its resources, state and real estate taxes. This decrease in revenue has resulted in a constant increasing tax rate, reaching a peak in 1939 of 49.90. Of this, \$22.88 represents that paid for wages and salaries.

Your committee feels it unnecessary to call to the attention of the tax payers the economic conditions that have existed during the past years, and the effect.

As a basis for our investigation, it was agreed that the best method of procedure would be to make comparisons of the departments and scale of wages in Saugus with those of other towns comparable with Saugus. Accordingly, all department heads have met with your committee and discussed the general duties and expenses of their departments. The stenographic record of each meeting has been maintained so that the committee could accurately refresh its memory as to the statements offered by each and every department head. Keeping before it the fact that \$22.88 of this present tax rate represents the amount paid for wages and salaries, your committee has divided the instructions contained in the resolution into four distinct classifications; namely:

I To recommend a future wage and salary rate for all town employees, and appoint positions.

II Abolish all political and unnecessary town positions.

III Eligibility of town employees holding more than one paid position.

IV Investigation of those positions held by virtue of election.

WE THEREFORE RECOMMEND: I A FUTURE WAGE AND SALARY RATE FOR ALL TOWN EMPLOYEES:

That for all future clerks hired by the departments of the Town of Saugus, the minimum salary rate shall be \$15 per week and the maximum rate \$25 per week for regular clerks, and the maximum of \$35 per week for chief clerks or assistant to the department heads; said rate of salary to be gradually increased to reach a maximum after five years of continuous service. We further recommend that the salary and wage rates of our Police, Fire, School Department, and town laborers remain at the present schedule.

II ABOLITION OF ALL POLITICAL AND UNNECESSARY TOWN POSITIONS:

After months of careful investigation and study and meetings held jointly with all department heads this committee feels that if the actual power of the hiring and discharging employees were delegated to the immediate department head, a greater degree of efficiency and savings could be maintained; thereby eliminating politically made positions and place the departments on a basis comparable with private industries.

III ELIGIBILITY OF TOWN EMPLOYEES HOLDING MORE THAN ONE PAID POSITION:

On this matter your committee quotes the written opinion of the Town Counsel under date of October 9, 1939.

"The by-laws for the Town of Saugus provide in Article VII, Section 4, as follows:

"No salaried officer or salaried employee of the town or any agent of any such officer or employee shall sell materials or supplies to the town or receive any compensation or commission for work done by him for the town or receive any emolument, gain or income as the result of any contract with or sale to the town negotiated by him except his official salary and fees allowed by law.

"This by-law does not prevent a person from holding more than one position in the town. For example, it does not prevent one employed on salary by the town from being a member of a Board or from holding a town office, there being no salary or compensation attached to the position on the board or office. Likewise, there is nothing in the by-law to prevent a person from holding many positions in the town where he does not receive compensation for any of them.

"My opinion is, however, that if a person is a salaried town officer or town employee, he cannot, by virtue of this by-law, accept salary for another office or other employment without resigning his former office or employment or at

least, giving up the compensation connected therewith.

"In certain cases, though, the Legislature has made it plain that a person may hold one or more positions, as in the case of Town Clerk and Tax Collector. When the Legislature has so spoken, it is my opinion that the person holding both offices may receive the salary incidental to both. The reason for this is that the salary is part of the office and the Legislature must be understood, in allowing the same person to hold both offices, to allow that person to collect both salaries. In other situations where the Legislature has not so spoken, the town through its by-laws has power to regulate the matter."

IV INVESTIGATION OF THOSE POSITIONS HELD BY VIRTUE OF ELECTION:

Your committee after due consideration and study has found that these positions held by virtue of election are paid in excess of those paid in other towns comparable with our own, while your committee is not unmindful of the fact that in many instances the

renumeration does not compensate for the actual work rendered. Nevertheless, the committee does feel that elected officials in offering themselves intend to be public spirited. Therefore, it is recommended that they voluntarily take steps to re-adjust these part-time salaries.

In submitting this report your committee wants to thank all those town officials and employees who have given of their time to discuss with us the problem that has confronted the town.

If the recommendations of this committee are adopted and placed into effect immediately, a practical and much needed saving to the tax payers and home owners of Saugus can be realized. Therefore, in closing this committee recommends the adoption of this report and that the committee be discharged.

Respectfully submitted,

John J. Bucchiere, Chairman.
Dorothy Shorey Estabrook, Secretary.

Frederick J. England,
Robert G. Pike,
C. Carroll Cunningham,

VIOLA G. WILSON, Collector of Taxes.

Report of Town Accountant

December 31, 1940

To the Honorable Board of Selectmen,
Saugus, Mass.

Gentlemen:

I herewith submit my third annual report as Town Accountant for the year 1940. The report is made in accordance with the requirements of the State System of Accounting and is set forth in the following schedules.

In accordance with the provisions of Section 58 of Chapter 41 of the General Laws, each head of a department, board or committee authorized to expend money, was requested to furnish at the close of the year a list of bills remaining unpaid and I am pleased to report that all departments have reported no unpaid bills with the exception of the W. P. A. project department and at the present time the amount of unpaid bills of this department is undetermined. On December 5, 1940, I notified each elected and appointed officer of the Town by letter of the Superior Court rulings in the Medford and Salisbury cases and clearly pointed out the findings with reference to unpaid bills of the current year being carried over for appropriation and payment in the next year and it is my firm belief that this letter had more effect on the department heads than any other method or notification given heretofore.

Previous to the November 25th special town meeting, I had drawn up an article amending Article V of the Town by-laws by accepting as Section 3, an encumbrance system of accounting with certain regulations and as Section 4, authorizing the Town Accountant to prescribe the methods of accounting and forms to be used. At that time I was reluctant to request the inclusion of this article in the special town meeting warrant first, because of the expense involved to install and maintain the system and secondly because of the excellent condition of the appropriation accounts (with one or two possible exceptions) and the assurances

given me by department heads that they would complete the year within their appropriation balances and third, because of the tremendous increased amount of manual work for the present personnel of the Accounting Department if the by-law accepting the system was voted on favorably by the town meeting but an insufficient or no appropriation at all was made to install and maintain the system.

It is my contention that the town has outgrown our present accounting system and this contention has been confirmed by the State Auditors who, although they are and have been in favor of this system, have nevertheless refrained from recommending it to cities and towns on account of the expense involved in the installation and maintenance.

In view of the aforementioned, I would recommend that the town accept this system of accounting and shall request the inclusion of an article of acceptance in the next annual town meeting warrant. I also recommend that an article establishing the position of purchasing agent for the town be properly drawn up and included in the warrant for the next annual town meeting. It is my sincere belief that this position, properly administered, would save more than enough to pay for the installation of an encumbrance system of accounting, the maintenance thereof and the salary of the purchasing agent in the first year of operation.

During the past year the accounts of the town were audited by the State Division of Accounts and the report of the audit will be found in another section of the town report. I wish to thank Mr. William Schwartz, Mr. Thomas E. McNiff and the other State Auditors for their cooperation and advice during the audit.

A great deal of time was spent by this department during the past year in compiling statistical information for various departments. I have also given the local taxpayer's association a detailed re-

port of appropriations and other credits, expenditures and transfers and available balances at the end of each month and believe that by so doing that they have been better informed about the financial affairs of the town than during the previous year. Balance sheets and detailed financial reports have also been furnished to your Board and to various financial institutions and the customary mid-year report of appropriations, expenditures and available balances was published in the local press.

In closing, I wish to call your attention to the Surplus Revenue shown on the attached balance sheet after closing the books on December 31, 1940. I also wish to call to your attention that the amount of unexpended appropriation balances reverting to revenue at the end of the year was \$16,976.07, a reflection of over \$1.00 on the tax rate.

Respectfully yours,

RALPH QUIRK,
Town Accountant.

In accordance with the provisions of Section 50 of Chapter 41 of the General Laws, I have verified the cash on hand December 31, 1940, by actual count and the cash in the banks was certified by reconciliation of the outstanding checks with the books and bank statements and was further verified by letters received from the banks certifying to the amount to the credit of the Town of Saugus at the close of business, December 31, 1940.

In accordance with the provisions of Section 53, of Chapter 41 of the General Laws, I have verified the various trust funds and special deposits as of December 31, 1940, which are as follows:

George M. Wilson Library Fund

United States Treasury	
Bond 3¼% 44/46	\$ 100.00

Report of Workmen's Compensation Agent

December 31, 1940

Honorable Board of Selectmen:

I herewith submit my report as Workmen's Compensation Agent for the year ending December 31, 1940.

During the past year a thorough investigation as to the advisability of including school teachers under our Workmen's Compensation coverage has been made. It appears that the large amount of payroll involved together with the rate for this type of occupation would increase the compensation premium to almost a prohibitive figure. In view of the excellent loss experience of this class, however, I would recommend that school teachers not be covered under the insurance now carried by the Town but in cases coming within the provisions of the Workmen's Compensation Act, that the Workmen's Compensation Agent handle all such cases with the cooperation of the School Committee and the Board of Selectmen.

One case was settled during the year. On February 23, 1940, a regular employee of the town was operating a tractor for the purpose of snow removal. On that date he reported an alleged injury claiming that the long hours of labor, the vibration set up and the action of the tractor caused internal irritation and what his attending physician described and treated as a traumatic orchitis. It appears that this employee had a congenital condition since birth and the insurance company's surgeon was of the opinion that traumatic orchitis was not possible under the circumstances alleged. The insurance company felt they would not be justified in paying compensa-

tion on this case, believing that the condition did not arise from the man's occupation and the inflammation arose from some other cause and might be of a re-current nature. If this condition should persist an operation might be necessary with all the complications that might come from such an operation. After investigation I notified the employee of his right of appeal to the Industrial Accident Board but inasmuch as it was a so-called "borderline" or questionable case he was notified of the following conclusions:

(1) that the insurance company's stand was well taken in view of the employee's condition and the future possibilities involved.

(2) that the amount involved did not justify the employee taking his appeal to the Industrial Accident Board.

(3) that the possibility of an increased experience rating for compensation insurance for the Town, if the insurance company admitted liability, justified the payment of this claim by the Town in view of the small amount involved if and when proper releases were given to the Town by the employee.

On May 13, 1940, after proper releases were executed, this case was settled for \$45.86. Department heads were notified that this employee should not be employed as an equipment operator (except truck driver) unless he could prove conclusively that his physical condition had been eliminated and I was assured of their cooperation.

Respectfully submitted,

RALPH QUIRK,
Workmen's Compensation Agent.

Report of Insurance Supervisor

December 31, 1940.

Honorable Board of Selectmen:

I herewith submit my annual report as Insurance Supervisor for the year ending December 31, 1940:

Fire Insurance on town buildings and contents covered under blanket form of schedule:

Travelers	\$10,000	July 12, 1943
-----------	----------	---------------

During the past year, the new sewer building at East Saugus was completed and insured specifically. It is my intention to include this risk in the schedule form in 1941. This building is of brick construction and may or may not have a tendency to lower the average rate now in force and will increase Item No. 1 of the schedule form to \$1,135,067.00 and the total amount to \$1,444,892.00 as of February, 1941.

I also wish to call your attention to the fact that a savings of \$1,289.15 on Workmen's Compensation and Public Liability cover-

age, was made this year over the previous year. This savings was due to my being able to make the payroll audit with the insurance companies' auditor and knowing from past experience how to apply the various compensation rates to our particular municipal occupations to the advantage of the town.

There has been no change in the approved list of agents and brokers during the current year.

Respectfully submitted,

RALPH QUIRK,
Insurance Supervisor.

Report of the Sealer of Weights and Measures

Saugus, Mass.
December 31, 1940

Board of Selectmen
Town Hall
Saugus, Massachusetts.
Gentlemen:

The testing of weights and measures of all types has been carried on as usual in the past year, and

those not up to standard have been promptly condemned.

I had two prosecutions one in the Saugus and one in the Chelsea court, both for short weight, and both were found guilty.

The following is a detailed report of my activities for the year.

Scales	Pounds	Sealed	Not sealed	Condemned
Platform	Over 5000	4		1
Platform	100 to 5000	4	9	
Counter	Under 100	11		1

Respectfully submitted,
ALFRED H. WOODWARD,
Sealer of Weights and Measures.

Report of the Police Department

January 1, 1941

To the Honorable Board of
Selectmen:—

It again becomes my pleasure to present to you my tenth annual report of the Police Department during the year 1940.

The Department consists of a Chief, one Captain, one Lieutenant, eleven Patrolmen, and five Reserve Officers. There are also fifty-six Special Police Officers. Of this amount, eighteen of them are equipped with uniforms and are capable of doing regular Police work in emergencies. There are also the watchmen at the Lynn Water Shed, who are Special Police Officers. There are seven in this group.

The Roster of the Police Department is as follows:—

Chief

John T. Stuart

Captain

Henry P. Wheaton

Lieutenant

Roland E. Mansfield

Regular Patrolmen

James P. Sullivan
Clarence H. Berrett
William MacDougall
Joseph A. Lambert, Jr.
James F. Maher
Thomas F. Spencer
Walter F. Neal
William F. Cahill
Ernest A. Dunham
Howard P. Berrett
Carl G. W. Pearson

Reserve Patrolmen

Rosario A. Bucchiere
Walter J. Elsmore
John E. Luoma
Edgar T. McKenney
Edward F. Newbury

Police Matron

Mabel D. Murdock

Daily reports of officers show the following:

Complaints and reports received 1923. Breaks 38, Larcenies 112, Dog Bites 24, Dog Barking 31, Killed by Dogs 9, Windows Broken 48, Property Damaged 42, Playing

in Streets 24, Domestic Trouble 38, Complaints of Drunks 46, Prowlers or Peepers 11, Assaults 6, Missiles Thrown 20, Dogs lost 101, Dogs Found 96, Automobiles Stolen 16, Automobiles Recovered 46, Persons Missing 59, Persons Found 47, Articles Lost 55, Articles Found 46, Females Accosted 1, For Other Authorities 181, Windows and Doors found Open 203, Lights found burning 54, Fires discovered or Responded to 28, Investigations 517, Conveyed to Hospitals 147, Conveyed from Hospitals 36, Domestic Trouble 38, Holes in Streets 55, Playing in Streets 24, Disturbances 47, All others 795.

During the year 1940 there were 516 arrested. Of this amount 484 were males, 10 females, 22 Juveniles.

Disposition of the year's arrests are as follows:— Fined 180, Filed 171, Released 85, Dismissed 31, Costs of Court 5, House of Correction 13, State Farm 5, Cases appealed 29, Grand Jury 23, Probation 8, Lawrence Training School 1, School for Girls 1, Arrests for Out of Town Police 123.

At this time I want to call your attention to the fact that your Police Department is very much undermanned and should be increased. I am going to ask for an increased appropriation for a two-way Radio, of which I consider is one of the most important steps in economy and efficiency in our Police Department. As you are well aware the Police Departments are the first line of defence. From the Governor of our Commonwealth down through Defence Committees Police Departments are urged to be prepared, and one way is to have an up to date communication system, a two way radio at very little expense to the tax payers.

The motorized equipment of our Department consists of a 1935 ambulance, 1935 Oldsmobile Sedan, 1941 Chevrolet Cruising Car. Two of these pieces of apparatus should be replaced this year, due to the fact that they are costing the Town considerable money to keep

in running condition. The Ambulance which is used to convey the sick to and from Hospitals is a very hard riding vehicle, and should be replaced with something more modern to comfort the sick. We have received numerous complaints from the sick that are being transported in the ambulance. It is a truck chassis, it rides very hard, and it has got to such a condition that the Town is liable to law suits in transporting patients to Hospitals. This ambulance should be replaced at once with something more up to date.

In conclusion I wish to thank the Honorable Board of Selectmen, the

several Town Officials, and all other citizens of the Town who by their co-operation and good will aided me in maintaining the high degree of efficiency that our Police Department ranks. I also want to thank the Justices of both the Saugus Trial Justice Court, and the Lynn District Court for their co-operation during the past year. Last, but not least I want to thank all the members of the Police Department for their part in keeping the efficiency of the Department at a high standing.

Respectfully submitted,
JOHN T. STUART,
Chief of Police.

Report of the Board of Fire Engineers

Saugus, Mass., January 1, 1941
To the Honorable Board of
Selectmen and the Citizens of
the Town of Saugus:

We herewith submit the annual report on the personnel, condition, and activities of the Fire Department for the year ending December 31, 1940.

Roster

Chief

William R. Salsman

Captain

George B. Drew

Lieutenants

Ralph E. Berrett

Joseph L. Maguire

Permanent Firemen

John McLaughlin

Harold Atkinson

Alfred Bird

Albert Jervis

Warren Newhall

Norman Hull

George Parrott

Leo Cahill

Guy Collins

Frank Beckford

Robert Jacobs

John Ward

Call Firemen

Lewis O. Gray

Frank Garofano

Randolph Popp
Fred Chesley
Peter Walzer
Lewis Richardson
John Cahill
Arthur Gustafson
Leslie Hitchings
George M. Berrett

Board of Fire Engineers

Edward R. Gibbs, Jr.
George H. Quarmby
Harold Rice, Chairman
William R. Salsman, Clerk

During the year 1940, the Fire Department responded to 332 alarms and calls for fires and other duties. There were 40 box alarms, and 292 telephone calls, of which 21 were followed by boxes. Thirty-one of the calls were needless or false.

The apparatus traveled a total of 1397 miles in responding to calls. Eng. #1, 82 miles; Eng. #2, 292 miles; Lad. #1, 266 miles; Tender #2, 757 miles; The Chief's Car traveled 9,079 miles, in responding to alarms, and in the performance of other duties.

The assessed valuation of buildings, autos, trucks, the insurance on buildings, automobiles and their contents, etc., were, as nearly as possible ascertained as follows:

Assessed valuation of buildings, autos, trucks, etc.	\$202,525.00
Insurance on buildings, etc.	268,920.00
Loss on buildings, motor vehicles, etc.	8,798.50
Insurance paid for losses on buildings, etc.	5,977.50
Estimated value of contents	151,195.00
Insurance on contents	36,150.00
Loss on contents	5,882.50
Insurance paid for loss on contents	352.50

During the year 52,750 feet of $\frac{3}{4}$ inch hose, 8,850 feet of $1\frac{1}{2}$ inch hose, 6,350 feet of $2\frac{1}{2}$ inch hose was laid and used at fires, a total of 67,950 feet. 46,350 feet of the above hose were used at woods, brush and dump fires.

There was $19\frac{1}{2}$ tanks of oxygen used during the year 1940, and the Oxygen tent was used 3 times.

The fire apparatus, Engine No. 2 and Ladder No. 1 and the G.M.C. tender are in fair condition and good for many years to come, provided they do not meet with accidents. The Oldsmobile Sedan, the Chief's Car, is in good condition. Engine No. 1, the Seagraves pumping engine, is very old and showing signs of needed repairs that will be very costly as it is very unreliable and in the past few years has had several costly repair jobs done on it. We recommend this engine be replaced with a new pumping engine.

The Fire Department has done excellent work in keeping the fire loss down to such a small amount (approximately \$15,000). When it is noted that the department must cover a large territory nearly $11\frac{1}{2}$ square miles, and do so with a

small number of men to man the apparatus and extinguish fires.

We recommend that the program calling for the installation of new hydrants every year be continued as there are several parts of the Town where hydrants are too few and too far between.

We recommend that 1000 feet of $2\frac{1}{2}$ inch hose, 1000 feet of $1\frac{1}{2}$ inch hose and 500 feet of $\frac{3}{4}$ inch hose be purchased.

In conclusion, we wish to thank the Honorable Board of Selectmen, Superintendent Ernest Merrithew of the Public Works Department, Chief John T. Stuart, of the Police Department, Members of the Departments, all the Town officials and the citizens of Saugus, who by their co-operation have aided this department to maintain a high degree of efficiency.

Signed by the Chief

WILLIAM R. SALSMAN

Signed by the Board of Fire Engineers

HAROLD P. RICE,
Chairman.

GEORGE H. QUARMBY
EDWARD GIBBS, JR.

Report of the Forest Fire Warden

Saugus, Mass., January 1, 1941
To the Honorable Board of
Selectmen:

Gentlemen:

I hereby submit the annual report of the Forest Fire Warden for the year ending December 31, 1940

During the year 1940 there were 82 brush and woods fires, and 60 grass fires.

Respectfully submitted,
WILLIAM R. SALSMAN,
Forest Fire Warden.

Report of Fire Alarm Division

Board of Selectmen
Town Hall
Saugus, Mass.
Gentlemen:

I hereby submit this report, my eighth, of the activities of the Fire Alarm Division during 1940.

The system has transmitted 57 Box Alarms, 17 No School Signals, 2 Out-of-Town Calls and the various test blows for a total of 3898 blows. The truck has travelled 1146 miles and the Superintendent's own car about 1300 miles on various errands and duties. The equipment has all been maintained in the best possible condition comparable with our means to do with and it has not been lost sight of that this is primarily a service designed to be used to obtain aid to preserve life and property. This service must function, as far as human design can function, regardless of the time, or the weather as a call for aid cannot choose, of itself, when the call must be given.

The repeater, the almost human heart of the system, has been re-wound 244 times, and repaired 5 times. (One repair was caused by the earthquake).

Tower Bells. In Service 3, Rewound 31, Repaired 5, Tests 9.

Fire Alarm Boxes. In Service 75, Rewound 31, Repaired 5, Tests 336, Failures 2, Replaced, Obsolete 3, Damaged 1, Unreliable 1, Placed new 0.

Fire Alarm Tappers: In Service 25, Removed 3, Placed 5, Repaired 5, Tested 69.

Cross Arms, Placed 58; Removed 30; Purchased 0.

Insulators, on cross arms, replaced from breakage 39.

Fire Alarm

Wire, in Service, about 111 Miles, Placed 6300 feet, Removed 400 feet.

System Failures 5. From: Sleet Storms 2, Lightning 1, Defective Box 1, Rusted out Wire 1.

Fixtures changed over to new poles, 34.

Repairs to Police Red Light System, 2.

During the year a device called an "Automatic Time Test Sender" has been devised and placed in service. This device sends out the daily 9 A. M. and 6 P. M. Test Blows and is connected to the various circuits in rotation thus constantly testing not only the lines and bells but also the repeater functions. It has already proved its worth as each of the 5 repeater troubles were disclosed by its use before a failure caused a non-transmission of a box alarm.

A rough breakdown of the departments expenditures showing how many items are beyond our control is submitted.

Clearing Tree Grounds and replacing broken insulators.	\$30.00
Moves and re-arrangements due to WPA activities	8.20
Changes due to poles replaced by owner.	40.40
Damage, Lightning Storms	12.00
Damage, Sleet Storms	6.80
Damage, Automobiles	2.65
Box repairs due to breakage, failures and damage.	144.95
Tappers, changes of location due to move of user.	19.67
Planned box change (within our control).	45.00

We had \$400.00 available for all demands, this account for \$309.67. The balance was used for tool replacement, supplies, truck upkeep and miscellaneous items. A reserve had to be available through the year to care for any damage or replacement expense which occurred. The usual wire replacement was not kept up in 1939 and not done in 1940. Much of our equipment is exposed to the elements and does have to be replaced or repaired from time to time to function properly at all times. The iron wire, its insulation weathers off and rusts, thus losing its strength to resist wind and sleet stresses. The wood cross arms rot and the metal hardware rusts. To maintain reliable protection our plant must be kept up to a certain level of strength and condition.

The European situation is being reflected in information being constantly received from various sources. The Federal Bureau of Investigation, through their Technical advisers, stress the need of well maintained, well distributed and Protected Communication Systems. They advise that Communication, Fire and Police, be brought to their highest efficiency, be protected from Sabotage, plans be made for any emergency that may arise such as damage to the wires or loss of power supply. They also strongly advise that our stations; Fire, Police, Fire-Alarm, Public works and information centers, be closed to strangers and that none but citizens be permitted access to them. (All information at hand may be seen by any citizen on request.)

In view of these items this department recommends:—

*That all Fire Boxes be made "Standard" with locked outer doors. This will insure the receipt of all alarms and by replacing the present door, which opens to expose the wires to the public, with a locked outer door makes access to the wires and works difficult.

*That a gasoline operated electric generator be placed in our Fire—Fire Alarm—Police building for emergency service.

*That a Two-way radio be placed in service.

*That all town communication be placed under this department which must co-operate fully with the protection services.

*That this department be authorized to organize an emergency force to take over certain pre-assigned duties when the occasion arises. This force to be "a-dollar-a-year" force, to step forward only on extreme emergency.

*That a Public alarm system be installed.

*That more Fire Boxes be placed.

*That authority be given for the Fire Alarm to enter into Mutual Aid agreements with our bordering Fire Alarm Forces that we go to their assistance or they come to ours as the case demands. (Tools, Men, Materials)

*The WPA be contacted with a view toward placing all Town Communication wires underground, place more police red lights, to see if a new fire alarm central Station can be purchased in the rough and assembled with their assistance. If any of the first recommendations can be carried out by them, these or all of them as part of the "National Defence Program".

In closing I wish to express my thanks to Mr. Joseph Rowe of the City of Lynn Electrical Department for his skilled and patient assistance on our repeater troubles and to Mr. Harry Harding, Ex-Fire Commissioner of Revere, for Material and Labor supplied enabling this town to have a start toward a connection to Lynn.

Respectfully submitted,

RAY S. WADE

Report of the Planning Board

To the Citizens of the Town of Saugus;

The Planning Board is pleased to submit its annual report for the year ending December 31, 1940. Membership and organization for the year has been as follows; Chairman Walter L. Roy, Clerk William H. Robinson, Harry W. Merrill, H. Warren Butler, and Frank A. Green.

The board has held its regular meetings every Monday and has held the necessary hearings on all articles found in the annual and special town meeting warrants. Our recommendations have, in most cases, been sustained by the town meeting.

In connection with zoning articles, the board herewith invites all petitioners to meet with the

board for consultation regarding descriptions and locations contained in the articles. This will in many cases save a needless waste of money, time and effort which has occurred in many cases during the past year. In one case the town voted to "zone for business purposes" a parcel of property which was zoned for business in 1928. Here the petitioner was put to considerable expense and much time, and the town meeting despite the recommendation of this board that no action was necessary, considered the article for some time which could well have been devoted to more pressing work.

Much has been said during the past year regarding the scarcity of available sites for use as a town dump. We realize that this is a necessary thing for the town, but rather than see such a place existing in our so-called "virgin" areas, our undeveloped areas where much is expected, we herewith make the suggestion that dumping be carried on in the rear of the local cemetery and on the southerly side of lower Ballard Street. Both locations if properly filled, will be to the credit of the town and will in years to come on the first mentioned location eliminate expensive expansion of the cemetery. Dumping on lower Ballard Street, using the heavier materials, would provide a base for future possible widening of the increasingly important road. A description of the road is unnecessary as it is well known to all who are employed in Lynn or Boston. With increased employment in both of these places additional traffic has been thrown onto Ballard St. and when one considers that the town now enjoys the use of only a small part of the available land, we feel that safety is being sacrificed when the existing condition continues. Action should be started by the proper authorities to use some of the additional land which the town owns, and which runs along the side of the present developed road.

The Zoning By-Law

Probably the most controversial legislation on the books of the town is the Zoning By-Law which was

adopted in 1928. Ignored or disregarded by most citizens and homeowners, it is not thought much of until some individual finds himself seeking protection from having his property injured by a lower use of adjoining property. The last thing in the minds of many of our citizens and some of our officials is that some other party might be interested in establishing a neighborhood gasoline station, restaurant or overnight tourists accommodations on the property next door or across the street from his own holdings. When such an occasion presents itself the first thing which can be invoked for the protection of the Property owner is the Zoning By-Law. Our point in this section is that too little interest is shown in helping to protect other property for the simple reason that everyone feels that whatever happens to the other property in town it is no concern of persons who live on the next street or in some other section of the town. Some of our people are learning too late that the only way to protect any individual parcel of property is through helping your neighbor protect his place.

The group in all towns and cities which seems the coolest in its attitude toward zoning and planning attempts is that which largely inhabits Saugus, namely the taxpayer. This we believe is contrary to their best interests but seems to be the policy of all Americans. We know that zoning has brought a great deal of order out of confusion, that tax assessments are more stable, that depreciation of property has been checked and that districts of our town have been made more healthful and more attractive.

We insure our property against fire, wind and storm or almost anything which may never happen and all this at considerable cost. Yet the best protection of property costing you nothing, is allowed to go unheeded until the time is past when protection is of any help. As a comparison, we are offered hospitalization for costs as low as three cents a day, yet we wait for aches and pains to send us to the

doctor or hospital at the rate of five or ten dollars a day.

We earnestly suggest that all of our citizens acquaint themselves with the important features of the Zoning By-Law so that the benefits of it may be enjoyed by all.

Practically all of the projects which the board sponsored under the Works Progress Administration are completed and much valuable information has been compiled. The completed maps and plans are on file in our office and may be consulted by anyone interested. Most interesting, perhaps, is the land use survey which shows the use and characteristics of every lot in town.

We take this opportunity to express our appreciation to the many town departments, officials and committees who have assisted us during 1940. In closing we feel that with increased employment on national defence and other lines in the Greater Boston and Lynn areas, that the long expected development of the town will become more of a reality during 1941.

WALTER L. ROY, Chairman
WILLIAM H. ROBINSON,
Secretary

HARRY W. MERRILL

FRANK A. GREEN

Report of the Harbor Master

Honorable Board of Selectmen
Gentlemen:

The annual report of the Harbor Master for the year ending December 31, 1940.

Motor boats moored in river, 55 to 65.

Assistance given to boats disabled within the river, and towed to moorings or docks, 30.

Disabled boats towed in from outside of river, 7.

Requests for mooring space, 35.

Personally supervised moorings placed at request of owners, 35.

Relocation of moorings after being moved by high tides or wind, 50, at different intervals.

Two boats were beached because of leaks, and in danger of sinking near the channel, and causing obstruction or damage to others, after the owners had been notified of their condition, and neglected to take care of them.

One registered motorboat found adrift at 1 A. M., towed to safe anchorage, and police notified on following day. Owner located by

police.

Three unregistered boats were reported missing, two were recovered.

Several unregistered boats were found adrift at different intervals, and returned to their owners, or mooring places.

Two small registered motorboats partially submerged were towed to shore, and owners notified to secure proper moorings.

Several complaints were made, most of which were insufficient moorings. Owners were notified, and corrections were made under supervision of this office.

Approximately 350 miles were covered in patrol, and other work. Patrols being made daily.

37 boat owners were notified at different times, as to the condition of their boats which needed personal attention.

About 450 hours were given to the duty and requirements of this department.

Respectfully submitted,
WALLACE A. OSGOOD

Report of the Cemetery Department

The Cemetery Department again closes the year within its appropriation, turning back a small balance to the Town treasury.

The receipts for the year were the highest in the history of the Department, being \$13,381.05 or \$2,227.68 in excess of expenditures. Had the department been able to collect all the current care charges and the balances due on land sales our receipts would have exceeded expenditures by well over \$5,000.00. We are asking for an appropriation of \$11,950.00 for 1941, to enable us to pay our foreman and laborers the regular Town rate of pay.

Labor is the main item of expense, accounting for \$9,100.00 of the sum asked for, leaving only \$2,850.00 for all other expenses.

At a special meeting held in December, the Town appropriated \$4,500.00 from available funds for the purchase and laying out of the Wilson land, so called, located on Winter Street, opposite the High School and adjoining the present cemetery. It is anticipated that it will be three or four years before sale of lots can be made, but feel that in time this new tract will be a valuable addition to your cemetery.

Your Commissioners feel pleased to have been advised that Riverside Cemetery stands second in the Commonwealth throughout the year in its appearance.

Respectfully submitted,

HENRY A. B. PECKHAM
WILLIAM E. LUDDEN
BENJAMIN A. FULLERTON

Report of the Playground Commission

To the Citizens of Saugus:

The playground commission during the past year operated under a handicap due to lack of money being appropriated and the transfer of Stackpole field to the school committee. However in spite of these handicaps we were able to secure four instructors due to the kindness of the Finance Committee giving us a transfer. These instructors were located at the North Saugus School house and the Lynnhurst school house where the school committee very kindly granted us the use of the school yards for playground purposes, the two boys instructors were stationed at Golden Hill where this year due to the close supervision there was no danger in swimming. The W.P.A. furnished instructors for the Anna Parker, Bristow St. and Stackpole Field playgrounds. The equipment which was in poor shape was all put in first class condition this

year. In co-operation with the W. P. A. we have again been able to offer to the citizens of the town ideal skating conditions at the Anna Parker ground.

We feel that the town should set a definite amount of money each year for the improvement of the existing playgrounds and also a set amount for equipment each year. At the Stocker playground a bad condition exists along Stocker St. and Riverside Court caused by the embankment caving in onto the playground. This condition has been called to the attention of the Board of Selectmen and should be remedied. Thanking all of the departments that have co-operated with us this past year.

CHARLES CHESLEY,
Chairman.
EDWARD J. AMERY, JR.,
EDWIN M. HOLMES,
Secretary.
Playground Commission.

Report of the Board of Selectmen

Following up the ideas brought out at a series of conferences held with department heads, town boards, committees and interested tax payers, at which budgets were examined and discussed, the Board of Selectmen have during the year 1940 adhered to their policy of 1939 in maintaining the strictest economy in operating the departments under their control. Positions vacated during the year have not been filled. The duties of those positions have been added to other employees of the various departments. Due to the rider adopted in 1940 annual town meeting, on appropriation which prevented salary increases over 1939, we have been prevented from making any raises in the pay of these employees, though the additional work undoubtedly deserves additional pay. No new positions have been created. Your board has held sixty-six regular and special meetings during the year, also attending many conferences with State officials and departments, attempting at all times to better the condition of the town. This reflects in town fares and additional transportation services to the General Electric Co., Lynn.

In the matter of coordination of departments, the Sewer Department inventory was placed under the Public Works Department stock room. Bids for all materials purchased by the department in large quantities was properly advertised, hearing held, and the board awarded contracts at considerable savings to the town. In 1940 the Soldiers Relief Agent and the Superintendent of Buildings were placed under Civil Service by vote of a previous town meeting. In the appointment of men to these positions, your board, using the list from the Civil Service Commission, appointed those men qualified to carry out the duties of those offices. The board also, by careful consideration and study of previous years, set the hours of work, duties and the compensations in as equitable manner as possible for the year 1940. We wish

to remind the citizens that the extra services and responsibilities placed upon employees of the Public Works Department, with no increases in pay or personnel will require additional study to render the same prompt and efficient service that the citizens have enjoyed in the past.

Several meetings and hearings were held on the application of the Drive-In Theater Inc. before granting them a license to operate. Though the operation of this theater in 1939 was not acceptable to the citizens and the board, taking into consideration the promises made by their offices which had not been fulfilled, we granted a license for the following reasons. First: The employment of local people during the season. Second: The investment by this company and the potential valuation assessment as an increased revenue to the town.

There have been many requests by citizens in various sections of the town for road work, drains, etc. and though the board would like to grant these to such locations where the need is great, the limited funds available do not allow such additional work. Water extensions are of vital importance to the town and consideration should be given to this when making appropriations.

All applications for licenses and permits were carefully considered by the board and in granting or rejecting them especial care has been taken relative to general revenue. A constant check has been kept on all holding such licenses or permits, and several persons have been before this board and received warning in regards to operation and maintenance of their properties. The instructions of the board have been carried out by the holders of these licenses.

On October 14, 1940, at the request of the Town Treasurer, a series of meetings were started with the Town officials, finance committee, and a committee from the Tax Payers Association, for

the purpose of studying the Tax Title situation in Saugus. Several meetings have been held and an appropriate article will be inserted in the Annual Town Warrant to provide funds to cover expenses incurred in connection with foreclosure of these Tax Titles, and the beginning of a program to liquidate the entire amount over a period of years.

The town having voted to grant all alcoholic liquor licenses in 1940, this matter was given much consideration when applications were received for public hearings before the board. There were twenty-two applications received for all alcoholic beverage licenses. The board could grant by law, four Package Goods Store licenses and twelve all alcoholic licenses, to be consumed on the premises; also five wine and malt beverage licenses and five club licenses. In granting these licenses, your board considered not only the location of the premises, but the valuations for tax purposes in the general revenue. Your board also increased the license fees to the following amounts:

Package Goods Stores	\$300.00
All Alcoholic Beverages	450.00
Wine and Malt Beverages	200.00
Club	200.00

Nineteen licenses have been granted with the amount of \$7,200 in fees collected.

In accordance with the voted article of the special town meeting, November 25, 1940, the board has appointed the following men to serve on the committee to erect a Veteran's Memorial on the lot in the Riverside Cemetery.

MR. WILLIAM H. ROBINSON
Past Commander of American
Legion Post #210.

MR. J. STANLEY CASHEN
Past Commander of American
Legion Post #210

MR. FRED HAWKES
Member of American Legion
Post #210.

MR. ALFRED H. WOODWARD
Past Commander of American
Legion Post #210

MR. GORDON C. MARR
Superintendent of Cemeteries.

The excavation or loam, gravel, and stone from land in Saugus, has become a serious problem. On January 3, 1941 the board voted that all permits granted be for one week only at a fee of \$5.00 and renewal be weekly at a fee of \$2.00 per renewal. Each applicant must also file a bond in the penal sum of \$1,000 as protection to the town. The fees and bonds apply on all commercial permits. A committee, consisting of the Town Counsel, Superintendent of Buildings, and Mr. Merrill of the Planning Board, were appointed on December 23, 1940 to study the zoning laws to prepare and present an article to the Annual Town Meeting that will provide a penalty on the Zoning law regarding the violations of the removal of gravel.

To better coordinate the purchases of the departments under the Selectmen, the board has considered for some time a system of requisitions by the department heads which must be countersigned by the Selectmen. A motion to this effect was voted upon the January 13 meeting, limiting the amount of purchases by department heads to \$100 without signatures of approval by the Selectmen. The Town Accountant is recommending an incumbrance system on purchases to show all incurred purchases against the existing balance of the departmental accounts. We recommend the support by the citizens of this proposition. The foregoing proposal has been studied by all concerned and brought to a head by the experience revealed in our W. P. A. investigation.

As in 1939 we present a breakdown of the tax dollar, showing the cost of appropriation per \$1,000 of valuation of the essential services which the citizens of the town receive:

Division	Appropriated	on Base Rate Cost per \$1,000 of Valuation
General Government	\$ 55,693.54	\$ 3.5077
Protection of Life and Property	85,081.30	5.3587
Health and Sanitation	23,152.02	1.4581
Highways and Bridges	54,991.22	3.4635
Charities and Soldiers' Benefits	121,227.00	7.6353
W. P. A. Projects	39,583.61	2.4931
Schools and Libraries	240,373.79	15.1395
Recreation and Unclassified	38,108.34	2.4001
Enterprise and Cemeteries	46,824.23	2.9491
Interest and Maturing Debt	96,123.00	6.0541
Totals	\$801,158.05	\$50.4592

Respectfully submitted,
 EDWARD GIBBS, JR.,
 Chairman.
 GEORGE H. QUARMBY
 HAROLD P. RICE

ADDENDA TO SELECTMEN'S REPORT

To the Taxpayers of Saugus:

The undersigned, Chairman of the Board of Selectmen, invites your attention to certain innovations and improvements in your government, which with the cooperation of his colleagues on the Board and others, have been put into force and effect during the past year.

1. The meetings of the Board have been made open to the public so that any and all who desired to observe the actions of the Board, at all possible times, to the extent of the seating capacity of the Selectmen's Room could be present and do so. The Finance Committee has likewise made its hearings public. By invitation, the officers of the Saugus Taxpayers group and the 200 Club have been requested to specially avail themselves of this arrangement. These taxpayers have been present at all meetings. The result has been that many suggestions from citizens present have been made and adopted. Tendencies toward to great liberality, in view of high tax rates, have been checked. Especially is the Board indebted to the officers of the Taxpayers group, whose constant attendance at all meetings of these two important boards has

been a matter of great satisfaction and help. It is impossible to misrepresent the attitude of your Board to any great extent because of the abundance of testimony available to the contrary. Here we feel is a real display of New England democratic government really at work.

2. By means of these cooperative measures your tax rate was very substantially reduced in 1940, and a further substantial reduction of the same is practically assured for 1941.

3. All departments except the W. P. A. department, have either lived within their budgets or returned substantial sums. These sums, returned as a whole, amount to over \$16,000 or \$1.00 on the tax rate. These are very substantial accomplishments.

4. Out of these cooperative measures, and with the patient service of both citizens and officials, special committees have been formed to justly consider and handle governmental cases calling for investigation and discipline, as well as to carry out desirable works for the public good. Notable among these committees is the Tax Title Committee, so called, which is working and planning the even-

tual liquidation of Tax Titles. It will be heard from in the near future. Other committees have heard and investigated and sought to adjust any tendencies to overspend budgets, or depart from the will of the Town Meeting; also, such a committee is now thoroughly investigating irregularities in the W. P. A. department. This includes a thorough investigation of bills contracted (but not paid) by the Coordinator without due authority and in excess of the appropriations for the W. P. A. together with a small misappropriation of funds under his charge. The work of this committee will result in lasting benefits to that department as well as to the taxpayers. Already it has resulted in the resignation of the Coordinator. This cooperative work between citizens and officials is inspiring, and the Town may well congratulate itself upon the work of public spirited citizens who are thus asserting public officials at great inconvenience to themselves.

5. Attention is also invited to the admirable report of the Town Accountant and the betterment of Town Finances by comparison with last year's report. For those who are interested in such matters (and who is not) a few comments may be in order:

(a) Outstanding Temporary Loans in Anticipation of Taxes and Revenue:

December 31, 1939	\$400,000.00
December 31, 1940	350,000.00

A reduction of \$ 50,000.00

(b) Outstanding Tax Title Loans:

December 31, 1939	\$319,690.73
December 31, 1940	312,862.97

* A reduction of \$ 6,827.76

(c) Tax Title Borrowings:

Year of 1939	\$100,000.00
Year of 1940	50,000.00

* A reduction of \$ 50,000.00

*Note: This is the first time in Saugus' financial history since borrowing on tax titles were made possible (1933), that these items have shown such reductions in any year, and the 1940 borrowings of \$50,000 only are the lowest bor-

rowing ever made in any year. See remarks in "Tax Titles" below.

(d) No bonded indebtedness has been added during the year. A "pay as you go" policy has been followed. The Town's **Total Indebtedness** which includes every kind of loan, was reduced as follows:

December 31, 1939	\$ 1,368,190.73
December 31, 1940	1,240,862.97

A reduction of \$ 127,327.76

These are solid Financial Gains, not easily depreciated or "laughed off" even by those politically minded.

(e) On December 31, 1939 there was outstanding on the 1939 Property Tax the sum of \$394,381.00.

On December 31, 1940 there was outstanding on the 1940 Property Tax, the sum of \$260,979.42.

Here two things are evident; the ability and willingness of our citizens to pay taxes they consider fair.

(f) We have the very substantial sum of \$34,670.49 in our Contributory Retirement System Funds, out of which to retire town employees as they come to the retirement age.

All of these factors substantiate the Town Treasurer's repeated remarks to the effect that Saugus has definitely turned the corner and is well on its way out of its financial doldrums.

(g) When our citizens consider that in 1940 we had bonds and interest to pay of \$78,222.50; that in 1941 this is reduced to \$62,337.50; in 1942, to \$56,810; and in 1943, to only \$38,007.50, they can see that our tax rate is on its way down, and shortly will be down to a normal \$35.00 or less per thousand, if only State Taxes over which we have no control are kept in line.

This planning and work between sincere citizens and officials is routine and everyday stuff. It does not make the headlines as does the sensational and misleading shout of the self-seeking office seeker, but it is the work of sober, experienced men who do it for their town because they believe in its

soundness and future. In this connection we invite your attention to a significant item, published on January 11, 1941 in the Boston Transcript, in regard to our neighboring community of Melrose.

"The human equation behind the figures 9.3 tell the story of a city that waited ten years to make page 1.

"That may be a slight exaggeration but in Melrose the feeling is that the best explanation for their winning the honor of being the State's fastest growing city during the last decade IS DUE TO THE UNSENSATIONAL CHARACTER OF THE COMMUNITY."

There's one other point—all that has been done this year has been done without reducing a single workman's or clerk's pay where

they received \$35 or less; no man has lost his job, and this Board has not dealt in political patronage. Every man who does his quota of work is sure of his job regardless of who he votes for.

The members of your Board of Selectmen are old enough and have served you long enough not to desire undue personal commendation. They feel they have served you well, and done their duty, as Selectmen, Sewer Commissioners, Fire Engineers, and other capacities. You pay them a total of \$1,200 in salaries. Certainly they are not over paid. It is, however, an old and honorable office, and the opportunity to serve is compensation in itself.

Faithfully yours,
EDWARD GIBBS, JR.,
Chairman.

Report of the Superintendent of Buildings

December 31, 1940

To the Honorable Board of Selectmen
Town Hall
Saugus, Mass.
Gentlemen:

It is my privilege as Superintendent of Buildings, to submit my first annual report for the year ending December 31, 1940.

The following report gives the type, number and value of permits issued during the year 1940.

Type	No.	Value
Dwellings	22	\$ 66,350
Additions	55	19,025
Repairs	46	12,900
Overnight Cabins	33	14,080
Garages	24	5,850
Alterations	8	7,470
Out Houses	8	1,025

Type	No.	Value
Club House	1	\$ 900.00
Offices	2	500.00
Summer House	1	25.00
Greasing Station	1	500.00
Hen Houses	2	400.00
Demolish	8	000.00
Total	211	\$128,025

I wish to bring to your attention the increase in the number of permits. This year's total will equal $2\frac{1}{2}$ times more than was issued last year, which has increased the amount of time required to fulfill the duties of this office to the extent that I am spending from five to twelve hours a day, including Sundays and holidays to keep pace with demands made on this office.

Therefore I strongly recommend that the Supt. of Buildings be a full time position with a salary of \$2,180 per year.

In conclusion I wish to thank all town departments for their cooperation. Mr. John White, former Supt. of Buildings for his willingness to answer the many questions I asked of him; Mrs. Stocker of the public works department who answers the phone for the building department, and my daughter who does the typing.

Respectfully submitted,
MELBOURNE MacLEOD,
Supt. of Buildings.

Report of the Superintendent of Public Works

For the Year Ending December 31, 1940

To the Board of Selectmen
Town Hall
Saugus, Massachusetts
Gentlemen:

Following is a report of the Superintendent of Public Works for the twelve months ending December 31, 1940.

First let me express my appreciation to the Board of Selectmen, heads of various departments, and most especially to the employees of the Public Works Department,

for their splendid co-operation during the past year. Their attitude clearly showed that they were aware that a maximum of effort was necessary in order to complete the work of the department within the limited funds allotted for the purpose.

Highways, Fences, and Bridges

Compared with all other communities in Essex County, the Town of Saugus has the 3d or 4th largest road mileage, i.e., 108 miles. Of this total mileage we have approximately five miles of

first-class road. The remainder consists of secondary, light-surfaced and gravel-filled roads, with little or no sub-surface grading and drainage. Increasingly heavy traffic is causing more and more breakage, and steps should be taken as soon as possible to rebuild at least the several main thoroughfares.

Naturally the cost of such rebuilding will be considerable, but as has been suggested in the past, some definite program for such construction should be considered and sums set aside each year for this work.

In 1940 \$16,425.00 was expended by the Town of Saugus for the maintenance of highways. Of this total:

\$10,248.02 was paid for labor,
2,223.10 for maintaing and renting equipment, small tools and hardware, etc.
732.21 for gasoline and oil
2,214.70 for asphalt, tar patch and gravel

The regular personnel of the Highway Department consists of one foreman; one roller operator, mechanic, etc., who when the occasion arises assists the men of the water or other departments; one man in charge of stock, equipment, disbursement of gasoline and oil, who assists other men of the department in their various duties; one mechanic who has charge of the maintenance of all equipment; one assistant engineer and subforeman for Chapter 90 work; and two truck-driver-laborers; a total of seven men.

The work of this department during the past year has consisted of snow removal, sanding and salting as required, erecting snow fences, care and cleaning of drains and catch basins, repairing streets and sidewalks, removing waste and obstruction, repairing fences and bridges, cleaning streets, gutters and squares, caring for greens, etc.

All members of the department are subject to call twenty-four hours a day, and it is gratifying to see them respond quickly to all emergency calls, whether during the day or night.

Collection of Ashes

For this service, \$5199.94 was expended in 1940. Of this total \$4602.90 was paid for labor and represents the work of four men for four days each week of the year.

It should be recalled that during the past few years the territory over which regular collections are made has been considerably increased. Saugus Center, East Saugus, Cliftondale, and West Cliftondale are included in the regular weekly schedule for collections. North Saugus, Oaklandvale, Lynnhurst, the Westlands and Baker's Hill are collected either every two weeks or once each month.

It has been recommended in the past that a larger truck be purchased for the ash collection work. I again suggest that this matter be considered, inasmuch as a body twice as large as the present one would reduce the daily number of trips to the dump and result in a saving of time.

Four men are regularly employed in this work. Their week's work usually requires four days, but occasionally during the year it is necessary that five or five and one-half days be used. These men, when not engaged in collecting ashes and rubbish, assist the men of the highway department in their work.

Water Department

One foreman, one truck-driver-laborer and one laborer make up the water service crew. Upon these three men, with occasional assistance from others in the department, rests the responsibility for maintaining the water supply to some four thousand homes and public buildings.

During the course of a year these men are called upon several hundreds times to relieve poor water supply conditions, many of which are caused by corroded water service pipes, others by freezing and plugged meters. The men of the department willingly respond to calls for assistance at all hours of the day and night, often working many hours overtime for which they receive no extra compensation.

Not only the water service crew but the water mains foreman and the meter man put in a great many extra hours over the period of a year for which they receive no extra compensation. All men of the water department have willingly turned to in all emergencies, and through their co-operation our water department has completed the past year within the appropriation allotted.

Early in February 1940 excessively low temperatures caused hundreds of water services to freeze. Over a period of less than three weeks our men worked in shifts, some of which extended over twenty-four hours at a time, and many of the men accumulated over one hundred hours of overtime.

The equipment of the water department is in fair condition. The water service truck is a 1939 Chevrolet and is in good shape. The water meter (emergency) truck is a 1937 Chevrolet, and that of the water mains section is a 1936 Chevrolet. Several pumps which have been purchased during the last few years are in good working order for use in any emergency. Other equipment is in good workable condition.

Another auxiliary pump was purchased during 1940 for use in the pumping station. It was deemed advisable to make such a purchase in order that one pump could be in working condition at all times. The second pump is a duplicate of the one installed in 1939, and with little work and expense it can be set into the line as soon as the other is removed for repairs or other reason.

A more or less complete story on local water rates was included in the report of this department for 1939, but it still seems advisable that the question of water rates as a source of increased revenue be considered.

Snow and Ice

The removal of snow and ice is a service for which the cost can only be estimated. Appropriations can be based only upon the experience of the previous year or years.

In 1940, \$13,502.00 was spent for this purpose, \$5,797.97 being for labor, \$1590 for rental of diesel plow, \$2271.88 for repairs and maintenance of trucks and plows, and the balance for gasoline and oil, salt, sand, and other miscellaneous expenses which arise in this work.

Of the above, \$563.70 was expended for the hire of horseplows which are used for plowing sidewalks and some districts which cannot be cleared with the trucks. It should be understood that sidewalks are cleared only after the heaviest storms and that the cost for such service is approximately \$40.00 per hour. This means that if all horse plows are called out, and if they work for an average of ten hours each, the town must pay in the vicinity of \$400.00 for that service.

Our plow equipment now consists of five Public Works Department trucks aged 17, 14, 16, 6, and 4 years respectively; three sewer trucks, each 3 years old; the Holt tractor which is 15 years old; and the small Cletrac sidewalk plow, which was purchased in 1938.

Chapter 90 Maintenance

By taking advantage of the Chapter 90 Act under which the Town receives funds from the State or County, or both, to be used in conjunction with certain sums which are appropriated by the Town, we receive a value equal to approximately four times the amount appropriated.

For the past several years this department, with the co-operation of the Boards of Selectmen, has received several thousands of dollars from both the State and County which have been used together with rather small amounts appropriated by the Town, for road repair and construction.

Not only has the Town of Saugus benefited by having its roads improved, but during the years of extreme unemployment, many men have been employed who might otherwise have been on the welfare rolls.

In 1940, \$7160.00 was expended under the Chapter 90 Account.

But, of this total, only \$2220.00 was appropriated by the Town of Saugus. To make up the above total, the Commonwealth allotted a sum of \$2220.00 and the County of Essex \$2720.00.

To make up the Town's share of \$2220.00, \$1120.00 was transferred from the Highway Account, \$600.00 was transferred from the Resurfacing Account, and the Finance Committee transferred the amount of \$500 to make the total.

Of the total, \$7160, \$2432.00 was paid for labor; \$2920.42 was expended for asphalt; \$211.84 for tar patch; and \$890.35 for sand with which to cover the asphalt as it was applied. The balance was used for gasoline and oil, lumber for fences, gravel, stone, and rental of equipment.

Recommendations

For 1941, I recommend:

1. That the Town consider the purchase of two two-ton trucks for use by the Highway Department to replace two of the present trucks

which are now over fifteen years old.

2. That the Town consider the purchase of a larger truck for use by the Ash Department to replace the present small truck now in use.

3. That the Town consider the purchase of a 160-foot compressor for use by the Water Department, and others, to replace the 1926 Ingersoll-Rand compressor now being used.

4. That the Town consider the purchase of a new tractor for use on snow removal and other work as required to replace the sixteen-year-old Holt tractor which is now on hand.

5. That the Town appropriate sufficient amounts to be used in conjunction with sums, if any, allotted by the State or County or both for Chapter 90 Maintenance and Construction.

Respectfully submitted,

ERNEST A. MERRITHEW,
Supt. Public Works Department.

To the Board of Library Trustees of the Saugus Public Library. Report for the year ending December 31, 1940.

In the year 1940, the library took several steps forward. The W.P.A. cataloging project which was started in November, 1939, was completed in October, 1940, under the supervision of Miss E. Louise Jones, Library Advisor of the Division of Public Libraries of the Commonwealth of Massachusetts. The W. P. A. employees handled

approximately 22,000 books, typing three to six cards for each volume and marking the number on the back of 10,000 with an electric stylus. This means that now all books on a given subject are together on the shelves. The card catalog is an index to all the books in the library and the number is the key to the location on the shelves, thus making the books more easily accessible to the public. The library is most grateful to Miss Jones for her interest in making this project a success.

During Book Week, November, 1940, the long hoped for Children's Room was opened in part of the Historical Room on the lower floor of the library. This arrangement gives the children double the space they had previously. Now they have a place to sit and read, or to be guided in their reading tastes. All this is not only advantageous to the children, but also leaves the upstairs free for the adults, and facilitates study and reference work. The children's response to the room is seen in the increase in the juvenile circulation and in the fact that the attendance at the weekly story hours has doubled. In connection with the work with children, the library has established a new contact with the Oaklandvale School by sending deposits of books there for distribution. This was done at the request of Mrs. Helen Pragnell, Principal, and is an attempt to bring books to children who are without any library service.

One of the problems confronting libraries today is the place of libraries in this world crisis. The place of the library is made clear, however, by the people themselves. Today, more than ever, the cry is for more and more technical material to enable men and women to keep up to date in the midst of an ever-changing business world. To give these people the technical education which is their right, to keep them alert, is the responsibility of the town and this responsibility is shown only by the financial support the town gives the local library. For several years, the budget allotment for books has been

entirely inadequate to enable your library to keep abreast of the times.

In closing, may I thank the Board of Library Trustees and the staff for their co-operation in making 1940 a year of progress for the library.

Respectfully submitted.

MARGARET L. CAMERON,
Librarian.

Report of the Sewer Commissioners

In March 1940 the town elected a board of three Sewer Commissioners in accordance with General Laws, Chapter 350, Section 3, one being elected to serve one year, one for two years, and one for three years.

Believing that the supervision of the sewer construction, which was started July 6, 1938, and the operation of this department could now be taken over by the Commission, it was voted at a meeting on March 25, 1940 that the service of the superintendent, assistant superintendent, and attorney be dispensed with as of April 6, 1940, the persons holding these positions being so notified.

The plan of co-ordination of all departments called for a transfer of all materials to the Public Works Department and this was done. The supervision of the construction was placed under the Superintendent of Public Works. On April 29 the services of the consulting engineers were also terminated and this work was taken over by the Town Engineering Department. This represented a saving to the Town on the sewer construction cost of approximately \$8,300 in salaries per year and

eliminates all additional engineering costs.

During the year the construction of sewer mains and service connections has been continued with labor supplied by the Works Progress Administration. Construction was completed on Central Street, passing the Town Hall to Taylor Street; Taylor Street and Columbus Avenue, in the Saugus Center section. In Cliftondale, the Lincoln Avenue line was built to Myrtle Street; also, Fairview Avenue was completed to the end of the street. Sewer construction continued and was completed for Ernest Street, Charlotte Road, Trull Circle, and started on Baker Street. There were two sections working until November, when the drop in W. P. A. employment made it necessary to continue work on one section only in Cliftondale.

The number of men employed under the Works Progress Administration in January 1940 was ninety-two, and had dropped to forty in December. This of course decreases the amount of construction. Following is a summary of the W.P.A. sewer construction for 1940, with work being done on ten streets:

	1938	1939	1940	Totals
Main sewer line built (feet)	3631	7567	5356	16,554
Manholes built	24	35	24	83
Service connections (feet)	1335	1041	2742	5,118

Construction was on the following streets: Linwood, Mt. Vernon, Fairview Avenue, Lincoln Avenue, Central, Taylor, Columbus Avenue, Ernest, Charlotte Road, and Trull Circle.

Under the Sewer Commission, the construction amounted to 5885 feet of main sewer line and service

connection, costing the Town, in cash, approximately \$2.60 per linear foot. Work under the W. P. A. is now constructed by men having over two years experience, and is efficiently supervised by a man appointed by the W. P. A. office.

The Sewer Department funds as of December 31, 1940 were as fol-

lows:

P.W.A. Appropriation

Balance on December 31, 1939		\$25,698.39
P. W. A. Grants for 1940		43,150.52
		<hr/>
Expenditures—1940	\$50,593.82	\$68,848.91
Transferred to W.P.A.	14,022.16	
	<hr/>	64,615.98
Balance as of December 31, 1940		<hr/>
		\$ 4,232.93

W.P.A. Appropriation

Balance on December 31, 1939		\$16,614.93
Transferred from P.W.A.		14,022.16
		<hr/>
Expenditures for 1940		\$30,637.09
		28,726.45
		<hr/>
Balance as of December 31, 1940		\$ 1,910.64

In 1940 the Town Meeting transferred the balance of the Sewer Committee funds, in the amount of \$1,447.98 to the Sewer Maintenance Account and \$1,452.02 was appropriated, making a total of \$2,900.00 to maintain and operate the sewer pumping station and care and inspection of the sewer lines. On December 31, 1940 the funds for this department were as follows:

Appropriation and transfer—1940	\$2,900.00
Expended as of December 31, 1940	2,756.58
	<hr/>

Balance to Surplus Fund	\$ 143.42
-------------------------	-----------

This department had been in operation before this appropriation was made and the expenses were charged against the Sewer Construction Funds in the amount of \$2,744.54 making the actual cost for the maintenance of this department \$5,501.12 for the twelve month period.

The Town Meeting having adopted the sewer assessment rates on June 24, 1940, work was started on the assessments, and bills were mailed on July 12, 1940, to three hundred and ninety-five owners of property in the amount of \$48,265.78, and on December 23, 1940 there were billed to forty-nine owners assessments amounting to \$7,477.71, making the total for 1940, \$55,743.49 on four hundred and forty-four properties. On Decem-

ber 31, 1940 there had been paid to the Tax Collector \$9,667.87 in full or apportionment payments on approximately ninety accounts.

The W. P. A. project for which an appropriation, started in 1938, was expended, and a new project with a Federal Government appropriation of \$100,246.00 was started in January 1941.

There are now in operation approximately two hundred service connections for which the town will collect a rental fee for each tenant. The station has been in operation for one year with an average of 348,000 gallons being pumped daily at the present time. This is an increase of about 50,000 gallons per day over the amount in May of 1940. All locations for these connections are inspected by the agent of the Board of Health as to entrance to the plumbing and each department makes a careful check and record of the installations.

It has been necessary to make adjustments to the station equipment and these adjustments will be made by the manufacturers to the satisfaction of the Commissioners.

Respectfully submitted,
 GEORGE H. QUARMBY,
 Chairman.
 EDWARD GIBBS, JR.
 HAROLD P. RICE

Report of the W. P. A. Coordinator

January 17, 1941

Board of Selectmen
Saugus, Mass.

Gentlemen:

As temporary coordinator of the W. P. A., appointed as of January 4, 1941, I submit herewith my report.

A summary of the activities of the W. P. A. in 1940, since it was not under my direction during that year, is necessarily omitted.

I wish, however, to make certain recommendations for the year 1941.

In order to prepare a budget to cover the year 1941, it will be necessary to have the projects proposed for this year drawn up not later than the first week in February in order that the Town's share for each individual project can be figured. This in my opinion is the only way that it will be pos-

sible to plan the 1941 W. P. A. budget. In order to carry on with the money appropriated by the Town in the next Annual Town Meeting, it would then be necessary to hold strictly to these projects, without any additions, unless additional sums of money are appropriated to take care of them.

It should be noted that projects for 1941 should be closely identified with the National Defense program.

I also suggest that the bookkeeping system of the W. P. A. be altered in order to show the cost of each project at all times throughout the year. Under this system each project should be set up for a specific sum for the year, that sum to guide all expenditures.

Respectfully submitted,
ERNEST A. MERRITHEW

Report of the Board of Public Welfare

To the Citizens of the Town of
Saugus

Your Board of Public Welfare herewith submits its annual report for the year ending December 31, 1940.

Temporary Aid Division

The amount appropriated at the Annual Town Meeting in March was \$45,000.00 plus a Relief Loan Balance of \$23.98; refunds amounted to \$223.76 making a total for the year of \$45,247.74.

Our expenditures for the year 1940 were \$36,805.61; \$5,000.00 was transferred to the W. P. A. at a Town Meeting, December 3, 1940 and \$800.00 for the purchase of Cemetery land, leaving a balance of \$2,642.13 which was returned to the Town Treasury.

The total number of families aided in this Division were 165 representing approximately 608 individuals.

Reimbursements from the Commonwealth were \$4112.55, and

from other cities and towns \$4,522.44, from individuals \$397.61, refunded checks \$19.00, making a net cost to the Town in this Department \$27,754.01 for the year.

Hospitalization, medical care and medicine continue to be a large factor in the expense of this Department. This is due to the fact that so many of our citizens are on W. P. A. and their earnings so small, that it is impossible for them to take care of emergency operations or extended illness.

Aid to Dependent Children Division

The appropriation at the Annual Town Meeting for this Division was \$5,750.00 augmented by Relief Loan Balance of \$1,500.00.

Federal Grants to this Division were \$2,581.03, refunds \$155.80, making a total for the year 1940 of \$9,886.83.

The expenditures for the year were \$7,292.93 The sum of \$2,693.90 was returned to revenue.

Reimbursements from the Commonwealth were \$3,969.33. The cost of this Division to the town was nil because the receipts of the Department plus the amount returned to the Treasury was \$913.23 more than the actual appropriation for the year. This can partially be accounted for because of the fact that we received thirteen grants from the Federal Government.

The total number of families aided during the year in this Division were 22 representing 69 persons.

The Aid to Dependent Children administration appropriation was \$450.00, balance for 1939 \$28.10, U. S. Grants \$152.40, making a total of \$630.50. The amount expended was \$521.83, the sum of \$108.67 was returned to the Treasury, net cost to the Town for the year was \$346.33.

Infirmiry Division

The appropriation at the annual Town Meeting was \$4,400.00 augmented by transfers of \$2.93 and \$30.70, refund \$11.90, making a total of \$4,445.53.

The total expenses for the year were \$4,445.53. Receipts from the sale of produce amounted to \$86.00, making a net cost to the Town of \$4,359.53.

During the year there were 13 men and 7 women, inmates of the

Infirmiry, and at the present time there are 12 men and 6 women.

We feel that our Town Infirmiry is in excellent condition, but the State Department is insisting that a sitting room be provided for the women inmates. This can be taken care of by the erection of a closed-in piazza on the north side of the building.

In making the foregoing reports of Temporary Aid, Aid to Dependent Children and Infirmiry, we have endeavored to give a clear and concise account of the business transacted during the year.

We have striven continually to give the best possible service at the least possible expense to the taxpayers. In following a consistent policy a board is apt to be criticized in certain quarters, but we feel that the taxpayers recognize our earnestness to do not only our duty to the applicant but maintain our very real responsibility to the taxpayers.

We wish to take this opportunity to thank all individuals and other charitable organizations of the town for their cooperation and help in the alleviation of Suffering and Want.

Respectfully submitted,

ARTHUR C. DUNK, Chairman
GUSTAVE A. ANDERSON,
Secretary.

ERNEST M. HATCH

Report of the Bureau of Old Age Assistance

To the Citizens of the Town of Saugus:

Your Bureau of Old Age Assistance herewith submits its annual report for the year ending December 31, 1940.

In this Division the amount appropriated at the Annual Town Meeting in March was \$41,000.00. Federal Grants to this Division for the year amounted to \$38,481.66 plus refunds \$1,012.59, making a total of \$80,494.25.

The expenditures in the Division were \$75,082.04 and the sum of

\$5,412.21 was returned to the Town Treasury, receipts of the Department from the Commonwealth and cities and towns were \$27,011.94 making a net cost to the Town of \$8,575.85 for the year.

The number of recipients under Old Age Assistance shows an increase from a year ago, and, as naturally follows, the expense of the Division has been correspondingly higher.

Hospitalization, including nursing home care and burials, has been quite a large item during the

year, and although we are eventually reimbursed in part by the State Department, the initial cost of the above has to be paid out of the current appropriation.

It has been our constant endeavor to serve the Old Age Assistance recipients in the best possible manner, and we have had many evidences of sincere appreciation from the recipients and their friends.

The Old Age Assistance administration appropriation at the Town Meeting was \$1,200.00, augmented by Federal Grants of

\$1294.45, plus a transfer from the Reserve Fund of \$125.00 making a total of \$2,619.45.

The expenditures were \$2,512.54; the sum of \$106.91 was returned to revenue. The net cost of administration for the year was \$1218.09.

Respectfully submitted,

ARTHUR C. DUNK,

Chairman.

GUSTAVE A. ANDERSON,

Secretary.

ERNEST M. HATCH

Report of the Inspector of Plumbing

December 31, 1940

To the Board of Health
Saugus, Massachusetts

Gentlemen:

It is my privilege as Inspector of Plumbing for the Town of Saugus to submit my annual report for the year ending December 31, 1940.

As you gentlemen know, the General Laws state that your plumbing inspector "shall inspect all plumbing in process of construction or repair for which permits have been granted, and shall report to the appointing board violation of any law, ordinance or by-law, rule or regulation, relative to plumbing."

For the past twenty-six months it has been necessary to exercise a close watch over the many new sewer service connections as they have been laid. In this work the clerk of the sewer department has been especially cooperative.

During the year 1940, 382 permits have been issued for plumbing; 1910 inspections have been made on plumbing permits that have been issued. 191 inspections were made relative to overflowing cesspools; 37 locations for cesspools were laid out; 40 locations for septic tanks were laid out; 77 dry wells and filter beds for sewerage disposals from cesspools and septic

tanks were laid out to take care of the overflow. 7 wells for drinking water purposes were also located.

Fees collected and turned over to the Town Treasurer in 1940 amounted to \$405.00.

Comparison of number of permits issued:

1936	101
1937	126
1938	247
1939	246
1940	382

Comparison of attempted violations:

1938	76
1939	42
1940	49

The increase in the number of permits issued may well be attributed to the continued vigilance and inspections by the Plumbing Inspectors department.

Due to the installation of the sewer a new plumbing code has been prepared which should be put into operation during the year 1941.

Recently there has been brought to our attention the serious consequences resulting from faulty or improper installation of illuminating gas services and appliances.

Because of the increase in the number of fatal accidents which have resulted from the above mentioned conditions there is under

consideration a set of regulations which will compel safe and correct installation of such services and appliances.

Citizens of Saugus must realize that all health and sanitary regulations are drawn up and enforced for their own protection.

As Plumbing Inspector, I am always ready and willing to give any information relative to the plumbing laws. It is also my duty to continue to enforce such regulations as have been accepted and approved by local authorities for the betterment of public health and

to overcome some of the conditions in Saugus pertaining to sanitary distribution of water supply and proper facilities for the disposal of human and other wastes.

I wish to extend my appreciation to members of the Board of Health, to various other departments and to residents of Saugus who have cooperated with me in the performance of my duties.

Respectfully submitted,

JOHN V. SPENCER,
Inspector of Plumbing

Report of the Board of Health

To the Citizens of the Town of Saugus:

The Board of Health herewith submits its annual report for the year ending December 31, 1940.

Health conditions in Saugus this past year have on the whole been excellent, with the exception of tuberculosis, consequently the Board's activities have called for a continuation of its careful prevention work in various directions.

There is no question but that the work of the Board in this and other years has contributed to the excellent health record of the community. The main thing is that Saugus has that record, and that it is the duty of the Board to overlook no health menace, actual or potential, which might adversely affect it.

Tuberculosis still remains with us without letup. At the present time we have in Essex Sanatorium, Lakeville State Sanatorium and other Sanatoria 19 patients, with 2 more patients to be hospitalized as soon as room is found for them. There is no question but that we would have a great many more than this if it were not for the constant check kept on arrested cases and also the constant check being made on all contacts by having X-rays and other examinations at specific times.

Diphtheria prevention work has

been curtailed this year due to the Finance Committee's refusal to appropriate sufficient money (\$200.00) to carry on this highly important function.

The Board has been highly commended by the State Department of Public Health for its work done this past year, and they consider us one of the best balanced Boards in the Commonwealth. The Board's personnel consists of a Public Health Nurse, Health and Milk Inspector and a Sanitary and Plumbing Inspector.

The Board of Health this year was confronted with the added duties of Board of Health Agent to the Sewer Department, as required by law. The new sewer system was put into operation in 1940 and many applications were made to connect to it. The duties of this job are very important. When an owner of a house, store or other building files an application with the sewer department, this application is given to the Agent so that the property and its present plumbing can be properly inspected and passed, then the application is returned to the sewer department for their final approval, before being allowed to connect with the sewer system.

A great deal of progress has been made this year in the laying of sewers in precincts 1, 2, and 7.

For years we have advocated the installation of a sewer system in the congested sections of the Town. We have been in conference with the Mass. Department of Public Health many times for approval of projects under W. P. A. setup for the laying of lateral sewers in the congested Cliftondale section. However, the pollution of the Saugus River still continues. Sewage from public buildings is still discharging into it. We trust that this will be remedied this coming year by the connecting of these buildings with the sewer system.

Once again we would like to bring to the attention of the citizens the unsanitary conditions of the toilets in the Town Hall. These toilets are used by citizens and employees alike. We suggest that steps be taken to install proper toilets for men and women in some suitable place at the rear of the first floor of the Town Hall.

The inspection of grocery stores, milk plants, dairies and restau-

rants have been satisfactorily done this year, due to the diligence of the Milk and Health Inspection. Every progressive person realizes that substantial increase in the general consumption of clean, safe foods is one of the most important factors in the promotion of community health. Not one case of communicable disease has been traced to milk or food in the Town of Saugus during 1940.

We are pleased to report that the receipts of the Health Department for the year 1940 were \$4201.68. This money was received for License fees, Permits, Subsidies and Reimbursements. We are returning to the Town Treasurer an unexpended balance of \$102.34.

Respectfully submitted,

DR. JAMES A. CLARK,
Chairman.
MR. RICHARD J. SPENCER,
Secretary.
DR. LEROY C. FURBUSH,
Health Officer.

Report of the Inspector of Animals

Honorable Board of Selectmen,
Saugus, Mass.
Gentlemen:

I hereby submit my annual report for the year ending December 31, 1940.

I have inspected the following number of animals at various times this past year.

Cattle	356
Swine	1263
Goats	24

I have placed in quarantine 105 dogs reported to me as having bitten citizens. I have made 215 inspections of these dogs to observe their condition.

The inspection of cattle has been quite frequent this year due to the requirements of the Mass. Department of Agriculture, Division of

Livestock Disease Control. Eight cows were condemned this year because of tuberculosis.

This winter I have found quite a few cows with Eczema or Itch. These cattle were removed from the rest of the herd and properly treated. The cause was removed in all instances and the quarters cleaned and disinfected.

Many improvements have been made this year in the cattle barns in town. The replacing of new tie-ups planking and installation of better ventilation under my direction, has greatly improved conditions under which these cattle are housed.

Respectfully yours,
CHARLES WILSON,
Animal Inspector.

Report of the Milk and Health Inspector

To the Board of Health
Saugus, Mass.

Gentlemen:

I herewith submit, for your approval, my annual report as Inspector of Food, Milk and Health.

Among the foremost problems of Milk and Food inspection is that of bringing about a more satisfactory milk supply in Saugus.

Milk has been described as man's most nearly perfect food and at the same time, the most dangerous from the standpoint of transmission of disease. This is not to be doubted in view of the mass of evidence incriminating milk as the cause of numerous epidemics. Therefore, the problem is to keep our milk supply free of contamination which might result in outbreaks of disease.

An analysis of milk samples taken during the past year has, with the exception of a few samples, proved that the milk delivered in Saugus is well within the requirements of the law. The few dealers with a high bacteria count have been brought into line and their count is now a great deal lower and within the limit allowed by law.

A large amount of meat, fish and vegetables were condemned as unfit for food by me this past year. In many instances this condemned food was found in restaurants. Sanitary conditions in most establishments are at the present time very good.

The Board of Selectmen have

been of great assistance in withholding victualers licenses until such time as conditions were made clean and sanitary. Clam and lobster plants in town have also been regularly inspected.

Regular inspections of bakeries and soft drink bottling plants have been made and found in good condition.

The large number of trailer and Overnight Cabins in Saugus require frequent inspections. All camps in Saugus are now equipped with hot and cold running water, proper toilet facilities, showers and slop sinks. It can truthfully be stated that as far as the cleanliness of the cabins and sanitation are concerned conditions are very good.

This past year I have investigated many complaints of nuisances in various sections of the Town. The control of nuisances in an up to date Health department is very important work. The sense of smell is one that cannot be ignored. Private dumps have been the cause of as many complaints as any other subject, due particularly to dust, rats, flies and foul odors. In all instances I have notified owners to abate these nuisances and have posted the land prohibiting further dumping.

In closing may I thank you, the Board of Selectmen and the Police Department for the co-operation I have received.

Respectfully yours,

CHARLES WILSON.

Report of the Public Health Nurse

To the Board of Health,
Saugus, Mass.

Gentlemen:

I am pleased to submit my annual report as Public Health Nurse for the year ending December 31, 1940.

Number of home visits	1817
Diseases reported and followed up: New Cases	
Chicken Pox	11
Diphtheria	1
Measles	97
Measles (German)	7
Mumps	38
Pneumonia (Lobar)	15
Scarlet Fever	17
Tuberculosis:	
Pulmonary	7
All Others	2
Whooping Cough	26

The home visits also covered the investigation of old Tubercular cases and their contacts; contacts of Scarlet Fever cases; as well as miscellaneous complaints and inspection of boarding homes for infants.

Deaths from Communicable Diseases:

Whooping Cough (complications)	1
Diphtheria	1

The number of new cases and deaths from tuberculosis continues to fluctuate from year to year as may be expected from such cases.

At the present time we have the

following patients in Sanatoria:	
Essex Sanatorium	17
Lakeville State Sanatorium	1
Veterans Administration	1

Due to the funds received from the sale of Christmas Seals and private organizations of the town, we were able to send seven children to Health Camps who were contacts of tubercular patients.

I have assisted Dr. Leroy Furbush and Dr. James Clark in the inoculation of the pupils in Grade 1 and Kindergarten against Diphtheria.

I feel some plan should be established that more children who are unable to go to their family physician could be protected against Diphtheria.

I have transported the children to and from the Dental Clinic; patients to and from Essex Sanatorium for X-Ray examinations and children to health camps.

I would like at this time to express my appreciation to you Gentlemen of the Board of Health for your encouragement and cooperation, also, to Dr. Arthur Chernoff for reading "Tuberculin Patch Tests" and to all other persons who have assisted me in my work.

Respectfully submitted,

N. JESSIE O'NEIL, R. N.,
Public Health Nurse.

Report of Supervisor of the Dental Clinic

To the Board of Health:

Gentlemen:

I herewith submit my annual report of the Dental Clinic. The Clinic is conducted on Tuesday and Thursday mornings at 9 o'clock throughout the school year.

568 children were treated at the Clinic this year.

370 Dental Certificates were awarded to children who had all their dental work completed.

Total receipts for the year amounted to \$142.00.

Respectfully submitted,

December 26, 1940

DR. ROGER P. BECKMAN

Report of an Audit of the Accounts of The Town of Saugus

For The Period from March 31, 1937 to March 19, 1940

The
Commonwealth of Massachusetts
Dept. of Corporations and Taxation
Division of Accounts
State House, Boston

December 12, 1940

To the Board of Selectmen,
Mr. Edward Gibbs, Jr., Chairman
Saugus, Massachusetts
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Saugus for the period from March 31, 1937 to March 19, 1940, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,
THEODORE N. WADDELL,
Director of Accounts

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations
and Taxation
State House, Boston
Sir:

As directed by you, I have made an audit of the books and accounts of the town of Saugus for the period from March 31, 1937, the date of the previous examination, to March 19, 1940, and submit the following report thereon:

The financial transactions, as recorded on the books of the various departments receiving or disbursing money for the town, were examined and reconciled with the books and records in the office of the accountant and the treasurer.

The books and accounts in the accountant's office were examined and checked in detail. The recorded receipts were compared with the treasurer's books and with the records in the several departments collecting money for the town or responsible for the billing of

charges due the town. The records of disbursements were checked with the treasury warrants, with the payments as shown by the treasurer's books, and with the approved pay-rolls and vouchers on file. The appropriations, transfers, and loans authorized, as entered on the ledgers, were checked with the town clerk's records of town meeting votes and with the finance committee's records of transfers from the reserve fund.

The ledger accounts were analyzed, a trial balance was taken off proving the accounts to be in balance, and a balance sheet showing the financial condition of the town on March 19, 1940, was reported and is appended to this report.

As may be noted from the appended balance sheet, there are outstanding taxes, assessments, and water charges dating back many years. It is recommended that a complete settlement of all outstanding levies prior to 1939 be obtained.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which charges originated or in which money was collected for the town, and with other sources from which money was paid into the town treasury. The disbursements were checked with the selectmen's warrants authorizing the treasurer to pay out town funds and with the accountant's books.

The cash book additions were verified and the cash balance on March 19, 1940, was verified by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

It is recommended that all receipts be promptly entered in the treasurer's cash book, and that discount on loans and state assess-

ments be placed on the treasury warrants.

The payments on account of maturing debt and interest were proved with the amounts falling due during the period covered by the audit and were checked with the cancelled securities and coupons on file. The outstanding coupons on March 19, 1940, were listed and reconciled with the balance in the bond and coupon account as shown by a statement furnished by the bank of deposit.

The books and accounts of the town treasurer, as custodian of the library and cemetery trust funds and as treasurer of the retirement system funds, were examined and checked in detail. The savings bank books and securities representing the investments of the several funds were personally examined, the income was proved, and all transactions were verified and compared with the treasurer's and the accountant's books; and in the case of the retirement system funds, were checked with the records of the Retirement board.

Forms for the recording of the cemetery trust funds were provided for the treasurer's office, and these forms should be written up and used for recording all cemetery trust fund transactions.

The treasurer's records of tax titles held by the town were examined and checked in detail. The taxes transferred to the tax title account were compared with the tax books, the recorded redemptions on account of tax titles were checked to the treasurer's cash book, and the tax titles disclaimed or foreclosed were compared with the recorded affidavits on file. The tax titles held on March 19, 1940, were listed and checked with the records in the Registry of Deeds.

A great deal of the time consumed in making this audit was spent in reconciling the tax title accounts, due to the very large number of tax titles held and the complicated transactions involved. The aggregate of the outstanding tax titles has increased from \$233,460.84 on March 30, 1937, as shown by the previous audit balance sheet, to \$330,791.70 as of March 19, 1940,

as shown by the appended balance sheet.

The tax possessions obtained by foreclosure of tax titles were checked with the records in the Registry of Deeds and with the assessors' records. It was found that a number of possessions foreclosed to the town were still being assessed by the town to prior owners. In some cases these possessions had been later sold by the town, but no record of the new owner was found in the assessors' records.

It is recommended that the treasurer, prior to instituting proceedings toward foreclosure of rights of redemption of tax titles held by the town, notify the collector of the action about to be taken, so that the collector may add any outstanding taxes to the existing tax title account. The assessors should also be promptly notified by the treasurer of all tax title foreclosures, as well as of all sales of tax title possessions, so as to insure the proper assessment of subsequent taxes.

Appended to this report are tables showing a reconciliation of the treasurer's cash, of the bond and coupon account, summaries of the tax title accounts, together with schedules showing the condition and transactions of the trust and retirement funds.

The books and accounts of the tax collector were examined and checked in detail. The taxes and assessments, as well as water charges, outstanding according to the previous examination were audited, and all subsequent commitments of taxes, assessments, and water charges were analyzed and verified.

The collector's cash books were footed, the recorded collections were compared with the payments to the treasurer as shown by the treasurer's and the accountant's books, and the cash balance on March 19, 1940, was verified by actual count. The recorded abatements were checked with the assessors' records of abatements granted on taxes and with the records of the water commissioners

of abatements granted on water charges.

The outstanding taxes, assessments, and water charges were listed and reconciled with the accountant's ledger, and were further verified by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, the replies thereto indicating that the outstanding accounts, as listed, are correct.

Tables showing a reconciliation of the collector's cash and summaries of the tax, assessment, and water accounts are appended to this report.

The financial records of the town clerk were examined and checked in detail. The recorded receipts on account of licenses, permits, recording fees, etc., were examined and checked in detail. The payments to the treasurer were compared with the treasurer's and the accountant's books, and the cash balance was verified by count of the cash in the office.

The records of dog licenses issued on behalf of the county, and of sporting licenses, the receipts of which are paid to the State, were examined, checked, and compared with the amounts due and paid to the town, county, and state.

Summary tables of the town clerk's receipts and proof of the cash balance are appended to this report.

The surety bonds furnished by the town officials required by law to be bonded were examined and found to be in proper form.

The records of accounts receivable of the public welfare department were examined and checked with the records in the treasurer's and the accountant's offices. It is recommended that a determined effort be made to secure settlement of the overdue accounts and that those accounts found to be uncollectible be written off.

The records of departmental cash collections by the sealer of weights and measures, by the building, plumbing and milk inspectors, as well as by the health, school, library, cemetery, and all other departments in which money was collected for the town were examined and checked. The payments to the town treasurer were verified and the cash on hand in the several departments was proved by actual count.

Appended to this report are tables showing the financial transactions of the several departments.

For the cooperation rendered by all town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,
HERMAN B. DINE,
Assistant Director of Accounts

Report of the Superintendent of Schools

To the Honorable School Committee and Citizens of Saugus:

It is both the duty and the privilege of the Superintendent of Schools to submit his eighth annual report for the School Department, the same being the forty-eighth annual report.

THE 1940 BUDGET

At the annual March Town Meeting of 1940 the School Department was voted a general budget of \$225,816.51 and a repair budget of \$5,000.00.

The severity of the winter of 1940 made it necessary for the School Committee to secure a transfer of \$1,000.00 from the re-

serve fund of the Finance Committee for fuel. This amount added to \$225,816.51 made the 1940 general budget a total of \$226,816.51.

Net 1940 Educational Cost

Although \$226,816.51 (General Budget) and \$5,000.00 (Repair Budget), a total of \$231,816.51, was appropriated in 1940 for the expenses of education, this sum does not represent the amount of money expended by the taxpayers of Saugus for education. (School Department expenditures).

The following refunds, as far as can be ascertained at the writing of this report, have been returned to the town treasury during the year 1940:

State reimbursement on account of the employment of teachers:

Chapter 70, Part I, General Laws	\$33,916.88
Tuition from City of Boston (For Boston wards)	244.26
Tuition from Commonwealth of Mass. (For State wards)	1,747.54
Miscellaneous income	58.15
Americanization Class. (State reimbursement)	178.00
	<hr/>
	\$36,144.83

This total sum of \$36,144.83 in various forms of refunds lessens the cost of education to the taxpayers of Saugus by the above amount. We, therefore, subtract this sum of \$36,144.83 from the total amount appropriated (\$231,816.51) in order to determine the actual cost of education to the taxpayers of the town. This cost is \$195,671.68 for the year 1940 and not \$231,816.51 as most people believe.

School Cost Comparisons

The school costs in the Town of Saugus are ridiculously low in comparison with other towns of comparable size in the Commonwealth. There are 83 towns in the Commonwealth of Massachusetts with a population of 5,000 persons or over. In the expenditures of money from all sources for education Saugus stands 81st out of the 83 towns. This is indeed not an enviable position and one of

which the citizens of the town should not be proud. It definitely proves that our town is not making the investment in future citizenship that is being made by many towns of much poorer financial standing.

As further means of comparison I present herewith six tables showing per pupil costs in nine towns of comparable size to Saugus. It is easy to again see that the position of Saugus is not an enviable one.

Table I shows the cost per pupil for school textbooks.

Table II shows the cost per pupil for general control.

Table III shows the cost per pupil for the salaries of Supervisors, Principals and Teachers.

Table IV shows the cost per pupil for the promotion of health.

Table V shows the cost per pupil for the purchase of new equipment.

Table VI shows the cost per pupil for the total support of education.

Establish Industrial Arts Course

In September 1940 the School Committee created the nucleus of an Industrial Arts program for boys. This work is being conducted in the basement of the High School building. The School Committee hired Mr. William Donovan of Leominster as instructor. Mr. Donovan is especially well qualified, being a four year graduate of the State Teachers' College at Fitchburg where he trained in the teaching of Industrial Arts. The size of the present shop, coupled with the fact that only one teacher is available, has limited the number of boys who can take the course.

The course will eventually afford instruction in such subjects as electricity, mechanics, wood-working, etc. with an urgent need for greater variety depending upon future funds.

Such a course fills a long want but it must be remembered that it is only a beginning. Basement area, now used for cloakroom purposes, should be utilized for an expansion of the Industrial Arts program. An expenditure of \$2,500.00 for additional equipment would enable the school authorities to provide a four year course with added subjects of great value to boys. The annual upkeep for supplies, after the initial expenditure, would be about \$500.00. This would insure a real four year Industrial Arts course distinctly worth while. The initial Industrial Arts course

established in September 1940 was created without the addition of another teacher. The resignation of a Commercial teacher was accepted but the Commercial vacancy was not filled. Instead the School Committee engaged the service of Mr. Donovan and established the General Shop. Machines and supplies were purchased out of the supply item in the general budget. While this was desirable it took funds away from this item, and this fact, plus a cut in the 1940 general budget, has left the School Department with virtually an empty supply room to start the year 1941.

The Athletic Program

The Town Meeting of 1940 turned the Stackpole's Field Stadium over to the School Department. The School Department did not seek such action. It came from outside the School Department. With the jurisdiction over the Stadium came an appropriation of \$600.00 to maintain the same. The \$600.00 was, of course insufficient and had to be supplemented by the expenditure of several hundreds of dollars from finances of the Athletic Association. The football gridiron was partially resown and the clubhouse was repainted. I wish to point out that the huge grandstand is sadly in need of paint. If it is not painted soon it will deteriorate rapidly and the town's investment will eventually be lost.

The school authorities hired the gymnasium of the Cliftondale Community House for two afternoons each week during the winter months. This provided intramural basketball for high school girls at no cost to the town. The rental was paid out of funds of the Athletic Association. Miss Geraldine Sullivan, a teacher at the Oaklandvale School, kindly donated her services as coach without financial remuneration.

The 1940 football season was again successful and, as usual, the finances from the same carried the freight for the entire school athletic program.

I personally believe that our football schedules are too tough for a Class C high school. I also

believe that they are not properly balanced.

No real program of physical education can be developed in the senior and junior high school until such time as the school is equipped with a modern gymnasium. A gymnasium is to a school athletic or physical education program as a foundation is to a house. We are attempting, under very difficult conditions, to foster a physical education program for Junior High School boys. The instructor does his level best under the circumstances. In spite of this I doubt very much whether having to work under such difficulties justifies the expenditure of the money.

Our athletic program finished the year 1940 in the black. Even in athletic Marblehead, according to newspaper reports, the athletic program ended \$500.00 in the red. I desire to point out here that the athletic program is now bearing all the financial burden it can carry. Further attempts to saddle more expenditures on its back will cause the whole program to fall of its own weight. There is a limit to the load even a donkey can bear.

Future School Appropriations

For the past six or seven years the School Department has operated its school system on appropriations far below those given communities of comparable size. It has been done cheerfully and willingly. During these years the welfare load has been exceptionally heavy and sacrifices had to be made. In 1940 the sum of approximately \$2700.00 was lopped off a general school budget which had been figured down to a cent. Such action made it extremely difficult for the schools to operate efficiently in the year 1940. I can personally testify that it has been the most difficult year in my eight years as Superintendent of Schools. An insufficient number of new text books were purchased and supplies were virtually at a premium.

In 1941 the welfare load should take a decided drop. Necessary appropriations for welfare purposes should be substantially lower. We

all know why and reasons should not be necessary. In fairness to the School Department, and other departments, which have operated on budgets cut to the bone during the past six or seven years, consideration should be given in 1941 to more adequate appropriations.

No town department is more important. In your schools are trained and developed your future citizens. By and large they will reflect the training they receive. It may seem good economy to shave school costs to the irreducible minimum. Thinking citizens do not subscribe to this formula. Never in the history of this country were schools more important than they are today. They may be the institutions that will eventually save Democracy.

If my mathematics are correct the \$2700 lopped off the 1940 general school budget caused a saving of approximately 17 cents on the 1940 tax rate. It didn't mean that much because the School Committee had to have a transfer of \$1000.00 for fuel. For the sake of argument, however, let us call it 17 cents. That means that the man with a house assessed for \$4000.00 saved 68 cents on his 1940 tax bill. Is there any citizen who wants to save 68 cents a year and deprive his children of things necessary for a decent education?

Recommendations

I make the following recommendations and call them to the attention of the School Committee and of the citizens:

(1) Better classroom facilities and special equipment and supplies for the children in the special classes.

(2) Improvement of the play areas, particularly at the Emerson, Oaklandvale and Sweetser Schools.

(3) The expenditure of approximately \$2500.00 for new equipment in order that the present general shop course in the high school may be made into a four year course.

(4) The appointment of a special teacher to relieve the elementary school principals, thus

giving them an opportunity to more closely supervise the work of the teachers in their building.

(5) The reduction of the number of children in some grades of some of our elementary schools.

County Trade School

The Superintendent of Schools of Essex County urgently recommends the establishment of a trade school in Essex County. The need for such a school is desperately apparent and the costs should be shared by all of the thirty-four towns and cities of the county. Although only 3% of Essex County is agricultural the county supports an agricultural school. It is time that the needs of the other 97% of the county be recognized.

The School Committee and the Superintendent of Schools strongly urge the establishment of an Essex County Trade School.

Schoolhouse Repairs

Some of the more important repairs to the various schoolhouses accomplished during the year 1940 are listed below:

1. New doors — Sweetser School
2. Repairs to chimney — Cliftondale School
3. Interior repainted — Lynnhurst School
4. Repairs and extension to chimney — Armitage School
5. Replacement of water pipe — High School
6. Ceiling repainted — Room #208—High School
7. Interior repainted — Ballard School
8. Removal of cornices — Sweetser School
9. Chimney and roof repairs — Ballard School
10. Chimney repaired — North Saugus School
11. Chimney repaired — Felton School
12. Fire escape stairway (interior) repaired — High School
13. Repair of loose railing of fire escape on roof — High School
14. New exit door and frame — North Saugus School
15. All cornices checked — Roby School

16. All cornices checked —Armitage School
17. Dental Clinic room repainted — Clifftondale School
18. Replaced boiler blow-down pipes — Roby School
19. Fire escape repainted — Roby School
20. Fire escape repainted — Clifftondale School
21. Fire escape repainted — Emerson School
22. Fire escape repainted — Oaklandvale School
23. Loose railings repaired — Central Junior High School
24. All inside metal work repainted — Central Junior High School
25. All outside metal work repainted — Central Junior High School
26. New windows installed — North Saugus School

An adequate schoolhouse repair appropriation is needed for the year 1941.

Scholastic Standing

Scholastically our schools remain at a high standard.

Our High School is rated a Class A high school by the State Department of Education.

We enjoy the privilege of certifying our High School graduates to some fourteen leading colleges which are members of the New England College Entrance Board. This privilege does not expire until 1942. We believe that it will again be renewed at that time.

Our graduates now in institutions of higher learning are all doing a good grade of work. They thus reflect credit upon Saugus High School in which institution they received their preparation.

High School Band

Saugus High School now boasts one of the finest high school bands in the Commonwealth. Band Director Donald Hammond and the band members deserve unlimited credit.

Starting from a nucleus of about twenty members the band now numbers sixty accomplished musicians. They easily outshone any

other high school band seen by Saugus citizens during the 1940 season.

It is the hope of the Superintendent of Schools to see the Saugus High School Band soon comprise one hundred members. It is also my opinion that some help should be given the band from general taxation. The unit has given to the town much desirable advertising. Why shouldn't the town help support the band? It is becoming increasingly difficult to support it by begging and supplication.

School Census

During the year 1940 the school teachers, with but four or five exceptions, volunteered to take the school census. This action saved about \$125.00 for the town. The School Committee does not recommend that the teachers be requested to take the school census again in 1941. They feel that such work is not a part of a teacher's position and certainly not the type of work for which their services are engaged. The School Committee is grateful for the donated services of the vast majority of the teachers in the taking of the school census in 1940.

Department of Guidance

A strong and efficient Department of Guidance is now functioning in the Central Senior and Junior High School. The School Committee has selected Mr. Edward Gibbs, 3rd, a high school teacher with a regular teaching program, to be the head of this department. The purpose of the department is to afford all types of modern guidance to the young men and women of the senior and junior high schools. The service is also intended to aid the youths after graduation from high school. The department will also function as a placement bureau for the securing of positions for graduates.

Guidance is a very important service in a modern school system. Proper guidance can well mean the difference between successful and unsuccessful lives. Under Mr. Gibbs the School Committee is confident that exceptionally fine results will be obtained.

Janitors Pay Adjustment

There are four school janitors whose salaries should be raised in 1941. The present pay of these four employees is absolutely unfair and unjust. These four janitors are full-time employees with the exception of a few extra weeks time off during the summer months. During the winter months their working hours are from approximately 5 A. M. to 5 P. M.

I list them below with their yearly salaries:

Joseph Gamage — Cliftdale School	\$640
Elizabeth Pooler — Lynnhurst School	\$550
Frank Collins — North Saugus School	\$640
Joseph Truesdale — Oaklandvale School	\$715

Sufficient money should be provided in the 1941 general budget to raise each of these faithful school custodians to a salary of \$800 per year. Even this amount is too low considering the efficient service they are giving to the town.

Thanks

May I express the appreciation of the School Committee and the Superintendent of Schools for the cooperation and assistance of many town officials during the year 1940. In turn the School Department has sincerely cooperated with all other town departments. True success can only come through cooperative effort of all town officials and I believe that we had much of such cooperation during the past year.

Conclusion

In conclusion may I express my personal appreciation to the members of the School Committee for their sincere interest in the school system of this community. May I also express my appreciation to the vast majority of teachers whose loyalty and devotion to duty means everything to a school system. The same appreciation is extended to school nurses, custodians and all other employees of the School Department.

And now a word to the teachers. Your biggest and most important obligation is to the boys and girls

of the community. It is a sacred obligation. It is indeed the Holy Grail of your profession. Your obligation is to all children irrespective of race, creed or color. In fact your greatest obligation is to the most lowly. To bring out the best in each child is your not easy task. The blackest face may hold the whitest heart. The brightest flowers are not always those of rarest beauty. Hidden away in the canyon cranny are flowers of delicate hue and rare fragrance. Perhaps hidden away in the wan face and dull mind of a child are qualities of character not readily visible. Your obligation as teachers is to develop the best in all of these children. Upon how well you succeed depends the real measure of your value as a teacher. The rewards of your profession are not material. They are immaterial and therefore that much greater.

Respectfully submitted,

VERNON W. EVANS,
Superintendent of Schools

REPORT OF SCHOOL PHYSICIANS

December 14, 1940

Mr. Vernon W. Evans,
Superintendent of Schools,
Saugus, Mass.

Dear Sir:

I herewith submit my report as School Physician for the year 1940.

The following defects were noted after examination of students of the Senior High School:—

Throat: Moderate—15; Severe—34; Very Severe—28.

Teeth: Moderate—26; Severe—67; Very Severe—51.

Cardiac—1 (moderate).

Feet and Spine—1

Infected Glands—4.

I wish to express appreciation to the School Department, school nurses and school Physicians for their cooperation during the recent Scarlet Fever outbreak at the Ballard School, also the Principal who was most cooperative, such prompt assistance preventing a condition which may have become of most serious proportions.

Respectfully submitted,

JAMES A. CLARK, M. D.

To Mr. Vernon W. Evans,
Superintendent of Schools,
Saugus, Mass.

Dear Sir:

I herewith submit my report as school physician for the year 1940.

The following are the defects found in the students of the Ballard, Emerson and Lynnhurst schools, after examination.

Throat defects	80
Dental	30
Glands	20
Heart	2
Posture	1
Scalp	1
Eyes	1

Many of the children had their tonsils removed during vacation, and I thank the parents for their co-operation.

About twenty-five or more children have been sent to my office for minor ailments or certificates.

Our school nurses are efficient, and co-operative. Willing to help at anytime.

I wish to thank the P. T. A. for the scales they have purchased for the Ballard and Emerson School.

I thank the principals, teachers, and parents for their co-operation.

Respectfully,

MARY M. PENNY, M. D.

December 20th 1940

January 9, 1941

Mr. Vernon W. Evans,
Superintendent of Schools,
Saugus, Mass.

Dear Sir:

I herewith submit my report as School Physician for the year 1940.

There appears to be a marked improvement in the general health of the school children. I feel that this is due to the employment of a second school nurse.

The annual physical examination was done in September and all defects were noted on the physical record card. This was done in less time than usual which is another advantage in having two school nurses.

I am looking forward to an im-

provement in the sanitary conditions at the Sweetser School as soon as it is connected with the common sewer.

Respectfully submitted.

LEROY C. FURBUSH, M. D.

December 31, 1940

Mr. Vernon Evans,
Superintendent of Schools,
Saugus, Mass.

Dear Sir,

Responding to your request, I offer these points in surveying my work as school physician for 1940.

The periodic examinations revealed abnormalities as follows:

Cervical adenopathy	46
Rhinolaryngological disorders	108
Dental disorders	110

A breakdown of these figures in grades shows that the major portion occurred in the first three grades. The junior high school students were remarkably fit. A gratifying improvement in body nutrition was evident in all the schools, no case of malnutrition being noted.

Contagious diseases were at a minimum for which we may thank the zeal of the teachers and nurses for their alertness in excluding the cases of communicable diseases at their onset.

Sanitary conditions have done credit to the janitors, the more so allowing for the equipment at their disposal.

Very truly yours.

J. O. WARD, M. D.

REPORT OF SCHOOL PRINCIPAL

December 31, 1940

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Massachusetts
Dear Mr. Evans:

I herewith submit my sixth annual report as principal of the Saugus High School.

Enrollment

School opened on September 4, 1940, with 972 pupils in the senior high school and 430 pupils in the Central junior high school. The

enrollment was divided as follows:
 Post Graduates—4, Grade 12—
 231, Grade 11—207, Grade 10—
 238, Grade 9—292, Grade 8—300,
 Grade 7—130.

Faculty

Mr. Stephen Lovett, a teacher of several years' experience, was engaged to teach English in grade 8 to take the place of Mrs. Emma Hughes who retired last June after teaching 25 years in the schools of Saugus.

Miss Victoria Borys, one of our commercial teachers, resigned in June to be married. Instead of hiring another commercial teacher Mr. William Donovan, a graduate of Fitchburg Teachers' College, was engaged to teach Industrial Arts.

Miss Frances Page succeeds Miss Rita Lavin as teacher of Latin. Miss Lavin resigned to be married. Miss Page came to us very highly recommended from Foxboro High School.

Miss Evelyn Rodgers a graduate of Saugus High School and Jackson College was engaged to take Miss Ivaloo Small's place as teacher of English.

Mr. Anthony Marandas, a graduate of Holy Cross College, was engaged to succeed Nicholas Morris as teacher of Civics and assistant Football Coach. The middle of November Mr. Belden Bly, Jr. was engaged to succeed Mr. John MacVicar. Mr. Bly is a graduate of Northeastern University and has a Master's degree from Boston University.

Mr. Edward Gibbs, 3rd, took over the duties of Head of the Guidance Department at the opening of school. This position was formerly held by Miss Dorothy Eyre and Miss Rita Lavin.

Department Heads

Commercial Department
 MISS HAZEL MARISON

English Department
 MR. ASHTON DAVIS

Language Department
 MISS BERNICE HAYWARD

Mathematics Department
 MR. ELMER WATSON

Science Department
 MR. JOHN GIFFORD
 Social Studies Department
 MR. WELCOME McCULLOUGH

Guidance Department
 MR. EDWARD GIBBS, 3rd

The following reports have been received from the department heads:

"During the past year we have started two projects which I think will be of great benefit to our commercial students. First, requiring the seniors to work for one week at a time in the principal's office and the guidance office, thus giving them experience in actual office work. Second, allowing the seniors to work as cashiers in the cafeteria, which gives them practical experience in balancing their cash and in using the cash register. By their work in the above two jobs, we are better able to judge the kind of office work they will do later, and the type of work they are best fitted for.

We are trying at all times to improve our standards. I wish that we might say that no one would receive a Commercial Diploma unless he or she attained a "B" average".

"Curriculum revision has held the attention of the English Department during the past year. The majority of our meetings have been devoted to discussions of current trends in the teaching of (1) remedial reading (2) modern literature (3) grammar, and (4) correct usage—items in our courses of study that seemed to require the most urgent consideration.

A careful study of "An Experience Curriculum," the most important work on the English curriculum ever produced by the National Council of Teachers of English, has been made by the department head during the past two years. Several changes have been brought about in our curriculum as a result of this study. Three teachers of the department during the year have been taking university courses that have helped both themselves as individuals and the department in attacking the problem of curriculum building. Miss

Mead took a work-shop course at Harvard during the summer and made a careful study of the newer courses in literature. Mr. Burns is now taking a course in the teaching of English at Boston College, and Mr. Lovett is studying this winter at Boston University.

Miss Stanhope, as chairman of the textbook committee of the Department, has reviewed with her committee the new English books and has submitted comprehensive ratings of each. Examination throughout the year of the dozens of new books by the English faculty members has served a twofold purpose. First, the practice has helped the teachers to see the many possibilities in curriculum planning; secondly, the ratings have been of value to the department head in purchasing new texts.

The innovations of the last year in the English courses of study have been introduced, as you can see, only after a careful study by a well-informed English faculty. Of these innovations, two are sufficiently important to be discussed in this report.

First, we have reorganized some of our literature teaching in the High School. For the non-college pupils we are providing fewer of the older classics, and more of the best modern literature books. We believe that this material is of greater value to these pupils, because it takes into consideration their reading abilities, interests, and life experiences. Recently purchased new texts include *Literature We Like* (ninth grade) with topics according to centers of interest, *Captains Courageous* (tenth grade), and *Adventures in Modern Literature* (twelfth grade) with such authors as Walter K. Edmonds, Sinclair Lewis, H. G. Wells, Arnold Bennett, W. Somerset Maugham, Thomas Mann, Gamaliel Bradford, Paul de Kruif, Alexander Woolcott, and Maxwell Anderson. At the same time we are continuing to offer a few of the older classics, which we feel every high school graduate should have read.

We hope that this program will encourage our students to choose the better literature for their leisure reading, and to read more intelligently as adults.

Secondly, we have prepared a definite program of study of usage forms for the seventh and eighth grades. This program will be extended to the senior high school within the next few weeks. Previously, the teachers have relied principally on the textbook offerings for a selection of items to be studied. The new plan includes a comprehensive list of the minimum essentials of each grade, pre-testing, practice in error recognition and correction, and testing for mastery. Allowance is made for review in the advanced grade. While the teacher is permitted to make use of his own initiative and resourcefulness in much of the content and methods of his courses, he is expected to comply with this new course of study dealing with the minimum essentials of grammar and usage. Through this method we shall be able to standardize our requirement for promotion."

"Although some interesting programs are being carried out in the Modern Language Department, I do not believe that I can go as far as to call them outstanding achievements as yet. I do hope, however, that they will produce fruit in the future.

The third year classes in French meet on the average of once every two weeks during the Activity Period on Thursday. The attendance is voluntary, and it is gratifying to see the attendance keep up to standard week after week. I try to plan varied programs in order to keep up the interest.

Of course, the favorite is a "Sing". By means of my portable victrola and album of folk song records I am able to let them hear the songs as they are really sung in France. A pupil volunteered her services to mimeograph the words of all the French songs so that each pupil has his own copy. Some own their own books. Included in these songs are some popular ones, such as, "L'Homme Volant" (The

Man on the Flying Trapeze) and "Petit M. Echo" (Little Sir Echo). Other meetings we work out crossword puzzles, tell French jokes, and similar diversions. We are planning some "Scenettes" in the future.

After Christmas, Mrs. Kellogg has promised to make us some puppets for a Punch and Judy Show, or "Guignol" as it is called in French. The boys will build the stage and the girls will dress the puppets. Then I hope to stage a few theatrical productions.

The Seniors are contributing to a French page in the "Focus". The articles include essays, jokes, crossword puzzles, proverbs, and the like. This page is very popular with the other French classes. They are proud of it, and especially interested in the ability of the French III classes to express themselves.

Once every term Miss Towle's classes and mine combine for a period of pictures and discussion. We use the Opaque Projector and up till now have presented "Paris" and "Cathedrals of France". We make it informal and invite questions. The classes look forward to it and we find it decidedly worthwhile. We plan in the future to cover such subjects as "Canada", "Chateaux", "Costumes of Provinces", etc. No lesson is assigned that day. It produces a bond of friendliness and unity between the classes studying under different teachers.

In the Latin field a similar program is carried out every term, the pictures in this case dealing with Roman subjects. Miss Page has organized a Latin Club which has proved to be so popular that she has had to form two groups.

These groups are similar to my Senior groups, but embrace all four years. In these meetings she has games, puzzles, and similar amusements.

Whether these projects can be rated as achievements, it is hard to tell, but I can assure you the pupils are finding that French and Latin are very much alive and are really fun when they can use them for their own personal pleasure."

"To date I have held three mathematics department meetings with my own teachers and two with grade teachers. After the holidays, I hope to meet the first and second grade arithmetic teachers.

In my department meetings this fall I have stressed the need for uniformity. As a result we are requiring pupils to hand in neat mathematics papers, we are allowing a reasonable amount of time for make-up work and we are grading test papers uniformly.

I believe that there should be frequent meetings for grade teachers of arithmetic. I believe that the outlines should be revised frequently. These outlines should be more comprehensive than those that are being used at the present time. With these thoughts in mind I have asked the following teachers to head their respective grades in this work of revision: Grade 8—Miss Walton, Grade 7—Miss Nelson, Grade 6—Mrs. Curtis, Grade 5—Miss Nason, Grade 4—Mrs. Beckman, Grade 3—Miss Emery.

There has been renewed activity at this school to help boys prepare for the General Electric Apprentice School Examinations. It is my belief that boys planning to attend this school should pursue at least three years of high school mathematics. We can well afford to spend time with these boys particularly now since so few boys are going on to college. At the present time I am stressing certain types and principles of work considered essential by technical schools. I am making a canvas of all of the boys in the Senior class who plan to take these examinations. It is my opinion that the General Electric Company should not allow boys to take these examinations unless they have the approval of the school.

I believe that Saugus High School can be justly proud of her graduates now enrolled in the Apprentice School. Out of a total enrollment of 200 boys there are at present 29 boys from Saugus High School. These Saugus boys were admitted as follows:

1938—2 (School re-opened)

1939—15

1940—12 (to date)

Only one high school—one of the Lynn High Schools surpasses Saugus High School in the number of boys admitted."

"A few days ago you asked each department head to turn in to you the outstanding achievement in his particular department. Since then I have given it considerable thought and as a department we have discussed it, but not with very satisfactory results. Some things which are outstanding are not of themselves important. For example, getting the Chevrolet chassis up three flights and into Room 311 is certainly an achievement, and from the expressed thoughts of those who see it, apparently outstanding. But this is insignificant in comparison with the fact that we now have this apparatus for experimental work.

One of our teachers has come to the conclusion that his classes have not been what they should be, and he is trying to do something about it. He has brought in from outside ferns, flowering plants, an aquarium, newts, turtles, fish, mosses, stuffed birds and animals. Pupils have made and are making charts, diagrams and pictures for the walls. He has finally decided that his course would be better if he followed the seasons rather than the book and just recently he has collected money in his classes for motion pictures. Altogether I believe this indicates an improvement, an outstanding achievement to the credit of Mr. Evans and the school committee."

"It is difficult to account as definite achievement certain innovations we have tried out during the year for they are still in the development stage.

Early in the year the instructors in my department were asked to emphasize Project Work more than what they had been doing in the past. Through Project Work I have found that we can get more students to participate than by the more formal type of recitation. My own classes in United States

History have done some excellent work for they have been able to tie up the history of the past with that of the present to a very great extent.

We have found it necessary to modify the course in European History because of the constant changes taking place in Europe. These changing events have not only attracted the attention of the students but have equally aroused their interest to the point where they want to get complete information about these events. Consequently it has been necessary to modify the usual procedure and give the students a clear cut development of the historical background of the different European countries. Such terms as socialism, facism, democracy, economic rivalry and nationalism need to be explained.

This approach to the subject has aroused the interest of the student in both the past and present and no doubt will give him a firmer grasp and a clearer understanding of himself, as well as of the world of which he is a part."

"In presenting my first annual report as Director of Guidance at Saugus High School, I should like to observe that whatever progress we are now making is being done on the foundation laid by my two predecessors.

I am endeavoring this year to build up both sides of the Guidance picture—educational *and* vocational. Contact with recent graduates of our school has revealed that many of these people have found employment.

Many who are not employed, I have been able to direct to sources of employment. Interest in this work has been aroused in certain groups and organizations of the townspeople, and I think, we may look in that direction for considerable aid and support.

Among our undergraduates we are endeavoring to seek out the possibilities, propensities and potentialities of every student. It is our desire to place every student on the right track in order that he may achieve a happy niche in

life. This occasions the collection and consideration of much data about the individual as well as personal contacts and interviews in order that no important fact relevant to that individual and his future may be overlooked.

We are obtaining and making available to our student body much occupational and educational information of a very practical sort. In this connection we are introducing as of the first of the year the occupational information of Science Research Associates. Young people cannot be expected to make wise choices in education or occupations without adequate information.

I find it impossible if not unfair to write much in the first person in making this report. The success of a Guidance program rests on the assistance and cooperation of many unselfish persons both within and outside the school system. This is a program which cannot be instituted on a grand scale all at once but which, rather, must grow gradually and surely. I feel that now we have reached a point in our development of Guidance work where the good of such a program is beginning to be felt.

There remains, and always will remain, much work to be done. In another year we plan to introduce courses in Guidance into our school. These courses will furnish the general information which the student needs before he can successfully choose his life's work. Our teachers are serving as advisers, each teacher taking charge of a small group of students. We plan to use this contact with the students to even greater advantage as time goes on. The time spent by many in this work is difficult to measure but all important and is worthy of much commendation.

I feel keenly the responsibilities of the position which I hold in advising young people as to their future. I make grateful acknowledgement to all who in any way help in this Guidance work, for I realize that its success rests on a cooperative, not an individual effort. It is a community service,

and as such enhances the value of this school to the town."

Report of the Director of Instrumental Music

"At the present time, there are 135 pupils studying instrumental music in the Saugus schools. These students range from the second to the twelfth grades. The elementary school students are given lessons on Saturday morning in the High School and the Junior and Senior high school pupils are given lessons during school time. Class, semi-private and private lessons are available for all students. Three of the finest music teachers obtainable comprise our staff of instructors.

Of the 135 pupils studying music in our schools, 55 of them make up the High School band. There is also a Junior band consisting of about 35 members. The Junior band rehearses for one hour on Saturday morning and two 90 minute rehearsals are held for the Senior band weekly, with regular attendance required of all members.

In the Fall, the band attempts to excel in marching and maneuvers at the football games. Later, suitable programs are arranged for school assemblies and Parent-Teacher Association meetings. At least one radio broadcast is planned during the Winter season. The band presents its annual concert in the Spring and attends the Massachusetts Music Festival during the month of May. This year, it is hoped that the band will be able to attend the New England Music Festival which is to be held in Auburn, Maine. During the Summer months, a free course of instruction is given to Junior band members which prepares them so that they may enter the Senior band in the Fall.

Students receive 1½ credits and a band letter each year for band participation providing they have fulfilled the necessary requirements.

During the year, students are selected to represent Saugus at several band clinics. In the Summer, a group of pupils are enrolled

in the Boston University Summer band course, free of charge. Others attend the Massachusetts Festival Association Band Clinic and a group of advanced students are sent to the New England Festival Band.

I would like to thank Mr. Vernon W. Evans, Superintendent of Schools and the School Committee for their cooperation and interest. I would also like to thank you Mr. Pearce, both for the assistance you have given me and also for your many helpful suggestions.

My thanks are also extended to the members of the Band Parents' Club, not only for their financial support but for their untiring interest."

The High School Library

"There can be no complaints of the administration of the library. Books are filed according to the Dewey Decimal System; they are issued efficiently; losses are kept at a minimum. The deficiencies in our library are not due to poor management, but to the lack of equipment, materials, books, and magazines. Our library is woefully inadequate for a large high school. If this were true ten years ago, it is true to a greater degree today, because of the new trends in education. We have a total of 800 books classified as *fiction* and *non-fiction*. Of these books, which are used primarily for book reports in English, only about 100 belong to the school; the other 700 belong to the Public Library. In order to complete our book report requirements for one year, the students, collectively, must take out books and magazines approximately 6,000 times. Our outside reading requirements are not so extensive as in many other high schools, either. It is clear that we do not have enough books for the English reports. Our reference books number 435. These belong to the school. It might seem that 435 reference books are enough. They would be sufficient if they consisted of the right books, but most of them are so old or are on such remote subjects that they are almost valueless.

We are grateful to the library trustees for the loan of these 700 books, which are on our "Home Reading" list. On our part, we have tried at all times to cooperate with them in such matters as the care of the books and the keeping of accurate records. But we need much more than we feel justified in asking of them. They cannot be expected to furnish reference material, magazines, supplies, or even many of the books we need.

Schools in the neighboring cities and towns have much larger libraries than ours. "Library Service for Schools", the manual published by the Massachusetts Department of Education for teacher-librarians, states: "Large and medium-sized high schools should have a full-time librarian, with at least one year of an approved library school and two years of library or school experience." Concerning the number of volumes it says, "Collections of 3,000 to 8,000 books for 500 to 1000 students." It further says, "A well-equipped and commodious library is essential also in a junior high school." We have no library in our junior high school. We should be starting one.

At one time educators thought largely in terms of one textbook to a course. A library was not considered then to be of vital importance to the welfare of the school.

Today, however, in the field of English we have come to believe that we cannot do a satisfactory job without access to a good library. One of our objectives in literature is to acquaint pupils with the classics; a more important objective is to teach pupils to read more widely the better current literature. If we can raise the existing reading interests above the level of the western story, the sex, and the comic magazines and above the sensational "dressed-up" front page news stories, we shall be accomplishing something really worth while. With the shorter working hours of the twentieth century has come more leisure time than ever before, time that can be spent wisely or unwisely in a wholesome manner or

otherwise, profitably to the individual and to the nation or wastefully. A democracy more than any other form of government requires for its very existence *intelligent* readers, who read widely on present-day problems and make up their minds only after they have studied the facts. Many of our children do not find very much good reading matter in their homes. They will get acquainted with it only through the school. We cannot simply *hope* that some day they will seek out the better newspapers, the better magazines, the better book; we must provide them in sufficient quantities in the school to teach the child to read widely and intelligently and to build up interests and habits of reading that will continue with him in adulthood.

This program requires a large school library carefully collected over a period of years.

At present we are greatly handicapped in assignments of research. We have some encyclopedias, but they are inadequate for the solution of many problems of today, which are discussed only in magazines or in the newer books. We should like to teach children to seek to get *the varied opinions of different authors on the same topic*. Our college seniors, especially, should be given practice in preparing bibliographies and in writing research papers, but at present we can do very little of this satisfactorily. Students have to use the Public Library for the comparatively few assignments of this kind that we give. Furthermore, many schools require much more outside reading than we can assign because of the limited facilities of the library. Then, too, the general groups, as well as the college groups, in many schools are reading more widely of the modern literature and are spending less time in the classroom discussion of the so-called classics. Often, all of the pupils in the class read different books around one center of interest or one problem. Several books may be loaned to the class by the library. Pupils, having read the different books simul-

taneously, exchange their ideas in class. We can't even begin to experiment with this method of teaching in Saugus.

It is generally agreed, however, that outside reading should be a pleasant experience to encourage the child to make the reading of worth-while literature a habit. To accomplish this, we should have enough volumes in the library to permit the child to choose books within his field of interest and on his reading level. Now the pupil usually has to be contented with an approved book, whether it is the kind that he will wish to read or not. As a result, the reading experience all too often is unpleasant from the start.

Below is a fragmentary list of needs of the library:

1. 50 book supports (10 for \$1.85). Without supports, books do not remain upright, and get out of condition, necessitating early rebinding.

2. A larger card catalog.

3. A vertical file for pamphlets, clippings, and pictures.

4. Rebinding of 17 books that have been out of circulation for two years. Other books will need to be rebound soon.

5. Subscriptions to the better magazines.

6. Many more books for outside reading in English.

7. Books and materials to be used in guidance.

8. More books that can be used by Social Studies classes.

9. Reference material including:
Readers' Guide for Periodical Literature.

The Industrial Arts Program

"The Saugus High School in keeping with the trend of the times in this highly developed industrial civilization introduced an Industrial Arts program in its curriculum this fall. The term Industrial Arts is used in place of the older term "Manual Training" because shop work at the present is far more mental and social than it has ever been. Our curriculum in Industrial Arts is formulated according to plans that have been nationally tried and approved. In each pupil there is developed skills, understandings, emotional responses, social relations, and appreciation of aesthetic expressions along industrial lines—valuable to all learners regardless of their future occupations.

The Industrial Arts shop in Saugus High School is being organized along modern lines. The shop was started in September with a very small budget to work with. Because of this fact we were able to buy only a few machines

and a limited number of tools. Consequently we are presenting a very limited Industrial Arts program which is chiefly centered around woodworking. There is a small unit course in home mechanics and one in ceramics.

In view of increasing industrial trends and we believe also a genuine need for Industrial Arts in Saugus, we are working on a plan to broaden our shop program next year. This will of course depend upon whether or not we can get additional shop area and additional equipment. This program will include a four year course rotating the students through introductory wood working, introductory metal work, cabinet work, home mechanics, craft work, sheet metal, bench metal, forging and casting. These will be offered during the freshmen and sophomore years. In the junior and senior years pre-vocational courses will be offered in carpentry, advanced cabinet work, pattern making, automobile mechanics, electricity, and machine shop.

The Proposed Industrial Arts Course

Grade 9	Grade 10	Grade 11	Grade 12
English—5	English—5	English—5	English—5
Mathematics—5	Mathematics—5	United States History—5	Vocational Guid. & Sociology—5
Science—5	Science—5	Science—5	Science—5
Shop—2	Shop—4	Shop—4	Shop—8
Mechanical Drawing—3	Mechanical Drawing—3	Mechanical Drawing—3	Mechanical Drawing—3

Recommendations

(1) Reconstruction of the assembly hall stage to meet the State Fire Marshal's regulations so that scenery can be used for dramatic performances.

(2) Provision for new wash-room facilities in the high school.

(3) Panel the lower part of the walls in the corridors.

(4) Placing of gates in the corridors to shut off the assembly hall from the rest of the school.

(5) Placing of bulletin boards in each class room.

(6) Provision of electrical outlets in each class room.

(7) Provision of a late bus so that it will be possible to detain pupils from outlying sections when such action seems advisable.

(8) Hiring of an assistant secretary for the office.

(9) Transferring pupils from three eighth grade rooms to the Sweetser School to help relieve congestion in the Central Junior High School.

Awards

At the Commencement exercises in June the following scholarships and loans were awarded to seniors with high scholastic standing.

Clarice Roy, \$100, the Riverside Club; Jeanne Anderson, \$100, the Women's Civic League; Jeanne Anderson, \$100, the Saugus Teachers' Association; Audrey Hiseler, \$100, the Central Junior and Senior High School Parent-Teachers Association.

The Harvard Club of Lynn book award made annually to the most outstanding junior boy was presented to Adam Wesolowski. The Washington and Franklin United States History Medal was presented to Adam Wesolowski. The Rensselaer Medal for excellence in science and mathematics was presented to George Pitman.

In conclusion I wish to thank you, Mr. Evans, and the members of the School Committee, for your helpful advice and encouragement.

JOHN A. W. PEARCE
Principal.

REPORT OF ART SUPERVISOR

558 Lincoln Avenue,
Saugus, Massachusetts
December 19, 1940

Mr. Vernon W. Evans,
Superintendent of Schools,
Saugus, Massachusetts

Dear Sir:

It is with pleasure that I present this yearly report to the School Department of Saugus:—

In 1821 William Bentley Fowle "desired to have drawing taught in the common schools to assist the pupils when studying geography and geometry." Ever since that date it has been realized, especially in the state of Massachusetts, that not only drawing, but the study of art is conducive to aesthetic, economic and emotional satisfaction.

Art is interwoven with life at every turn in industry, in school, in community, and in home life. It is with preparation for better fitting into this pattern that art becomes a guide and handmaid. Through creativeness and art appreciation, an art consciousness may be established that will function in everyday living.

My teaching schedule remains as of last year. Two days each week are spent with Junior High School classes and one day with the Senior High School groups. Special emphasis is made upon correlation with High School subject matter and activities. The remaining time is divided between the fifty-one grade classes through-

out the town. This allows me opportunity to visit each grade class but once a month for teaching, assistance and guidance. The monthly outlines provide material and suggestions for each grade teacher in accomplishing art instruction between my visits to each building.

Various poster contests are conducted throughout the year. I greatly appreciate local organizations presenting opportunity for competitive work.

I feel that more time and necessary materials would be advantageous for pupils of the Opportunity groups. It is in these classes that hand work is of great importance. The willing spirit of such students and their desire to accomplish to the limit of their capacities should be recognized and fully developed.

The seating arrangement in the art room is not adequate for high school pupils as the desks are suitable only for junior high school pupils. It is difficult to use a junior high school home room for an art room.

I wish to express my appreciation to the principals and teachers, in the grades, who have assisted in the work of the Art Department this past year. To the school custodians who lend a helping hand, I am grateful. To the School Committee, to Mr. Evans, Mr. Pearce, and Mr. Young I am appreciative of your interest and support.

Respectfully,
ANSTRICE CARTER KELLOGG,
Art Supervisor.

REPORT OF MUSIC SUPERVISOR

December 18, 1940

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Massachusetts

Dear Sir:

It is a pleasure to submit this yearly report of the Music Department of the public schools of Saugus.

A visit is made to each grade monthly. Outlines of the work to

be covered are given to each teacher at which time the work is presented by me.

Junior High School classes receive weekly instruction. The Glee Club at the Senior High School meets each week, and has made favorable public appearances.

Due to the insufficient number of stringed instrument players, there is no orchestra.

The fundamental aims in music education are to cause children to learn to sing, to play, and to listen, so that they will come to love and understand good music so genuinely that their school-day enthusiasm for it will continue long after they leave school, and so that all their lives they will derive deep satisfaction from their contacts with the art.

My appreciation is extended to each principal and teacher in the grades, to Mr. Pearce and Mr. Young in the High School, to you Mr. Evans, and to the School Committee for continued interest which contributes to the furthering of work in the Music Department of our town.

Respectfully submitted,

C. ELIZABETH GOSS,
Supervisor of Music.

REPORT OF SCHOOL NURSE AND ATTENDANCE OFFICER

December 1940

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Massachusetts

Dear Sir:

I herewith submit my report for the year 1940.

During the year some radical changes have been made dividing the work between Miss Priest and myself. I was assigned the following schools: High School, Central Junior High School, Cliftondale School, North Saugus School and Lynnhurst school. In addition I was assigned the duties of attendance officer in the above schools, which has resulted in many extra hours spent in social welfare work.

Practically all of the truancy

exists among pupils of the higher grades and as the greater part of my duties require my attendance in these grades I feel I have met with some success.

A new innovation this year was the audiometer testing. This machine was obtained from the State Department of Public Health and grades 4 to 12 were completed. This is a test to establish hearing defects among the pupils and has already resulted in many benefits. I have notified the parents of children with a hearing loss and their cooperation corrected many problems relating to the hearing. 2386 children were tested. 726 were re-tested and 214 were found to have a hearing loss. In order to obtain the desired results all these children should be referred either to their family physician or a clinic.

We are still showing an improvement in T. B. testing. A gain of 3% was made over last year. In 1938 the percent was 58.9%. In 1939 it was 73.3% and in 1940 it was 76.3%. No new cases were found.

Usual routine work was carried out in the schools. While an itemized report is impractical the following is a list of the work done:

20 children have appointments at the Lynn Hospital to have their tonsils removed during the next few months. This was made possible by the Oliver Trust fund.

Dental Clinic is held every Tuesday and Thursday. A complete report will be found in Dr. Beckman's report.

Pre-School Clinics were held in May for children entering school in September. 43 children attended.

I assisted Dr. Furbush, Dr. Penny, Dr. Ward and Dr. Clark with the physical examination of all pupils during September and October. All defects will be followed up during the school year.

Each child has a physical record card, as required by the State and these cards are used to show the physical condition of the children during the entire school career.

It is also necessary during school hours to transport children to vari-

ous clinics. I have made 31 trips. These clinics are held in Lynn, Middleton, Beverly, Boston and Salem.

440 home visits were made. 140 of these were truancy.

I should also mention at this time the kindness of the Parent Teachers' Association, the American Legion Auxiliary, the Police Department, the Junior Civic League, the Women's Club of Lynnhurst and other kind-hearted citizens of the town in furnishing glasses, shoes, milk, and money for tonsil operations so as to enable the children to attend school.

In closing, I wish to express my appreciation to you, Mr Evans, the School Committee, the School physicians, teachers, and parents for the encouragement and co-operation I have received.

Respectfully submitted,

Anne Cheney Prendergast, R. N.
School Nurse and Attendance
Officer.

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Mass.

Dear Mr. Evans:

I submit my first report as nurse of the following schools from March 4, 1940:

Ballard
Emerson
Sweetser
Felton
Armitage
Roby
Old Roby
Oaklandvale

It is possible in many school subjects to outline specifically the work of the various grades. In Arithmetic plans may be made in each grade to cover so many pages of textbook and to gain a certain skill in handling particular combinations, and so definite work may be accomplished.

Health Teaching is quite different. The essential thing in health is the establishment and practice of health habits until they become automatic. Children vary greatly in different schools. It seems wisest to recommend a general attack for

the establishment of all the fundamental health habits at the very beginning of the child's school career, and to continue the attack from different angles until they have been made automatic.

I examine all children in my schools once every three weeks. In the event of any contagious disease that class is checked every day for the required time. Daily classroom inspection is carried on by the teachers.

I have distributed health material throughout the school, such as health posters, puzzles, milk songs, and dental health charts, and feel that it is a splendid opportunity to impress ideas of health by correlating the work with other subjects of the school curriculum. The subject matter of the three R's can often be illuminated with health material.

Our Pre School clinics were held during May. Seventy-two children were examined by local physicians.

I assisted Drs. Furbush, Ward, and Penny with physical examinations of all children during September. Home calls are made in cases of physical defects. They are followed up and many corrected during the school year.

We are fortunate in having the Oliver Trust Fund in East Saugus where twenty-one children have been examined at the Lynn Hospital, and are booked for Tonsillectomies before the end of the school year.

The normal functioning of eyes and ears of our school children are most important, as they are two of the most important sense organs involved in the learning process, and defects in these organs are likely to have a far reaching effect on the general health of the school child.

EYE Examinations have been conducted and glasses prescribed for those having defective vision.

The Audiometer, an accurate way of measuring hearing, was introduced into the Saugus Schools during the month of October. All children from the fourth grade and above were examined. Ear defects

are being followed and corrected.

I would like to take this opportunity to thank the Parent Teachers' Association for obtaining scales for the various schools. This is an excellent health project, as it will not only enable me to do the routine weighing and measuring which is twice a year, October and May, but will also afford an excellent monthly check on all underweight children. Mid morning luncheons are recommended for all underweights. The weight report will be sent to the parents monthly for follow-up, thus securing complete cooperation.

Since November 7th I have been in attendance at the Dental Clinic every Thursday.

We must continue to expose our school children to definite health influences with specific results in mind, hoping that they will catch the right kind of contagion of spirit and break out with enthusiastic health.

I wish to thank you, Mr. Evans, and all others who have contributed to the success of my health program.

Sincerely,
PRUDENCE IRENE PRIEST,
R. N.

Mr. Vernon Evans
Superintendent of Schools
Saugus, Mass.

Dear Mr. Evans:

I submit my report as attendance officer from April 1, 1940.

The attendance in my schools has been very good.

I have had a few cases where on home visits I found absence necessary. All other cases have been properly taken care of.

Sincerely,
PRUDENCE I. PRIEST, R. N.

REPORT OF SUPERVISOR OF PHYSICAL EDUCATION

Mr. Vernon W. Evans,
Superintendent of Schools,
Saugus, Massachusetts.

Dear Sir:

I submit the yearly report of Physical Education in the Ele-

mentary Schools of Saugus.

A visit is made to each school every two weeks. Outlines of the work to be covered are given all teachers the first of each month, at which time the work is presented by me.

Activities which have the greatest natural appeal for children of a given age are chosen as far as possible.

In the lower grades the work is very informal in character, consisting of rhythm training, singing games, action stories, marching, folk dancing and games. Singing games and action stories appeal very strongly to little children, because they gratify the inherent desire for muscular activity, and offer an opportunity for a bit of play acting. They are interested in the interpretation of the activity suggested by the story or song. The small child likes "to act" to imitate and express his emotions in the form of physical movements.

In the upper grades the work is more formal and gymnastic work is carried on more extensively. This group includes marching tactics, which arouse and hold attention, promote quick thinking and prompt action. Free standing exercises consisting of leg and arm movements, upper and lower back stretching; trunk exercises; balance; abdominal, back and shoulder blade; jumping and breathing; drill with hand apparatus and games. The gymnastic game is a social, joyful, and lively competition, in which work is paired with delight, and earnestness with merriment. It is a promoter of righteous and honest thinking and acting, for the participants of an interesting game will insist upon fair and honest playing.

The dances and marching drills included in the Roby and Felton School Operettas were directed by me.

I also assisted the school nurses with the audiometer tests of the children in October.

I wish to take this opportunity to thank the Parent Teacher Associations of the Ballard, Felton,

and Armitage Schools for providing volley balls and nets and soccer balls. In the spring a volleyball tournament has been planned for the fifth and sixth grades.

For the assistance which the principals and grade teachers have so willingly offered, the interest of the School Committee, and the encouragement from you, Mr. Evans, I am most appreciative.

Respectfully submitted,

CATHERINE R. GRIFFIN,
Supervisor of Physical Education

REPORT OF SPECIAL CLASSES

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Massachusetts

Dear Mr. Evans:

I herewith submit my annual report of the Special Classes.

Last year thirty-four children were enrolled in the two classes. When they enter at the age of ten or twelve years they are three or more years retarded and doing primary grade work. A few are on kindergarten rating and one or two even below that level.

Many remain in the same class five or six years before leaving at the age of sixteen. It takes several years before much progress as a class, is shown. This year tangible evidence of steady improvement in reading was given in the form of reading certificates, which were awarded to sixteen pupils.

Each child, with the very kind and understanding help of the librarians, selected books suitable to his own reading level. Thus, we had two 4th, seven 5th, four 6th and three 7th grade reading certificates. Fourteen of these were received by the pupils who had each read five books and the

other two were honor certificates received by a boy and a girl who had each read twenty books. The honor certificates were for grades five and six.

Progress is ordinarily very slow, but we had one unusual case where a child had been very much neglected in a foster home before moving to Saugus. He entered the Special Class here a little over a year ago, nearly thirteen years of age, unable to read or write, and definitely anti-social. As his general physical condition improved in his new environment, he began to take an interest in school, and has progressed amazingly. He is now doing good fourth grade work.

Two other boys, a little younger than he, entered at the same time, doing third grade arithmetic and fourth grade reading and spelling. They are restless and inattentive and there has been no appreciable gain since they entered.

The first boy mentioned has a more retentive memory and is able to concentrate better than the latter two.

Another pupil who will be fifteen years old next April showed promise as a band student and is now enrolled in the Junior Band under the supervision of Mr. Hammond. He has a new cornet and is progressing very satisfactorily. He came to us from a fourth grade two years ago and was one of the pupils who received a 7th grade reading certificate last June.

Our handwork consists mostly of chair caning and poster painting. The boys caned and refinished about 75 chairs and won two first prizes, one second prize and a third prize in the Animal Poster Contest.

Respectfully submitted,

MARY P. MULLINS

Net Income for Year		\$1,404.34

** The balance in the Athletic Account has to take care of the purchase of football equipment, reconditioning of the same, and all other costs necessary to start the 1941 season. It also has to take care of the entire cost of baseball in 1941. It also has to take care of the entire cost of basketball in 1941. The above is true since no new revenues come into the Athletic Account until September 1941.
